Wednesday

Bryant Service Club - Providence, R.I.

Dear Students -

I received your Christmas greetings last month and it's a wonder I did. I had 4 new addresses from the one seat to me. You see, it isn't your fault, but in combat training, you rarely stay more than 9 weeks in one camp.

I'm now in Basic with about 3 more months ahead before graduation and those weeks.

January 30th marked my first anniversary in the Army. - it sure has been a long one.

Heard from Fred and Ada Carmeli recently. It sure seems like a long time ago (1942).
That Bob Connor and I divided out food behind the counter. Ask anyone who was at school then — they will search for it — never again will there be such service for which the Carrolls will bear a sigh of relief.

But is a 3/225 and gunner on a B17 over England. It seems endless how grand passing him again.

Have to rush off to get some night flying now. By best to Gordon Jacobs (if he's still there), the Carrolls, Rita Carrols, George Richards and all the rest.

Thanks again for remembering me.

酌 George Greenspan

PS. The ratio of girls to boys is purely an inducement to take some P.G. work!
