- 1. Cards indicating that you are excused from, or ineligible for the final examinations, will be distributed in your last scheduled class.
- 2. If you receive a card indicating that you are ineligible because of excess cuts and feel that you have a valid reason for this extended absence from class, take the card to the Dean's Office at least three days before the examination and explain your case. If approval to take the examination is granted, this fact will be endorsed on the card and when presented to the proper instructor, will authorize the taking of the test.
- 3. If for some reason you have a conflict in time between examinations, please report the facts to the Dean's Office as soon as your complete examination schedule is known. A special examination will be arranged for you.
- Every student-unless barred because of excess cuts-may take the final examination, regardless of his average, if he wishes. If you elect to take the final in the hope of raising your grade, you must notify your instructor in advance so that he will provide an examination paper for you. Once you report for and take the examination paper, the grade thereon must be considered in determining your final average. (Continued on Page 2)

They gave Suffolk nine runs in one inning and then fell short with a four run outburst in the seventh. Barry Siegal clouted two home runs to lead the Indians offensively, and Lyle Wendell absorbed the loss.

Suffolk 4-Bryant 3: The Indians went down to defeat in the second game of a double header when Suffolk scored a run in the top of the seventh and survived a Bryant threat in the bottom of that inning to win it. Bob Scott started, and left with the Indians ahead 3-2, but Len Nicolosi couldn't hold down Suffolk and absorb the loss. Tony DeQuattro once again played outstanding baseball, and the rest of the squad played well enough to make the Indians look like the better of the two teams. Bryant's record is now 5-7, with three games remaining on the schedule.

And we think we've got good reason! Last January, we selected twenty 18- and 19-year-old young men and women through the Junior Achievement program to drive our team of Chevrolets in the Mobil Economy Run, April 3-9. It was the first time any company had relied entirely on drivers with limited experience in this exacting competition.

No wonder we're proud of America's young adult drivers. We couldn't have a better reason.
