Guess who won?

Election Results

By Candy LaBombard
Archway Staff Writer

Executive Council elections for the Senate were completed Thursday afternoon. The four candidates who had officially declared their candidacy won by a landslide, although several write-in candidates did collect a number of votes.

For the office of Senate President, Paul D'Adamo received 395 votes. Scott Ireland was the next closest, having received 30 write-in votes. Paul will be replacing John "Austin" Healy as President.

Anne Northup, who was elected on January 30 to fill the vacant Vice-Presidential seat, was re-elected to the position with 335 votes. Matt Haler, who campaigned in Ireland as a write-in candidate, received 40 votes.

Cathy Anderson will be replaced as Senate treasurer by Frank Masotta, who received 339 votes. Bob Calo received the largest number of votes of any write-in candidates, collecting a total of 50.

Cathy Kirk was elected Senate for the treasurer position, but none received more than one or two votes

except for Carol Oliver with 10. Cathy will be replacing Sharon McGarry.

Altogether approximately 425 students, out of Bryant's 2700 day students, cast their votes. This is a small showing compared to last year's elections, the chief reason being the lack of competition for the positions.

A referendum vote on whether to increase the student activity fee by five dollars was passed 201-184. This increase will give the Senate more funds to work with or budgeting for student activities.

Board Increase Heading for Saga?

By Mary Morgado
Archway Staff Writer

"Why should SAGA get more money for the food they serve?" "Why should Bryant raise room and board, when we are not getting anything more?"

Negotiations with SAGA Food Service will begin Tuesday, March 4, and are expected to be completed within the month. SAGA will only receive part of each \$100 increase. The other portion will go to running Bryant's Dining Services.

The budget for Dining Services is comprised of utility and labor costs, as well as its share of Bryant's debt. Based on probable increases in utilities and labor, and an expected

settlement with SAGA, it was decided that the least expensive way to balance Bryant's books would be to make an overall 6.46% increase in Bryant's tuition and fees.

It has been the goal of Alton Mott, acting Vice-President of Business Affairs, to find the least expensive way to run Bryant. For the past four years this has meant keeping the school's total fees below those of Bryant's five major competitors. Despite inflation and other rising costs, Bryant has tried to keep its fees as low as possible. This was taken into consideration when the board increase was decided upon and will also be considered in the upcoming contract negotiations with SAGA.

U.S. Hockey Wins Gold Medal

By Bob Daigle
Archway Staff

The U.S. Hockey team gave a dazzling series of performances which ultimately led to the gold medal. In completing a seven game undefeated trip (6-0-1) through the Olympic Tournament, the Americans duplicated the feat accomplished by the similarly underdog U.S. team at Squaw Valley, Calif. in 1960. This was coincidentally, the last time the Olympics were held in the United States.

The First in their string of crucial victories was against the Czechs, in which they romped to a 7-3 victory. The second and perhaps most impressive win was on Friday, Feb. 22, against the Russians. The United States squad upset the Russians 4-3 to move into the finals. Going into the second period the U.S. trailed 3-2. They rallied in the third behind some very strong checking. At 8:39 of the third period Mark Johnson slipped one by the Russian Goalie to tie the score at 3-3. Less than two minutes later team captain Mike Eruzione shot a 30-foot slap shot, scoring what proved to be the winning goal.

On Sunday the U.S. beat Finland in the Final Round, capturing the gold medal. The Americans came out sluggish against the Finns, trailing 2-1 going into the third period. The U.S. then scored at 2:25 of the third to tie the score at 2-2. The final goal came less than four minutes later as Mark Johnson scrapped a puck from behind the Finnish goal and centered it to McClanahan who was able to put the puck in the net scoring the game winner.

The U.S. Hockey gold medal was the only gold for the U.S. in the Games besides the five earned by speed skater Eric Heiden. The final tally showed the USSR with ten gold, six silver and six bronze medals for a total of 22. East Germany had nine gold, and seven each of silver and bronze; 23 medals in all. The U.S. managed only twelve medals, winning six gold, four silver and two bronze.

MAC Contractor Selected

by Elly Pappas
Archway Staff Writer

Bryant College has selected J.L. Marshall and Sons, Incorporated, as the contractor for the construction of the Multipurpose Activities Center (MAC). Mr. Brian Britton, Project Manager at Bryant, explained that bidding for the contract was not open to the general construction industry, but only to selected contractors.

Mr. Britton, along with Mr. William Maillete, Physical Plant Director at Bryant, and Mr. Alton Mott, Acting Vice President of Business Affairs, developed a list of selected contractors that they felt were qualified for the project and presented the names to Dr. O'Hara for approval. Records from the past of contractors, knowledge gained through architects, and other

sources aided the group in selecting the contractors invited to place bids. Before being invited to bid the builders, which were all from RI, were screened and interviewed to see if they had the proper qualifications and time needed to construct the Center.

Out of the ten invited contractors, seven submitted bids. J.L. Marshall, the lowest bidder, was awarded the contract. The corporation's estimate of costs was \$1,584,175. There was a substantial dollar difference of \$20,000 between the winning bid and the next lowest.

President O'Hara sent out a letter of intent to the winning contractor on February 25. Although the official groundbreaking for the Multipurpose Activity Center is March 20, construction will begin immediately. Britton hopes the new building will be completed some time in December of 1980.

Billy Martin, the controversial and former manager of the New York Yankees, is back in baseball. Last week Martin signed a contract as manager of the Oakland Athletics for the next two years. This will be Martin's fifth managerial job in baseball, as he has previously been the manager for the Twins, Tigers, Rangers and Yankees. Baseball fans haven't heard the last of Billy Martin yet.

A group of 15 students from colleges and universities around Rhode Island are organizing themselves to fight the bill that would raise the legal drinking in RI to 20. The schools among those represented include Bryant, Brown University, Providence College, Rhode Island Junior College, and Roger Williams College.

The students are proposing a split drinking age which would preserve the 18-year-old limit for restaurants, lounges, and pubs, but it would raise to 20 the age for purchasing liquor in a package store.

The students feel an increase in the legal drinking age is inevitable and so they are organizing themselves and others in order to

have a say in the matter and to express their opinion on a bill which is going to directly affect them.

Today is day 118 for the American hostages in Iran. According to the United Nations' Secretary General Kurt Waldheim, a five-member U.N. Commission is in Iran to "undertake a fact-finding mission to hear Iran's grievances and to allow for an early solution of the crisis between U.S. and Iran." Progress is already being made in reaching an end to the hostage crisis. It is not known exactly when the hostages will be released, but the commission is trying its best to see that their release comes as soon as possible.

After nine days of being deluged by torrential rains and several earthquakes, Southern California has begun a massive clean-up campaign. Major flooding and numerous mudslides have left 26 persons dead and an estimated \$500 million in damages in California. The U.S. Army Corps of Engineers is on the scene and is assisting residents in the clean-up operation which will take quite some time before any normalcy can be restored.

THE OPINIONS

FROM THE EDITOR'S DESK....

I'd like to write about student apathy, but (YAWN) ask me if I care.

Are people really apathetic? Is apathy a disease, or just a state of mind. People are as apathetic as they make up their minds to be. It was so much better in the old days (actually only about ten years ago). People had causes to fight for and they fought for them with fervent frenzy. Are those days gone from Bryant forever? Probably not.

As a glance through the exchange papers that we get from other college newspapers show, it seems that controversy is breaking out all over the place, at Bridgewater State College, the Student Congress actually went to court to defend a student who was "unjustly" thrown out of a college housing. At both Rhode Island College and the University of Alaska/Fairbanks, the school newspapers have successfully fought efforts to disband them and form other papers. I could cite other examples of controversy from still other papers-controversy is not dead at America's colleges.

I wonder what the editors of these publications think when they read THE ARCHWAY. What they might see are students who are too "busy" to involve themselves. (Why does it seem that nearly everyone I know have at least six tests, a term paper, and a class project to do in the next week-naturally they cannot get involved!) They see a newspaper that had to go biweekly just to entice a few people into its office; and they see a Student Senate whos officers are "nominated" and not appointed.

Iran and Afganistan have done little to arouse Bryant Students (unless you want to count last semester's "Ayatollah burnings.") The fact that we might be on the brink of war, and that half the student body will probably lose their privilege to drink seems just to wash over most Bryantonians. "I shall think of it tomorrow," is a common lament, "I have an accounting test today." Tomorrow is too late.

Senate Prez Speaks Out

To The Student Population of Bryant College

I would like to explain some of the history of the Student Senate elections and my feelings on this year's candidates for Executive Council from a Senate President's standpoint.

Two years ago a situation similar to this year's one candidate for one position developed. The President's and Treasurer's position both sponsored one candidate and the Secretary's spot had no candidate on paper.

I, as a student, was not happy with the position the Senate was in. I decided to run as a write-in for Treasurer. My philosophy was simple. I wanted to win; but more so, I was not going to let someone run unopposed and not give the students a choice. I ran as a write-in and lost by about 20 votes. What irritated me was that the President still ran unopposed, and the Secretary spot was filled with just about the one and only write-in candidate.

I blamed the Senate for not advertising the election and dates. I made it clear that I would run for

Senate as a Senator and if elected, would change the election system. I was elected and did run elections. That thought, elections and advertising them, has been picked up by Dottie Pope, Senate Elections Chairperson, who has done a fine job.

Last year was the ultimate election--The Ticket vs The Student's Voice. Election campaigning was hot and heavy. We had t-shirts, buttons, table top advertisements, dittos, handouts, and radio and newspaper statements were all used. People know who was running. The candidates went to clubs and organizations meetings and visited suites and townhouses and talked to anyone and everyone. It was indeed exciting for the college, but really for those directly involved with Senate activities.

The final outcome with almost 40 percent of the student population voting, favored the Ticket. This year The Ticket and the Senate have worked hard, very hard. The Senate is now a respected part of this college.

The 79-80 Student Senate is a tough act to follow, and people involved in Senate activities know

Letter Policy

We welcome your letters on matters that concern the Bryant Community. The few simple rules to follow about Letters To The Editor are: 1. They must be signed (with Phone No. or Box No. for verification). 2. They must be legible (not necessarily typewritten). 3. And they cannot be termed, in our judgement, libelous, obscene, or in poor taste. **Happy Writing!**

this. They also know the four most qualified people are Paul D'Adamo for President; Anne Northup for Vice-President; Frank Massotta for Treasurer and Kathy Kirk for Secretary. This could possibly be the reason why no one in the Senate chose to run against them.

Next year the competition will probably be fierce again. Anne and Paul will both be Seniors, along with some present cracker-jack Sophomore and Freshman Senators, running for office. The old Ticket and Student's Voice will probably evolve again. You will see great signs in the Rotunda, t-shirts, buttons, advertisements, and all the rest a good election brings.

Sincerely,
John V. Healy
Student Senate President

Dorm 7 Wants 13's Heat

Dear Editor:

This is regard to February 22's editorial on "Energy Waste". As Dorm 13 is sweating to death and running around with their skivvies, the Pit of Dorm 7 would like to borrow their winter wardrobe. We

are literally living in a freezer and have all suffered the flu as a result of this. Walking around with quilts, double sweaters, a couple of slippers, and mittens has become routine to us.

Maintenance have been bothered

by us every day since school started because of the cool air that comes out of the vents. Dorm 13 may be getting more than their money's worth having heat, but we are paying a considerable amount for room and board not getting what we rightfully deserve. We strongly encourage that something must be done to regulate the heat throughout the dorms because money on oil is being wasted where there is too much heat. We have conversed with maintenance, security, and student affairs but *nothing* has successfully been done.

We ask-no, we plead-to have something done about the heat in the Pit as soon as possible.

If you have an excess amount of heat, Dorm 13, please blow it our way! We are seriously freezing down here.

Signed,
The irate (and cold) students in the Pit of Dorm 7

Drinking Age Petition

A petition opposed to the raising age will be available for signing at the Senate Office today through Monday. The petition was originated by the Citizen's Voice Coalition of Rhode Island, headed by State Senator Edmund R. Berardinelli.

The petition reads: "Korean War engaged 5.7 million service men. Fifty-four thousand servicemen died. Let the eighteen year olds enjoy freedom of choice."

Students may sign the petition in the Senate Office, and copies will be available to circulate and return.

Frank Masotta hopes to deliver

the completed petitions at a press conference Tuesday morning, sponsored by the Committee on Responsible Drinking. Mr. Masotta encourages students to attend the press conference, which will be held March 4 at 9:30 a.m., in the Crystal Room of Brown's Alumni Hall, 180 Meeting St., Providence.

Masotta has invited students interested in working with the Committee on Responsible Drinking to contact him at Box 2568, or by phone at 232-0373.

Student Assistant Program

ARE YOU??? Assertive, enthusiastic, helpful, personable, confident, out-going, informed, or dedicated?

If so, the Counseling Center is proud to announce the Student Assistant Program. Student Assistants' office is located in the Counseling Center. The group's goal is to offer the student body programs that will enhance and compliment the education received in the classroom. The program has concentration in three major areas: Public Relations, Specialized Skills and Learning Skills.

Public Relations team is responsible for dealing with the various college offices and departments; i.e., academic as well as student affairs. We act as liasons between the administration and students as well as organizing recruitment programs, open houses at the Counseling Center and surveys dealing with student activities. We will be working closely with the students, as well as

advertising in the Archway, W.J.M.F. and by special bulletins.

Specialized Skills team deals with topics concerning substance abuse, (Alcohol and Drug), referral, and sexuality concerns, i.e., birth control. This group focuses on issues dealing with student needs. The team will also run workshops of interest in a wide range of topics.

Learning Skills team deals with the tutorial needs of the students and faculty referrals. They will hold workshops in areas such as: Time Management, Relaxation Training, Stress, Test Anxiety and other related skills.

If you have any of the above qualities, then YOU can become a Student Assistant. Applications are available at the Counseling Center. Help the school as well as yourself and apply now. International Management Seminar course will be offered in the Summer Inter-session of 1980.

Course Description: "This seminar is based on direct observation and analysis of business and managerial practices abroad. This week's question: What do you think about only one candidate running for each office in the Senate?

Jeff Casey: "I don't care. I just want to get pledging over with."

Joe Aprace: "It's ridiculous. There should be more competition."

Pam Malon: "Well, it doesn't give us much selection."

Steve Maurer: "I think it will make the debates easy."

Michael Napoitano: "It takes a lot of time to be in an office position, and people don't have it. You can't do anything about it."

Max Taylor: "It certainly limits our freedom of choice. I think that more of the student body should get involved, and we should take a more active role in the student government."

Jeff Adam: "Who—the—what—the?"

Ronald Renaud: These candidates running will do an excellent job."

DJ of the Week

Michael Neiss

This week, WJMF honors Michael Neiss as its Disc Jockey of the week. Mike, originally from Nanuet, New York, is a freshman marketing major who came to WJMF last September. He likes the sounds of Pink Floyd, the Moody Blues, and Bob Dillan. Mike says, "WJMF gives me a chance to expand my cultural horizons while still dealing with illusions." Try listening to Mike on Saturday from 2-5 p.m.

Cont. from p. 4, col. 5

was run this year and would you like to see any changes? "Senate started off very enthusiastic but as we ran out of ideas, things slowed down. The brainstorming session a few weeks ago was very good. some of the goals and objectives set by the senate at the beginning of the year were accomplished but we must push forward and implement new projects since Bryant is growing and there is a great potential. There is much work done by the Senate and it should not all be done by the Senate alone. The students must get involved and support us in our projects. I want people to feel free to talk to me about any ideas and issues they see as important." Fred said he will run again for Senate.

Basketball Highlights

By David Cooley
ARCHWAY STAFF

In basketball action, a lot of tight races are shaping up as the season comes to a close. One of the highlights of the season is that there are presently seven undefeated teams contending for the No. 1 position in the Weak Division.

The defending champion Wailers look like the team to beat in the Weak Division. The High Rollers have to be the favorite in the Strong Division, although Phi Ep and the Threat could be tough. The top two teams from each division will advance to post-season actions.

In the Women's Division, the Daggers, Joint Effort and

Tanqueray have clinched the first three spots. The battle for the fourth spot is close, and the Panthers, SIX-A, the Tree Stumps, and the Ultimates are all possible play-off teams. Only the top four teams will advance to the play-offs.

The playoffs should begin after Spring Break on Wednesday, March 19. Seventy-eight teams started out the Intramural Basketball season which included approximately 650 students. These figures demonstrate a strong interest toward a well run intramural sports program.

NOTE: Rosters for Indoor Soccer will be due on Friday, March 21, and for Softball the deadline is Tuesday, March 25.

Women's Varsity Softball Members still wanted. Last week for tryouts: Monday, March 3, 3:45 in the gymnasium.

Division Champs?

By Gary Goldberg
and Bryant College Athletic Dept.

As everyone must know by now the Super Indians have scalped their way to the NCAA Div. II Regional Tournament and being the host.

Tonight's contests:
New Hampshire vs. Quinnipiac 7pm
Bryant vs. Springfield 9pm

The regular season records for this year for the teams are:
Bryant: 20-5
New Hampshire: 20-7

Quinnipiac: 21-6
Springfield: 19-6

Tonight's contest between Bryant and Springfield should be nothing less than spectacular. They met twice in the past year. On Dec. 28 at the Hartwick Tourney, Bryant defeated Springfield 84-72. Then on Jan. 26, the Indians once again were victorious 81-64. Do not be by the margin of the victories. Anything can happen when there are playoffs in town. Get psyched Bryantonians!!!

at the Tauski Invitational qualifies Jim to play in the National Tournament in New Orleans this May. Jim was also the Cape Code amateur champ for two years.

Jim has been playing golf for many years with the coaching of his father. "I really respect my father; he was a professional golfer and taught me everything he knew about the sport."

Jim's athletic interests aren't centered just around golf. During the off-season he is a goalie for Bryant's hockey team. Although this season was a disappointing one, he is looking forward to a better season next year. He says the team is young but that they have hopes of turning things around and possibly developing into a playoff contender next year.
