Dr. Schuyler Dean Hoslett Elected President of Bryant College

President E. Gardner Jacobs Named President Emeritus

A meeting of the Board of Trustees on June 20 Dr. Schuyler Dean Hoslett, dean of the College of Business Administration at the University of Hawaii, was selected as president-elect of Bryant College. Dr. Hoslett will succeed President E. Gardner Jacobs, who was elected president-emeritus and chairman of the board of trustees.

Our president-elect was the unanimous choice of the Board of Trustees and will be formally inaugurated at a time to be announced. He will be on campus, meanwhile, to meet with faculty and administrative staff.

Dr. Hoslett is a graduate of Park College (B.A.) in Parkville, Missouri; Harvard University (M.P.A.); and Ohio State University (M.A. and Ph.D.). He is a Trustee of Park College.

He taught in the Graduate School of Business and Public Administration at Cornell University and was a faculty member at Columbia University's Graduate School of Business. At Columbia University he directed the Executive Program in Business Administration at Arden House, an advanced educational program for senior business executives.

In 1956 Dr. Hoslett became executive assistant to the president of The Reuben H. Donnelley Corporation and was elected vice president two years later. Following the merger of the Donnelly Corporation into the Dun and Bradstreet Group, he was again elected a vice president.

From 1961-1963, Dr. Hoslett served as a consultant for the Ford Foundation to the Governments of Nigeria and Indonesia. He began his association with the University of Hawaii in 1963. He is the author of articles and books in the field of business management, development and human relations. His book, Human Factors in Management, is now in its sixth printing.

College Mourns Death of Dr. Raymond Lucien Appleby

It was with great sorrow that Dr. E. Gardner Jacobs announced to the Class Day audience that his close associate, College Treasurer R. Lucien Appleby, had died that morning, June 14, at Rhode Island Hospital.

A graduate with the Class of 1927, at the 1967 Commencement he had been honored with a doctorate in business administration.

After teaching at Bryant following his graduation, he left to become chief auditor of the State Racing Commission. He returned to teaching and in 1956 was elected secretary and treasurer of the College, following the death of John L. Allen. He became a vice president in 1963, retaining the office of treasurer.

In 1966, when Bryant College began its association with the Ford Foundation to establish a junior college of business in the Dominican Republic, Dr. Appleby became campus coordinator for the project.

In a brief eulogy, the pastor of Sacred Heart Church in West Warwick said of him, "He was a doer in a raucous, rampant world demanding betterment; and"

Coach Tom Duffy Resigns
Asst. Coach Folliard Takes Over

In a surprise announcement, varsity basketball coach Tom Duffy submitted his resignation at the end of a varsity season crowned with his selection as Rhode Island Coach of the Year.

Duffy had brought the Indians through three successive years as Naismith Conference champions. Although this past year's squad was eliminated from the District semi-finals by New Haven College, it was a fine example of college varsity basketball.

He compiled a record of 70 wins and 22 losses in his four years at Bryant. His teams were always noted for their great speed, shooting accuracy and tough defensive play. He had won three Naismith Conference titles outright and this past year a co-championship.

In the 1966-67 season his team was in the N.A.I.A. Regional Play-offs and this past year reached the N.A.I.A. pre-tournament play-off game.

The 1966-67 team was ranked as high as 12th in team offense for college division with an average of 26.6 points per game at one point during the season. His 1967-68 team was ranked 11th in defense, giving up an average of only 63.7 points per game as of January 20, 1968. The club was at one time number three in scoring margin for college division teams, averaging 87 points per game and giving up only 63.7.

One of the greatest players Tom Duffy turned out in his Bryant coaching career was Tom Smile '68, who scored over 2,000 points during his years at Bryant. In addition, the team was ranked as high as 7th for small colleges in New England by the U.P.I. poll.

Tom Duffy has resigned for personal reasons, to continue his teaching career in the Pawtucket School System where he is also a guidance counselor. The highlight of his Bryant coaching was probably his 22 and 0 regular season's record for 1966-67.

There is no doubt that Bryant will miss Tom Duffy, the coach, and Tom Duffy, the man.

M. W. C.

Maurice "Moe" Clare '66 has become assistant to the president of Bristol County Dodge, Inc. in Warren, R. I. He resigned his position as assistant director of athletics and director of sports information at Bryant College on July 15.

A resident of East Providence, he is married to Judith Almeida '66, a teacher at Portsmouth High School.

To Bryant College

I'm back again for the 77th,
Can't stay home, I "go" and "went,"
Another year, another poem,
This one full of sentiment.

A day, a month, a year, an age,
Life's record covers but a page,
And then the sheet is torn and cast,
Into the furnace of the past.

The blooms midst which our footsteps stray,
Were flesh and blood but yesterday,
And grace and grandeur, rags and tears,
Are mingled through the fleeting years.

Today's defeat, tomorrow's fame,
Alike are cast into the flame,
So let the moment's sunshine stream,
Into our hearts that they may gleam.

With gladness for the days that be,
By Fortune granted you and me,
Thus may your days through full extent,
Bring smiles and joy, complete content.

An Auditor's Lament

We have finished with our audit
And say in our report
That the cash is overstated,
The cashier being short.
The company's receivables are very much past due
If there are any good ones they are very, very few.
The inventory's out of date, composed of mostly junk
And the method used in pricing is, in our opinion, bunk.
According to our reasoning your enterprise is wrecked.

But subject to these comments, the Balance Sheet's correct.

The foregoing poem came to our attention and we thought you might enjoy it. At some point it had been sent along to Dean Nelson Gulsik. Anybody know the author?

Bryant's Internship Programs Put Students in Government

Bryant College participates in four internship programs that allow students a first-hand, look-see at government at National and State levels.

The oldest of these is the program sponsored by U. S. Senator Claiborne Pell. Under this program, four students, two each week, serve in the Senator's Washington office for a week. This is done during the spring semester.

Our interns this year were William A. Cheetham '69, Donald B. Jones '69, Miss Virginia Richard '68, and Miss Mary Ann Carey '68.

A similar program has been sponsored by U. S. Congressman Robert O. Tierman. It is geared to allow six students to spend one week each in the Congressman's Washington office. Dennis Keefe, Ronald Menard, and James Gibney '68; Ronald Clave and John S. Renza, Jr. '69; and Vincent Vinci '70 were interns.

We participate in a third program with the Rhode Island State Legislature. Last year this was conducted as a pilot program. This year we have two interns, Jay H. Manchester '68 and Dennis Bishop '69, who have been assigned various duties while the Legislature is in session. They were briefed for these duties last fall.

A fourth internship program was held last year with the City of Providence. Roy Dempsey '68 participated in that program and worked in a city department for the summer last year.

Dr. Sol Lebowitz, professor of Political Science and our faculty co-ordinator for these programs, is most encouraged by the response of these students who have been acquiring practical knowledge about government operations that supplement their classroom work.

In the opinion of Dr. Lebowitz, it would be most helpful in the professional education of Bryant students if a similar internship program could be established within the business community.

Mildred I. Persson, and Caroline Meyer Toegemann joined the reunion festivities.

Commencement Honors Class of 1968 - Nine Honorary Degrees Conferred

The Class of 1968 was on hand in force on June 15 for the 105th Commencement exercises. 388 graduates received degrees and 99 were recognized as tentative graduates in August. Because of the change in the academic year, part of the Class will complete their degree requirements at the close of Summer School.

The Honorable Luther H. Hodges, former U. S. Secretary of Commerce and former Governor of North Carolina, delivered the commencement address. He is currently serving as president of Rotary International and received the honorary degree of Doctor of Science in Business Administration.

Other recipients of the D.S. in B.A. degree, honoris causa, were Earl S. Tupper, inventor and industrialist and donor of his Memory Hill Farm for Bryant's campus in Smithfield, R. I.; Frank G. Wangeman, senior vice president of Hilton Hotels Corporation; Walter Beinecke, Jr., director and president of Osceola Operating Corporation of Florida, which owns radio stations, cattle ranches, real estate, and tourist facilities; and William John Martin, chairman of the board of the South Shore National Bank in Mass.

The honorary degree of Doctor of Science in Commerce was conferred upon Dr. George J. Kelley '39, a Bryant alumnus and senior vice president of Swank, Inc., of Attleboro, Mass.

Mrs. Enid A. Haupt, editor-in-chief of Seventeen Magazine, received the honorary degree of Doctor of Humane Letters for her distinguished service to young women throughout the world.

First Law Enforcement Grads

1968 Evening Division graduates included a police captain, a former police chief, deputy warden at the Adult Correctional Institutions, and a patrolman—the first to earn associate degrees in Law Enforcement.

Captain Leo P. Trambukis, director of the Providence Police Department's Bureau of Planning and Research, graduated summa cum laude with a 3.8 average out of a possible 4.0. Captain Trambukis and former Cranston police chief J. Howard Gibbs are also graduates of the National F.B.I. Academy in Washington, D. C.

Francis J. Foley, a deputy warden for the Adult Correctional Institutions at Howard, R. I., has been an outstanding student in the Law Enforcement degree program. He will be the first student to earn a bachelor's degree in Law Enforcement.

Patrolman Rodney Remblad is assigned to the Woonsocket Police Department's accident prevention bureau. He completed work for the associate degree this year and expects to earn his bachelor's degree in 1969.

It is a tribute to each of these men that they have sacrificed much of their off-duty time to increase their worth to their communities and raise the professional standards of police work.

Bryant's Law Enforcement program is attracting interest from neighboring states and numerous inquiries regarding the program have been received from as far away as California and Oregon.

Giving cognizance to the emphasis being placed on Law Enforcement programs, the Rhode Island Legislature has passed a bill, H-1510, that will provide salary increments to policemen for additional study at the senior college level in law enforcement.

It is significant that Bryant College has the only degree program in law enforcement in Rhode Island. Also, our Library has the most complete collection of textbooks and pamphlets related to law enforcement of any college or university in Southern New England. A grant from the Federal government of $21,000 has been used for laboratory and library materials.

Homecoming

Homecoming was a completely happy, joyful, interesting, and rewarding reunion for a few hundred alumni who got out to the Commencement activities at Meehan Auditorium and back to the campus for the annual alumni luncheon. Reunion classes varied in response, but those who made it enjoyed it thoroughly.

It took three large buses to get the crowd out to the Tupper Farm for a reception, community sing, and short tour of the historic homes. We had “wall-to-wall people”, spiced punch, an impromptu quartet plus one, and so much conversation it seemed to echo even after the group had left.

The accompanying pictures tell part of the story. You missed it? Just wait for the next one!
