BRYANT and RELIGION
A Message from the President

Bryant College continues to evaluate its curriculum in terms of better living as well as better business. This year we are making every effort to make our program consistent with a better life as well as a good business education.

Four competent and conscientious spiritual leaders have been named to cooperate with our existing religious organizations. These four clergymen are wonderfully well experienced to guide and understand the problems of young people. Each is a person dedicated to creative thinking in religious terms.

The Shining Light

Man's hope for the future lies with the youth of this old and wavy world—a world towering on the precipice of destruction. Therein lies our salvation, for we have accomplished through a reawakening of religious beliefs. Religion must be brought back into the daily lives of man, teaching him to love and respect his fellow man. This back is straight and easy to follow. The end of this road holds a rainbow of love and peace which will do away with all our present ills.

The time is now. Everyone should turn to the leaders of his particular faith for the guidance needed in straightening out and preparing for the problems of the future. Many of the problems of the other persons which has been the underlying cause for unnecessary misunderstandings, Misunderstanding which has often led to unnecessary problems which cause them. Professor Richards Addresses Sales Meeting

On September 30, Professor George A. Richards addressed a sales meeting in the Garden Room of the Sheraton-Biltmore Hotel. There were 24 in attendance and the theme of the meeting was "We as Salesmen".

The thought behind the meeting was that "with a declining economic condition, and a tougher competitive position, it is time that the members of the U. S. Rubber Company, the Ralston Salesmen, who sell rubber and food processing machinery, Prof. Richards's talk was titled "Know Your Product". After the speech, the film "'Things People Want" was shown.

Classes Resumed In Night School

Anyone for tennis? In my first article I mentioned the basketball and softball teams, but I neglected to say anything about tennis “chabes.” Yes, the “boys” have hit many a tennis player who wants to get the balls out of the net. Such boys as John Parkin, Don Coteley, and Bob Ansett (all members of the Yale Men’s Tennis Team) have been smacking that ball back and forth everyday. Freshmen, remember, try to maintain your speed to the net and you will always find the above boys ready, willing, and able to help.

The tennis tournament last year ended too late to make the last edition of the Acroway. But for the sake of the records here are the winners:

Men’s singles—John Parkin
Men’s doubles—Bob George and Berni Sherwill
Women’s singles—Hettie Hollard
Women’s doubles—Peg Mortrose and Eva Klee

Mortrose and Berni Sherwill, our able Student Athletic Director, has the basketball and bowling seasons underway. In basketball there are five teams in our league—a fairly strong league. In bowling, our team is the last to arrive.

Bowling is going to be held at the Saunderly Bowling Alley off the G. Sepe’s Cafe. The girls will bowl Tuesday and the boys Wednesday. Four strong teams with such boys as G. Sepe, J. Hall, and E. Mondello. Frank Parach and Frank Rodaro, returning to the team as the backbone of their bowling team. The season has not started yet, for no predictions, either.

Notice—all bowling Athletic Directors—Have your final rosters in before the third week of bowling. After this roster is in, you cannot add any more. Any additions have to be made toward the second of the season. There are ten men on the roster.

The season has just started, so last word to you bowlers—try to get down to the alleys as soon as possible to the strings can move faster. “Pop” would appreciate it.

What’s Happening in Girls’ Bowling
By CAROL KAHIN

The School year seemed to be officially underway as the Sororities started their bowling leagues on Tuesday, October 3, at the Saunderly Bowling Alleys. Several of the teams had freshmen bowling for them that looked very good, and the interest shown by the girls was tremendous. There are many of the old favorites that perhaps you saw last year. There are seven sororities bowling this semester, one more than last year.

Alma Phi Kappa found Mrs. Buxton (our Trainer) and Gamma Sigma came too. Gemma and took four points out of the high school with the former. Out of the eight, Gamma Sigma came in first with a high score for Alpha Phi with an 88 while L. B. Buxton scored 80 for Beta Sigma Gamma’s high.

Kappa Delta Kappa and Phi Upsilon took a position in the second place with 85. Kappa Sigma took third with 85.

Kappa Lambda Theta and Theta Iota both had quite a contest to see who would take the poll. Phi Beta ended up by taking it by one point. They were two points to the Phi Beta and a third place for Chi Omega.

Because of the odd number of teams bowling a Kappa Sigma wasn’t scheduled for a week.

RELIGIOUS CLUBS

It is always a pleasure to mention religious, and social activities for Jewish students. Filled is under the direction of Rabbi Nathan Rosen, the successor of the Ramfus, and Mr. Gertrude Moshe Hochberg of the faculty.

Bryant students join those of other R. C. clubs on Sundays for lunch which is followed by a guest speaker.

There are various social events, language classes, and a book of both at Bryant and Brown in which may participate.

Several social events at Bryant and in conjunction with other colleges are planned. A calendar of events will be posted in the near future.
