More Additions to Your College

More new buildings and new members of the Faculty, have been added to Bryant since the last issue of the Alumni Bulletin, and the spirit of progress which has always permeated your College continues.

Bryant opened its seventy-seventh year September 11 with three new buildings and a more closely knit group of all the nine College buildings. With the exception of one dormitory, the College buildings are now all either on the campus, or directly across from it, or within one block of it.

Gardner Hall, the new Commercial Teacher Training Building, directly across from the campus, on Young Orchard Avenue, was opened when the new term began. It is a fine, commodious, well lighted and well ventilated building, admirably suited for classrooms. Next to it is another new dormitory, Salisbury Hall, residence for young women, and probably no college in the country has such attractive and comfortable living quarters for young women. Next to Salisbury Hall, at the corner of Cooke Street and Young Orchard Avenue, is Stowell Hall, another beautiful dormitory for young women, with fine, spacious rooms. It was originally the home of a Providence banker and is an ideal dormitory.

This year, Dexter House and Scott House are combined in one big dormitory for young men at Brook and Charles Field Streets, a block from the campus.

These additions bring all but one of the College buildings closer together. That one is Bryant Hall, dormitory for young women, a few blocks from the College, at Keene and Hope Streets.

Faculty additions include R. Lucien Appleby, a former instructor at Bryant and more recently Chief Auditor of the State Racing Commission of Rhode Island. Mr. Appleby has been (Continued on Page 4)

Home Coming Day—November 18

It’s coming!
Home Coming Day—the biggest celebration ever held at your Alma Mater. A “Back to Bryant” Day that will bring together three generations of Bryant “grads” from all parts of the country for the time of their lives.

Put a ring around November 18 on your calendar—that’s the big day—and don’t let anything keep you from coming back—and we do mean ANYTHING.

Bryant graduates of five or more years ago have been hearing a lot about the growth and progress of the College the past few years. They know that Bryant is growing physically and in educational importance, that it now has nine beautiful buildings which, if we do say it ourselves, have no equal among colleges of our kind, and that it means something to be able to say you are a Bryant graduate. But these graduates want to see these things for themselves. They have been writing to us the past year or two saying how much they’d like to see the College as it is today and expressing hopes and intentions of making the trip some time. Well, THIS IS THE TIME. This big “Back to Bryant” day is planned for those loyal but procrastinating alumni whom we at the College want to see as much as they want to see the College.

We want you to see the nine beautiful buildings of your College, we want you to meet again your old instructors—and our new ones—we want you to laugh and talk again with your former classmates, we want to shake your hand and hear all about what you have been doing since you left Bryant, we want to meet your wives and children or sweethearts. So, with the Alumni Association, we’ve planned this big day you will long remember.

Wives, sons, daughters and sweethearts of alumni, also they themselves may not be alumni, are cordially invited. Come and see Dad’s or Mother’s or sister’s or brother’s Alma Mater and meet some of their classmates and old instructors.

A number of classes have signified their intention of holding Class Re-unions during the day. For any classes so desiring, special rooms will be set aside where these re-unions may be held. The Chairman of each class is asked to signify at Registration desk the desire for a re-union room. The rooms so allotted will be posted on the Bulletin board, first floor in South Hall.

Into this “Home Coming” Day will be crowded heaps of fun and interest. The usual August Alumni Reunion was postponed the past Summer because of the terrific heat and because so many people were away on vacations at that time. This “Home Coming Day” takes the August Reunion’s place and will have all the fun of the re-union get-togethers—PLUS!

The big day and evening will begin at
2 P.M.—with the Registration of Alumni in South Hall.

The Class of 1939 gave the College a beautiful new Alumni Register just for this purpose. It’s a beauty! It wants your name, so don’t forget to register.

2:30 to 3 P.M.—Concert in Bryant Auditorium by the Bryant College Orchestra under the direction of Professor Ralph Handy.

Note: This year’s orchestra is the best the College has ever had. Wait until you hear it.

3 P.M. to 4 P.M.—The Masquers
The Bryant College Dramatic Club in a delightful play, “Rich Man, Poor Man,” under the direction of Miss Clare King. This is something no one will want to miss.

4 P.M. to 5:30 P.M.—Tea Dance
At Bryant Dormitories

A jovious interlude for those who like to trip the light fantastic.

5:30 to 6:15—Open House at All Bryant Dormitories
Hospitably wide open will be thrown the doors of Stowell Hall, Salisbury Hall, Bryant Hall and Scott House, with a committee of young men and women residents of those dormitories to act as your hosts and hostesses.

It’s coming! It’s coming! It’s coming! It’s coming!
We Congratulate

Cupid has been shooting a lot of arrows around the Bryant campus, and other places where Bryant alumni are found (which is pretty nearly about everywhere) and wedding bells and "I do" have been ringing out as frequently as if it were June.

Even some members of the Faculty and Administrative staff succumbed. Mr. George A. Richards, our genial Director of Student activities, was married in September, and William A. Lambert, of the Faculty of the Business Administration school, was married in August. Miss Sara Jean Appel, of the School of Secretarial Science, has not said the fatal words, yet, but has promised to say them next month.

Alumni who have promised to love, honor and obey since the last issue of the Alumni Bulletin are:

Loyd A. Brayton, Providence, another Bryant alumni whose graduation antedated the fire in which the college records were destroyed so we do not know the year of his graduation, died January 18. In five weeks from Commencement in August, 126 members of the graduating class of 1939 were employed. Last year, in ten weeks, just twice the above mentioned time, 156 of the 1938 graduates had been placed, showing a decided upswing in business and in the demand for Bryant graduates.

6:30—The Bryant Alumni Dinner
And this will really be something. No
cornpone speeches, but a carefree, jolly re-
union, with a hang-up good dinner, perhaps
some community singing and maybe an
improvised talk giving the "low down" on
his classmates and what they have been
doing since graduation, by some member of
each class, whose speech will be cut short
in exactly three minutes as inescapably as the
Bryant class busier cuts short locker
room chats.
And a lot of other things will make this
the greatest Alumni Dinner of all. Informal
dress. Bryant Auditorium.
8:15 P.M.—A Basketball Game—
Alumni vs. Varsity
And this will be fun! Six hand picked
Old Men of Bryant are going through lim-
bering up exercises to get the creaks and
stiffness out of their joints and will go up
against Tony Gallento, but you never can tell!
Better get into the Auditorium early for
this one if you want a seat.
And this will really be something. No

INTERNATIONALLY FAMOUS
LECTURERS COMING

Bryant is offering a series of unusu-
ally interesting evening lectures this
year to which all alumni and their
friends are cordially invited. In fact,
we earnestly urge you to come, for
they promise to be informative and
interesting to everyone especially in a
year when so much history is being
made in Europe and elsewhere.
The first lecture will be Tuesday
Evening, November 21, when the Rt.
Honorable Lord Marley, a deputy
speaker of the House of Lords,
England, will be the speaker. In
February, the charming and inspiring
Lady Listowel, Hungarian by birth,
English by marriage, will return,
doubtless to repeat the very great suc-
cess she made here last year. In March
comes that great favorite, Dr. J. Anton
de Haas, William Ziegler professor of
the Graduate School of Harvard Uni-
versity and one of Bryant's Visiting
University Lecturers. All of these
speakers have been in Europe recent-
ly, in the midst of important events
and among the leading men and
women of governmental and educa-
tional circles. They all promise to
have decidedly interesting messages.
Save these three evenings and plan to
hear everyone of the lectures. They
will be given in Bryant Auditorium,
and there is no charge for admission.
