Tips To Veterans

On Term Insurance

Three tips to veterans who have special Korean GI insurance were offered today by John L. Reavy, Manager of the Veterans Administration Regional Office in Providence.

“Almost 100,000 post-Korean veterans throughout the country,” Reavy said, “have taken out the special term insurance available to them upon separation from active service.”

To these new policyholders, Man- age, he gave this advice:

First, get into the habit of paying all premiums when they are due. Although the law allows a “grace period” of 31 days during which the policyholder may pay, it is wise to keep the policy in force.

Second, never give the policy to a third party, except to a trustee, as the insurance may be voided if the policy is transferred.

Finally, keep the policy book in a safe place where it can be retrieved at any time, as the insurance may be voided if the policy is lost.

**World and National Affairs**

**Va. Bryan Students**

This month's meeting creates an impression that is entirely misleading. During my three years I've come to the opinion that there are more people in the meeting than interested in seeing the agenda. It would seem that there are more people who come to the meeting to make the appearance of doing something rather than actually doing something. The meeting is merely a means of keeping up the appearance of being interested in the affairs of the school. It is not a place where ideas are exchanged or problems are solved. It is merely a place where the students can be seen to be doing something. The meeting is a waste of time, and it is a waste of energy. It is a waste of the students' time, and it is a waste of the school's money. It is a waste of the school's resources, and it is a waste of the students' energy.

**Bryant College Representative — Ronald Bateman**
The big day of reckoning in the girls' basketball league is over. Sigma Iota Beta came out victorious in the playoffs against Sigma Lambda Theta. Both teams were very evenly matched, and no one knew until the very last minute who would be the winner.

In the first game Theta started off very fast and had an eight-point lead on SIB at the end of the first period. The work of Helen Page, Peg Marriott, and Janet Walther was excellent, and they broke up SIB's defense completely. To make matters worse for SIB, their forwards choked and couldn't break through the barrier. At the ball was in the lead by 7 points, but SIB had made a big break and threatened to close in. During the third quarter SIB's offense loosened up and shortened Theta's lead by six points. Then in the last quarter SIB put the pressure on Theta. SIB's defense finally won and after the game by three points, 51-48. Helen Page played a great game, scoring 21 points. Peg Marriott scored 10 and Janet Walther 10. SIB's seniors were Anne Moore, 40 points, Diane Clarke, 7, and Fuzzy Eaton, 1.

When these two teams met the second time, it proved to be a big upset. SIB was fighting especially hard to beat Theta this time, so they could pull into the playoffs and have another crack at the championship. The first quarter SIB put the pressure on Theta. SIB took a quick nine point lead. Then SIB's defense, consisting of Marie Ferretti, Carol Kahn, and Helen Hollar, quickly moved forward to give SIB the chance to make up the deficit. Fuzzy Eaton changed Before closing, I'd like to congratulate both teams. SIB played a much better game against good sportsmanship and spirit. I've never seen a group of girls display so much interest in a sport; and the spirit, not only on the part of the teams, but also on the part of the many spectators, was outstanding. Let's see SIB's girls play some softball, girls! Before closing, I want to say a few words about a group of other Sigma Iota Beta that worked just as hard if not harder at times than the teams did. They are the referees, score keepers, and timers. Congratulations! I am sure the members of Sigma Iota Beta will have another crack at the championship in the next few years for SIB's girls.

In Basketball Playoffs

How a star reporter got started...

Margarette Higgins

"I was born in Hong Kong. Spoke only French until I was 11. My family returned to the U.S. and settled in California. My journalism at UCLA and Harvard.

In French we put more emphasis on correct spelling and grammar.

How do you become a reporter? Everyone starts somewhere. I started writing for magazines and newspapers."

Sometimes that they are filled from the top and Hammond, another newcomer to the

gave for action along very nicely.

A note of interest. The Greek Letter Dance has been changed from normal to semi-formal, so let's see all of you there who didn't think you could make it because of the added drums on the budget.

A little recognition to Sigma Lambda Theta for the Easter party they gave for a group of underprivileged children. Any sorority or fraternity action in this line certainly is worthwhile.

I would like to wish all the candidates for the May Queen Dance the best of luck; may the deserving win.

Now a word to the independents. Many of you do not vote at the Snow and May Queen dances because you believe they are strictly fraternities and sorority affairs. They aren't and your votes and interest are wanted, so let's see all of you give an account of yourselves.

A little more on the cancellation of Stunt Night. It seems that even a larger number than before are in favor of it. I would like to hear of its being brought up again before the Greek Letter Council.

That's the campus news for this issue of I See It, but before I close, has anyone seen a scoop for the third exam in Law II?
