5 January 1944

Dear Sirs:

The Bryant Service Club is truly thanked in the world for the Christmas package. Same arrived in perfect condition after travelling most of the distance around the globe to reach your truly宫殿. The remainder of my barracks proceeds to devour the contents in short order and one and all were amazed to learn that a fellow soldier would perform such a service when they were then informed by me that this was the third package received by the soldier from the Bryant Service Club since my entry into the service. Their praise for your great work was unwarranted. To their praise, I wish to add that my appreciation for the gracious gesture is beyond words. Just the thought alone was worth a million dollars to this fellow's morale and in this thought I only echo the thoughts of all other Bryant alumni serving their country overseas.

Gratefully Yours,

Walter L. Bergquist.
