Dear Bryant,

After quite a few delays your package finally arrived here. It was quite a pleasure, naturally, to find that the college still remembered!

When you sent that muffler I was still in the United States true so the address was still the same as back in the States where I could have used it to good advantage. You will undoubtedly agree.
with me as to the human of receiving a heavy wool muffler here in the blazing heat in India. Nevertheless, it is not so much the gift as the urge behind it that makes it so welcome to me; I'm really very very pleased!!

Sincerely,
Bob Bernstorff

P.S. Regards to all the alumni and staff.
