Gloversville, N.Y.
April 1st

Dear Miss Blaney,

you will no doubt to glad
to know that Walter has passed
his exams at Pre-flight with
a high average, and is now
flybyly and is stationed at
Thunderbird Field No 1
Phoenix Aragonia.

He has wrote us about the
Chinese Cadets that are at the
field and one of them who
he is helping with his studies.

The Japs took his home
town six years ago and he
escaped and went to a
Chinese military school
and after he finished, he
Was made a Lt., after serving for some time he took an exam for the Air Corps and was sent over here to train.

It took them three months to make the trips.

Thunderbird is a very pretty field and it has cottages built in some and has eleven men in each cottage. They have 3/4 beds with inter-spring mattress also shower and toilet.

The sides of the landing strip are in lawn dotted with flower beds.

They also have two large swimming pools and the food is of the best and wonderfully prepared.
I would very much like to have a postcard folder of Providence or, if you could send one to Walter so he can show it to the boys at Camp.

Thanking you for the above favor and wishing you continued success with your Service Club.

I remain
Very truly yours,

George Lyon
