Dear Bryant Service Club:

Once again I have received a box of sweets which I am sure are extremely popular with the secretaries in our office.

It just doesn't seem possible that Christmas is almost here. In fact, just a short time ago I was a civilian but look at me now.

Supposing that your records are up to date would appreciate it if you would send me my Christmas address.

Things are pretty much the same here and have been for seventeen months. The news sounds quite good lately, that we will soon be able to return to our homes with the shadow of war cleared from our minds at least.

Most class and hope to hear from you again in regards to what some of my former classmates are doing in their own. Thanking you and wishing you and your families a Merry Christmas. Hoping that next year it won't be necessary to send them.

Sincerely, Bill
