Dear Members of B.S.C.

Again may I express my sincere thanks and appreciation for the cigarettes and letter which I recently received. It gives one a great feeling of joy and happiness to hear from his old alma mater. Keep up the good work.

In just fifteen days I will graduate and I’m still hoping for a leave. At present school is a push over with nothing to do but sit around and write letters or read. We know maybe in a couple of weeks I’ll drop around to see you all. Keep your fingers crossed — so until then — maybe.

I remain as ever,
S. Tirocchi
