Assembly Held To Celebrate U.N. Week

At the assembly on Wednesday, October 28, the International Relations Club presented Nuri Eren, director of the Turkish Information Office, as the speaker of the day in conjunction with United Nations Week.

Mr. Eren attended the American Robert College in Istanbul and the School of Commerce and Economy of the University of Istanbul. Upon graduation he took up journalism and wrote for several of the dailies in Istanbul and the Ministry of Commerce and Industry, Turkey, in 1948. In February, 1948 he was appointed to the Turkish Delegation to the Conference on Freedom of Information in Geneva. He was appointed to the Economic and Social Council in 1949. In February, 1949 he attended the Westminster Conference of the Committee on Foreign Relations. Also in 1949 he attended the Third Committee of the Fourth Session of the United Nations Assembly meeting at Lake Success.

Along with his activities in foreign affairs, Mr. Eren has written:

U. N. WEEK
(Continued on Page 3)

Bryant Will Have Debating Club

Chairman Jim Bryson of the Debating Club announced the engagement of Jacques Lapitz as coach. The Administration has given its approval and Mr. Lapiz will meet with the club each day during the week and on Saturday mornings.

Mr. Lapiz graduated from Brown University in 1946 and is now doing graduate work in the field of Botany. While an undergraduate, he was president of the Brown chapter of Delta Sigma Pi and a member of the Phi Delta Theta fraternity.

Debate is being used for some of the key topics at Harvard.

The following day, Bryant will use the same plan for its second debate.

Students Desire More Exams

Edwin K., S.A.A. (J.F.) — A survey taken among approximately 350 Central State College students concerning examinations, classes, and other student services revealed that many students desired more exams and courses. The students were asked to comment on the effectiveness of the present examination system and whether they felt it was well-balanced. The results of the survey indicated that a majority of the students felt that the present system was too lenient and that more exams and courses should be given. The students also expressed the desire for more courses in various subjects, particularly in the sciences and humanities.

Lack of Interest Noted in Bryant Class Elections

Through the efforts of the student senate and the administration, much time was spent to try to get the interest of the student body in the election of student government representatives. Every upperclassman was informed as to the method for registering and entering the student senate representative, and an indoctrination assembly was held for the freshmen class to give them the same information.

The following facts reveal the lack of interest shown by the student body:

1. Of the fourteen candidates elected to office, five candidates were unopposed.
2. One office did not even have a candidate running.
3. For the forty-seven candidates nominated for office, there was a total of only sixty-three posters. Two candidates were backed by flyers, only one class used the facilities of the speaker system in the gym, and only three classes used other methods of campaigning.

The following facts reveal the lack of interest shown by the student body:

JAZZ:

Jazz is here! (understatement of the year). And it will stay for a long time. Jim, that's for sure. It has definitely established itself as one of the top styles of music today; and it is still developing. Now I'm treading the "final" off "classics" with the reveling "class" used by jazz enthusiasts in reference to it. To be more blunt, it's even "killing" the classical compositions by the re-arrangement of some of the most beautiful classical recordings and turning them into hot pieces of jazz.

Personally, I can see some types of jazz, such as the "Jazz at the Philharmonie" and the such, but when it comes to taking music over the world, I'm not so impressed.

I have to admit that I'm not much of a fan, but when it comes to turning them into hot pieces of jazz, I must say I'm impressed.

The move of jazz to the "classics" is an important step. The love for jazz in New York is enormous, and the demand for jazz adaptations of the classics is on the rise. It is an apt description, and the love for jazz in New York is a reflection of the growing demand for jazz adaptations of the classics.

It is an important step, and the love for jazz in New York is a reflection of the growing demand for jazz adaptations of the classics.

DEAN GULSKI
(Continued from Page 1)
because he does not know the "inside story on town affairs." "For that reason," Mr. Guldask said, "they usually sit there and say nothing."
He prefixed his remarks on the problems existing in the town government with the remark that he would appear "in the expert" but was offering his "thoughts only as observations." In conclusion, Mr. Guldask said that the town's biggest problem is apathy. "We are all human beings, regardless of the color of our skin, or the way we worship; therefore, who are we to judge our fellow man? Let us try to begin to rid ourselves of our biggest attitude toward people. Let us come to associate with our fellow student and worker, not for the color of his skin, but rather for the person he is.

ROSSLYN H. KNOPOW

U. N. WEEK
(Continued from Page 1)
several books in Turkish and has translated Joseph Conrad's LADY M and O. Henry's short stories into Turkish.
In his talk Mr. Kirri told of Turkey's progress in becoming a self-sustaining nation. In the past ten years Turkey's exports have increased by leaps and bounds. She is a great exporter of food stuffs, but mostly ships grains. The aid we sent to turkey has been put to good advantage. Mr. Karl, a student of the Turks' good intentions, feels towards American people. He told of the majority of Turkey's large stories. The boy said into Turkish.

SIGMA IOTA CHI...had a very successful day at the bowling alleys, Thursday, October 19. In our first game of the season, we took three points from the Theta team. The sisters extend their best wishes to Mary Cavale, Gladys Kino, and Joan Teddl - all candidates in the Queen Contest of this year. The best of luck girls. Everyone had a wonderful time at the SIG-PHI BIG joint rash party. After the meetings, everyone indulged in the refreshments, dancing, and a "good ole gay time" in the gym. Just to drop a reminder-don't forget our joint dance, the "Broomstick Ball" on October 20. Come, Come All.
The all brothers and sisters salute everyone of a good time.

KAPPA DELTA KAPPA: The Tau Epsilon-Kappa Delta Kappa rush party which was held on October 18 was a great success. We are sure everyone who was present enjoyed the refreshments, delicious. The sisters were gald to see some of the sorority's alumnae giving us a dinner in the near future. We wish to thank the Mr. B,illion, Mr. Hull, to be held in the near future.

SIGMA IOTA CHI: It is proper that fraternity pledges should associate themselves with men of like ideals and character.

Mr. Scnba of the fraternity spoke of the need for boys to be the "right man at the right time". Mr. Scnba has been an active member of the National Relations Club, having had the opportunity to work with students from all over the country.

The National Relations Club was again happy to have Stanley Scraba of Paterson, Connecticut, as the speaker at its meeting on the 14th. Mr. Scraba showed slides, "The World's Most Beautiful Town," and presented a slide show, "The World's Most Beautiful City." The slides showed the devastation that had been wrought by the bombings. The members were very impressed by the magnificence of the old cloister of Rome. The pictures of Rome were of three sections; the new business section, the Vatican, and the old section. The new business section is the old section, which has been modernized in recent years. The University of Rome, with its beautiful cathedral and statues is very picturesque. The monastery by Mr. Scraba and the superb slides combined to make this meeting a very educational and enjoyable experience for all who attended.

SUCCESS STORY FOR TWO

Joanne Dr. arted her career as a nurse and has been nursing for 6 years. She has been very successful in her job and has received several awards, including the "Nurse of the Year" award. She is now working in a hospital.

The story of Joanne Dr. is that of a nurse who has used her skills to help others. She is an example of what can be accomplished with hard work and dedication.

The success story of Joanne Dr. is one that can inspire others. Her story is a reminder that anyone can achieve success with hard work and dedication. The story of Joanne Dr. is a testament to the power of hard work and dedication.

We made the discovery together that Camels are truly mild.

SUCCESS STORY FOR TWO AND how it started

What's Happening in Girls' Bowling

By CAROL KAHN

After a holiday last Tuesday, the girls' bowling league once again started off with a bang. Everyone at the alley is showing a great deal of interest and enthusiasm whether they bowl or not. Each week there seem to be more spectators than the week before, all cheering for their favorite teams.

This is one of the best incentives to any team.

Starting off at alleys one and two were Sigma Iota Chi and Sigma Lambda Theta. This was probably the closest match of the day. SIGC took 2 points and Theta took 1. Theta's high scorer for SIGC was Mary Cavalleri with 109. Theta bested SIGC 110 to 114. There were several other scores in the 100's.

Sigma Beta Gamma and Phi Upsilon had complete charge of alleys 3 and 4. Even though Marilyn Howie (Beta Sigma Gamma) bowled high for the day, with 121, Phi took away 4 points. The second string was the closest between Sigma Beta Gamma hitting 427 to Phi Upsilon's 444. Kay Lee took high for Phi with 100. Last but definitely not least were Kappa Delta Kappa and Alpha Phi Beta. Alpha Phi took 4 points to go undefeated to the top of the league. Their closest string was the last one when KDK defeated 373 and Alpha Phi 304. Joan Garner (Alpha Phi) bowled 101 and Eleanor Wilbur (EDK) 83.

Sigma Beta Iota had a bye this week but they were down watching Sigma Iota Chi and bowling among themselves.

Grass Groves On Athletic Field

Thanks to favorable weather, the grass has been planted on the athletic field and is coming up nicely. All the work on the field has now been completed, and the field should be ready for next spring's sporting season.

The administration is very anxious that the student body take full advantage of this new facility, which cost the school approximately $7,000. New games, such as handball and volleyball, are going to be added to the sports curriculum on the field.

The field is for the enjoyment of the student body. Any suggestions as to possible new games for the field will be given careful consideration. This should make it possible for every student to partake in this sport of his choice.

Hurricane Damage Aid Offered to Veterans by VA

World War II and post-Korea veterans in four New England states, whose homes were damaged or lost during the recent hurricanes, may get assistance through the Veterans Administration Loan Guaranty program, John Robert, Manager of the Providence VA Regional Office, announced today.

The President has declared the areas of Maine, Massachusetts, Rhode Island, and Connecticut, affected by hurricanes Carol and Edna, as major disaster areas.

The Administrator of the Housing and Home Finance Agency has informed VA that the President’s action the Federal National Mortgage Association (FVMA) will make special credit aid available to veterans made homeless by the hurricanes.

Veterans who have all or part of their Loan Guaranty benefits available will be eligible. It will be the VA's responsibility to determine if this special credit aid by applying to their lenders for G.I. loans. VA does not offer any less on the original loan. VA, Mr. Harvey said, also urges veterans with G.I. loans on homes affected by the hurricanes to get in touch with their lenders to work out plans, if necessary, for extension of or replacement of loan payments. VA will cooperate fully.

Lenders holding G.I. loans also may grant supplemental G.I. loans to cover the cost of repairs to the homes or for property damage.

Further information concerning these credit aids to veterans who were affected by the hurricanes may be obtained by writing or visiting the VA Regional Office, 100 Fountain Street, Providence, Rhode Island, Mr. Harvey said.

WHAT A PAIR!

WHAT A BUY! Chesterfield regular and king-size. (Both at the same price in most places).

Jack Webb and Ben Alexander
You know them best as Sgt. Joe Friday and Officer Frank Smith, stars of Chesterfield's award-winning "Dragnet" on TV and Radio. They're now starring in the movie, too, in Warner Bros.' great new picture, "Dragnet."
