GREENVILLE, S. C.

Dear Friends:

Many thanks for the letters and packages from the Bryant Service Club. It is great to hear what the college and my former classmates are doing in the war.

I am no longer teaching flying at Randolph Field but am now at an operational training unit here in South Carolina getting ready to go overseas. I will be here for about two months training a crew for my B-25.

Give my regards to my friends at Bryant and tell Lta. Shors and Hammond to look around in the Army for me.

Sincerely
Kirke Everson
