Marilyn Bourne, Owner of the "Deb" Wins Many Nautical Events

Attention, ye oldes Navy men! You are probably unaware that you have a keen competitor in your midst. She is Miss Marilyn Bourne, of Riverside, R. I., who has been racing her Oldtown Whitecap for over five years. Every Sunday of this season, she has been baying up the mainsail, cleating in the jib and making ready for another battle of "tacks" and "jibes" with twelve other skippers of the Kicke- mui Whitecaps.

In each race of about eight nautical niles the skippers received points according to their finishing position. These Sunday races were held on the Kicke-muit River off Mt. Hope Bay. At the end of the season Marilyn had the largest total points and was therefore awarded the "Kicke-muit Yacht Club" trophy. The proud owner of the "Deb" also won the Susan Al- len trophy which is awarded each year to the winner of the Labor Day Series.

On several weekends during the season, the fleet of Whitecaps par- ticipated in various yacht club regattas held in the waters of Narragansett and Mt. Hope Bay. Over 150 boats of different classes par- ticipate in these colorful races. Marilyn and her "Deb" led the fleet. Followed behind Barrington races and finished second in the Narragansett and Mt. Hope Bay. In the Toulset Point, many young skippers Marilyn ad- mits to having a bad case of "jibes" before each race while wait- ing for the starting gun. Con- sequently, she is seldom first to cross the starting line. We are told, how- ever, that after the gun goes off and the business of racing begins she works overtime and be- comes a tough combination to beat.

Marilyn is a sophomore in the Commercial Teacher Training Class at Bryant College. Her brothers are doing, and also we inform them of Beta Activities Bryant College. Through this publication ti school year will inform alum Beta members of what their fo- men classmates and fra- ternity brothers are doing, and also we inform them of Beta Activities Bryant College.

Please Sir, No Onions!

Miami, Florida (ACP)—Girls at Miami University are protesting that the culinary department is hampering their chances for dates on weekends. Now that men are back for good, they want the on- going hearings continued. The hearings were held on Saturday and Sunday nights. "Let's have it on some moonless weeknights," they plead.

Greek Letter Council Sets Dates

With the start of each semester, the members of the Greek Letter Council are busily engaged in out- lining dates for activities of the various fraternities and sororities. Great smokers and teas, now passed, have established more friendly and closer relations between the or- ganization members and the novice.

The Council has set October 29 as the day for the issuing of bids into Fraternities and Sororities. On October 29 and 30, the intended victims will be subjected to the pranks and drudgery of initiations.

Mr. Handy Compiles Book

"Bryant College Exercises in Business English," compiled by Ralph S. Handy, professor of English, Education, and Science of Bryant College, was published for the purpose of meeting the individ- ual need for the correct usage of grammar of all Bryant Students. The mimeographed sheets which were used prior to Mr. Handys publication were often found to be unclear and caused the students a great deal of difficulty to decipher. Mr. Handy selected material gathered from papers handed in by his students in the many English classes which he taught and compiled the material used in the "Bryant College Exercises in Business English" to help the student have an understanding of English by working actual exercises besides using a textbook.

Previous to becoming a member of the Bryant faculty, Mr. Handy received his Master's Degree in Business Administration from Bos- ton University. A valuable mem- ber of the faculty was added to Bryant College when in 1928 Mr. Ralph S. Handy accepted the posi- tion to teach Economics and Eng- lish. In 1930, Mr. Handy accepted a position to teach in Fitch High.

Dr. Dorizas to Speak

Famed Educator Returns as Resu

Dr. Dorizas has announced that in an effort to maintain the close relationships that its brothers have formed while at Bryant, the members of Beta Sigma Chi, the oldest Greek, will be playing a football game today, and the brothers will be playing a football game. The game will be played in front of the main campus on Saturday.

Through this publication the members of Beta hope to convey many polls among the Alumni.

Plans for a grand reunion of members of Beta Sigma Chi (due back on May 6, 1935) are being formulated. A dash of young fellow named J has lost all his happy glow. He used to be sunny, but that was two blouses ago.

SELF-SERVICE

Self-service is what we can have here at the C.S. Self-service I mean exactly what the name implies. "Self" used as a prefix in compounds denotes the personage figured in other words you. "Service" is conduct contributing to the advantage of and in this case it’s you.

While here at Bryant you have an opportunity to help yourself not only to the printed amount of textbook and lecture information but also to any of a number of extra-curricular activities. High school scholarship standards should be uppermost in your mind, but extra-curricular activities aid greatly in developing a well-rounded character.

Dear Editor:

There are many interesting things that occur or take place in College Hall; the average student does not know of, but would like to learn. The Archway now attempts to pass along this information which may clear up the "whys" of some students. In the long run, we feel that the benefit will be to the student, for he will be able to become familiar with his college to realize the responsibility he carries as a member of Bryant.

Be there ever a dormitory? If so, be it a dormitory that will have a dormitory committee. Make the committee of the students themselves. Give the committee room, a secretary, a head man, and a faculty advisor.

Bryant College's first site was in the heart of downtown Providence, but it is now at 424 Hope Street. This former business college is now the site of Bryant College Hall.

Sincerely yours,

THE GIRLS ON GEORGE STREET

You have probably heard about us, met us, and are wondering what branch of the Armed Forces we served in, what states we represent, and our reason for coming to Bryant College.

All of us, fifteen in number, served for a total of 38 years in the Armed Forces and represented the States of Nevada, Corps, WAVES, Marines, and Spars.

We come from as far West as Utah to as far East as New Hampshire. Some of us were "bustin' in" Service, even working in the same office, and now are together at Bryant College. Take for example Margaret and Margaret who "fought the battle of D. C." and are roommates here on George Street. While in Service, our assignments included such positions as secretary, dietitian, payroll clerk, nurse, commissary, storekeeper, draftsman, telegrapher, and comptometer operator.

Our reason for coming to Bryant is that we believe any student should be familiar with the command structure of the Armed Forces, and that one must be upperclass in his mind, but extra-curricular activities aid greatly in developing a well-rounded character.

We have had the chance to meet and to talk to many other students. Take for example Ernie, a member of the Glee Club. He bought a farm in the United States and has had invaluable experience in the mining business, and in civilian life, we desire to secure a sound background for responsible, well-paying positions in the future.

MUSICAL NOTE

Mr. Ralph S. Handy, director of Bryant's musical organizations has announced that it is not too late for interested students to join the orchestra or the Glee Clubs. Those desiring to join are requested to see Director Handy as soon as possible.

Credits may be earned by active Glee Club or Orchestra members.

A candidate for sheriff called on a minister to ask his vote at the coming election.

"Before I decide to give you my support," said the minister, "I would like to ask you a question."

"Shoot," said the candidate.

"Do you ever partake of intoxicating beverages?" inquired the clergyman.

"Before I reply, I would like to propound a single question," said the would-be sheriff, cautiously. "Is that an inquiry or an invitation?"

The Rush Party for prospective members was held October 11 and all sorority sisters of Sigma Iota Beta made this a night of pleasure as well as a memorable one. Sigma's first dance of this semester will be held in unison with the Broth Fraternity, Beta Iota Beta, November 5, in the Auditorium of the School.

**Newman Club**

On September 28 the Newman Club held its first meeting of the year. The meeting was an informal one, its main purpose being to introduce the club and its officers to the new members.

President Walter Brosseau explained the function of the club, its purpose, told of the activities last year and of plans for another successful year.

For the whole first semester, arrangements have been made to have speakers present at the meetings, which are held on the second Wednesday evening of each month. Come one, come all, for an instructive, enjoyable evening.

Beta Iota Plans Fall Dance

As an expression of gratitude for his excellent counsel and genuine interest in its members, the Beta Iota Beta Fraternity gave a farewell banquet at the Narragansett Hotel in honor of its departing advisor, Mr. L. Newton Hayes. Mr. Hayes was presented a 24K gold Parker 51 pen and pencil set as a remembrance from the fraternity. As a momento, Mr. Hayes gave to everyone present two Chinese coins and a Chinese good-luck verse which he procured while serving in China. In his capacity as Veterans Advisor, Mr. Hayes made many last acquaintances and his presence shall certainly be missed.

BIB is completing plans for a gigantic fall dance to be held in November.

**Reilly Phi Sig to Sponsor Dance**

How about the dumb young thing who thought that a goblet was a thing to put on the 19th of October? I bet that he thought he could get away with it. He was wrong. We're going to celebrate our first dance of this season in style.
