My Sweetest Darling,

I can't remember whether or not I have informed you that V-mail usually reaches me sooner than air mail. I wonder which gives the fastest service to you? Again, I'm addressing your mail to apo 84, as I guess, you are back there, because this "form blank V-Mail" I rec'd from you yesterday is all I've gotten since Monday.

Today, I rec'd a letter from Evelyn--the baby is still "on its way" ----- but any day now! Gooh, I guess you just have to be patient with them even before they arrive! Evelyn wrote that she rec'd a very nice letter from you-----good going-----Bubsie!

This morning I sent you a cablegram-----just a form blank but I hope it makes good time.

The car, so far, is okay. Tonight, I took Mom & we drove over to see your folks. Everything seems as good as can be expected. Bubsie es-has a broncal cold & your Mom has been spending quite a bit of time there. I guess they write you any other news.

Honestly, honey, I try to budget my time, but I never seem to get done all I'd like to do. Nate! I just about catch up with myself over the week--and--when Monday comes along & I'm back on the "same old grind"
The family had a letter from Horty today & he writes that he thinks he'll have his thanksgiving dinner in the States. The kid really got a lucky break"----God bless'em!

Sweetheart—if only I could give you one kiss—Gosh, sometimes I feel actually starved for you! There's nothing I like to remember better than our J mss. in Lawton——what a darling apt------the setting was perfect for our love——as if we need a setting! Remember those heavenly days—we certainly appreciated them & tried to make the most of our time together. I love you so very much!

Always yours,

Edith
