Dear Sissi:

Just a short note to tell you of my change of address. I've been writing for something like this to happen but it came quickly. That's how the army works.

I'm here at Iowa Y, and have been assigned to study language. Have been assigned for Polish but from the rumor about it is suppose to be an Asiatic language. That will be rather hard.
The past week I was stationed at Pasadena Junior College. This was a refresher course. We were to be there a maximum of 20 days. They sure worked on us fast.

Send my regards to All.

Sincerely Your
Edward Lee
