CATHERINE CURTIS COMING

Catherine Curtis, National Director of Women Investors in America, Incorporated, will give two lectures in Stratton Auditorium on Monday afternoon and evening, November 15th. This is the second in the series of lectures at Bryant this year by internationally known speakers. The afternoon lecture will be for Bryant students; the evening lecture will be for parents and friends of Bryant students and other interested persons.

Miss Curtis is an authority on finance and economics, a brilliant personality and a fascinating speaker. Her earliest business experience was operating a ranch in Montana, where she gained practical understanding of agriculture and the machinery of transportation and distribution. She later became associated with the motion picture industry and was the first woman to produce pictures independently. Her Production, "Sky Pilot," was one of the ten best pictures of the year. Radio success followed, with an educational program, "Women and Money," and fame as the pioneer woman financial commentator.

Soon after, Miss Curtis began to devote herself exclusively to arousing women to their importance in the financial world. Several times she appeared before the State Finance Committee in defense of bills to safeguard the financial affairs of women. Her writings began to be in demand, and "Woman Courageous" and "When Women Wake Up" were the talk of the country.

"Your Commodity Markets and How They Affect You" is the title of Miss Curtis's lecture here, a colorful sketch of medieval fairs of Europe and their relationship to present day commodity markets.

Miss Curtis's lectures are free and you are urged to invite your parents and friends to the afternoon lecture.

PRESIDENT JACOBS RETURNS

President Henry L. Jacobs has returned to the College after a three weeks' trip to Atlantic City, New Jersey, and Dayton, Ohio. In the letter city he was the guest of relatives and friends and addressed the Town Clerks and several other organizations which gave luncheons and dinners in his honor.

DIE AND HEALTH

FOR THE BUSINESS MAN AND WOMAN

Dr. Win. Lessol Leot, nutrition specialist of the Rhode Island Hospital staff, will be the speaker at assembly on November 19th, his subject: "Diet and Health for the Business Man and Woman."

Dr. Leot will discuss the dangers of diet without discretion and will include practical suggestions about dieting while keeping the health that is necessary for success in an active business life.

COLLEGE HOLIDAYS

Thanksgiving Recess -- From Noon, November 24th to Monday Morning, November 29th.

Christmas Recess -- From December 23rd to January 3d.
It is with sincere regret that I find it necessary in this issue of ON THE CAMPUS to speak to the young men and young women of Bryant College about an unpleasant matter.

A little over ten years ago Bryant College moved into its present beautiful home. We had secured a distinguished group of buildings in the most exclusive residential section of Providence and, at great expense, had completely furnished the buildings with the most modern equipment and the very finest desks and chairs we could find. The desks and chairs discarded were perfectly adequate but we wanted still better ones in keeping with our new higher standard.

It has surprised and disappointed me to find that there has been a lack of appreciation of our fine equipment by some of the students and a defacing of the college property by such childish things as cutting initials and other marks upon them.

You are now college men and women, no longer immature school boys and girls. While you are now training for business you should look upon yourselves as embryo business men and women.

No business man could mutilate the property of his employer without dismissal. No business student will be allowed to deface the college property without payment.

I realize that this defacing of the college property has been done by only a few students—but my talk here must necessarily be to the entire student body. To the loyal Bryant student, to whom the upkeep of the College is a matter of pride, this talk is not directed. To the thoughtless student who may be tempted to cut, scratch or otherwise deface the College property, I direct this appeal not to make it necessary for us to exact a penalty for your thoughtlessness.

ADVERTISING CLASSES HEAR ENGRAVING EXPERT

The Advertising Classes of the Day and Evening Divisions had an unusually interesting session Friday evening, November 5th, when Mr. Arthur Artisani, head of the Photo Engraving Department of the Providence Journal, spoke to them. Mr. Artisani, who is one of the outstanding men in his line in the country, discussed the important part which Photo Engraving plays in advertising and showed by drawings how photographs are turned into line cuts and half tones to be used in newspaper or magazine reproduction. It was a fascinating and illuminative talk, with the hour all too short to please Mr. Artisani’s listeners.

THE VOICE WITH THE SMILE

Miss Elizabeth Ryan, Voice Technique instructor of the New England Telephone and Telegraph Company, spoke to Bryant College students on October 22nd about the value of a pleasant voice of good quality and clear diction for a business woman. Miss Ryan directs the training of thousands of young men and women every year for the Telephone Company and was able to give Bryant young men and women interesting and practical advice. Miss Ryan’s own voice was beautifully clear and pleasing in quality, vibrant yet soothing, and if her example and practical suggestions are heeded, there will be fewer harsh and shrill voices about the campus.

CAMERA CLUB HAS INTERESTING MEETING

On the morning of November 3rd, Mr. Richards' Public Speaking Class was in session in Stratton Auditorium. Richard J. Freeman, B.A. senior, was called upon to speak for five minutes. His subject was "Cameras and Photography," and he spoke so interestingly that no one realized he was speaking twenty minutes instead of five.

Mr. Hammond, Faculty Adviser of The Bryant Camera Club, who was in the Auditorium at the time, asked Mr. Freeman to speak to the Camera Club. "He knows his subject, and the Camera Club could learn so much from him," said Mr. Hammond.

That afternoon Mr. Freeman spoke to the Camera Club, telling them all about Types of Camera, Lens Openings, Kinds of Film, Filters and their Functions, Lights and Shadows and Action Pictures.

Mr. Freeman has been interested in photography for about a year and a half. He owns a Graflex and has taken a number of photographs of Horse Shows and other events which have been used in magazines and papers. He came to Bryant from St. Andrews School, Middletown, Delaware.

WHAT THE BUSINESS MAN WANTS

"What the Business Man Wants in a Private Secretary" was the subject of an exceptionally interesting address to the Secretarial Division of the College on October 19th, by Miss Anne Fryer, Director of Personnel of the Rhode Island Hospital Trust Company and one of Bryant's most brilliant alumnae. From her close contact with the leading executives of Providence, as well as employees, Miss Fryer has learned what the business man likes and dislikes in a Secretary and was able to give some very valuable advice to Bryant secretarial students.

"Add 1800 more words to your vocabulary and you can graduate from the ordinary to the superior," says Professor John M. Steadman of the English Department of Emory University.

The vocabulary of the average person is 11,700 words. A superior vocabulary is only 13,800 words. The difference is so small that anybody can rise from the average to the superior.

Bookseller: This book will do half your work for you.
Co-Ed: Then I'll take two of them.

Professor Anton Delmas, A.B., Ph.D., William Ziegler Professor of International Relations, Graduate School of Business Administration, Harvard University, and one of the most popular Bryant visiting university lecturers, will not be here this year until Spring. Professor Delmas is at present in the Orient.

A recent research reveals that men and women who have had college training earn an average of $130,500 more than men and women without that training.
BASKETBALL ACTIVITIES START

Coach Jack Winans has been reappointed Head Coach of Basketball at Bryant College. This will mark his sixth year as Director of Varsity Basketball at this institution. Under Coach Winans' capable leadership the Bryant squad has compiled an enviable record, winning 78 contests and losing but 14.

The call for candidates, recently issued, brought out the largest number of applicants in the history of the institution. Coach Winans was greatly pleased after the first practice, for appearances indicate that there is sufficient material for another successful team to represent the College this year. Robert Barrett, former Cranston High School star, a member of last year's starting lineup, is Captain of this year's quintet.

Other members from last year's Varsity to return, and who are available for duty, are "Bill" Gearin, Center, from LaSalle Academy; Joseph Gealin, Guard, Pawtucket High School; Joe Gangiowicz, Center, Classical High School; "Sonny" Bellman, Forward, Rogers High School, Newport; Allyn Jackson and John Rok, former members of the Championship Cumberland High School team of 1936.

Among the new members, leading candidates for starting positions are Ernest Mallor and Fred Ruben, outstanding players on the 1937 Pawtucket High School squad; Curtis Mckinnon, from Norwich Free Academy; Harold Wicks, Cranston High School; Stanley Boxol, Bristol High School, Bristol, Connecticut; Joseph DeMarco, Shelton High School, Shelton, Connecticut; William Gunmon and Henry Jaszlowieki, Lyman Hall High School, Wallingford, Connecticut; George Lipschitz, New Bedford High School, New Bedford, Massachusetts; Robert Swain, Andover High School, Andover, Maine; Henry Zonga, New Britain High School, New Britain, Connecticut.

The official season will not open until the 13th of December, at which time a strong Alumni team will oppose the Varsity. The tentative schedule is as follows:

BRYANT'S NEW GLEE CLUB

Professor Naylor is enthusiastic about the new Bryant Glee Club. About thirty-five young women are out for the Club this year, with some excellent voices among them, and the reheasals are proving decidedly pleasurable affairs. We may confidently expect a fine concert from this group later in the season.

Too bad the young men did not come out for the Glee Club. Bryant had a fine male group last year, under the leadership of "Bob" Andrews. Has not Bryant another Andrews, with leadership and a fine tenor—or baritone—voice?
