SIB and BIB Afford Children A Trip to Summer Camp

Plans have been launched by Sigma Eta Beta and Beta Iota Beta to send a few children from the Rhode Island Children's Center to summer camp at Beach Pond.

This is the first camp of its kind to be introduced on Bryant's campus. It will give some underprivileged children an opportunity to spend time at a summer camp, an opportunity which otherwise might not have been possible.

The money made on the successful sale of Christmas cards and dances held throughout the year was set aside for this special occasion. The children will leave for the sequined week in August for two weeks. They will be under the guidance and supervision of competent instructors.

Members of the sorority and fraternity will present this scholarship fund to the executive board of the Center sometime in July. SIB and BIB have previously displayed their charitable acts by donating party favors, from time to time, to the children of the center.

The 'Behind the Scenes' Role of the Placement Bureau

By Tom Graham

Mid-semester is here and gone, and with its passing, seniors are thinking more and more about employment following graduation.

The Placement Office also maintains contact with many other large firms, such as Firestone Rubber Company, Radio Corporation of America, and Continental Can Company.

"Career," a book highlighting job opportunities in 26 leading national companies, has been distributed without charge to every student.

Mrs. Love encourages seniors to discuss with her the opportunities of particular companies. Her only requests are that you know what kind of employment you want—public or private accounting, working for the government or for private industry, willing to work only in Rhode Island, anywhere in New England, out of the country, etc., and (2) that you have the necessary qualifications for the positions you seek.

Beta Sigma Chi Celebrates Its 30th Anniversary

By POPULAR ACCLAIM the May Queen of Bryant College for 1955 is chosen and crowned at the BIB May Queen Dance held in the gym on Saturday evening, May 7. President George Kotuby places the crown on the fair head of lovely and popular Ellie Schach.

Since then, Beta Sig has been a Bryant tradition. It is especially distinguished by the annual May Queen is chosen to crown the May Queen. This crown is a symbol of the fraternity's goal of selecting someone who is an example of the ideals of the fraternity. She is chosen by her peers on the basis of her personal qualities, academic achievements, and potential for leadership.

Money is not so much the root of all evil as the things that money can buy. Two Spalding men proudly display their awards and trophies during Open House day.

Just One of Many, Sis!

Way back in World War II, the gal of honor somehow got tired of being a plain old weltschmerzer and got herself a civilian closer at hand.

A “Dear John” was what they called the letter she'd write the service man. It was the first assignment in the form of letter writing, and preparation needed to select his or her future career.

Now, it's not going to be the seminar by informing the student of what their career will be. It's to prepare himself for a position. He stressed the importance of knowing interest and of being able to write a letter.

Mrs. Love, Director of the Placement Bureau, spoke of the importance of writing letters and preparation cards that would be sent out in the near future. These cards would be aimed at important parts of the student’s career, including the right type of job. She also stressed the need for a planning letter that would be written first in her opinion; because the matter of appearance will be

Bryant College Site of 1955 Spring Conference for Teachers

On Friday, May 6, a special assembly of faculty and students were held at Bryant College for the Spring Conference for Teachers. The Little Eastern States Association of Secondary Schools held their annual meeting in Rhode Island.

The theme of the conference was “Sociology and Education.” Faculty members and students from various schools in the region attended the conference, and the keynote address was given by Dr. Alan Lloyd, President of the Rhode Island College of Education.

The conference began with a welcoming speech by Dr. Lloyd. The keynote address was delivered by Dr. Lloyd, who spoke on the importance of sociology in education. The following topics were discussed:

- The Role of Sociology in Understanding Student Behavior
- Sociology and Curriculum Development
- Sociology and Social Change

The conference concluded with a panel discussion on the future of secondary education in the region. The panelists included Dr. Lloyd, Dr. Alan B. Smith, and Dr. Ethel M. McGraw.

Professor Buley, president of the University of Connecticut, addressed the gathering.

The conference provided an opportunity for educators to share ideas, best practices, and strategies for improving secondary education in the region. The attendees were impressed with the range of topics covered and the depth of discussion.

The event concluded with the presentation of awards to outstanding students and faculty members. The attendees were impressed with the range of topics covered and the depth of discussion.
CONGRATULATIONS to Phi Sigma Nu for their bow victory over Alpha Theta Chi in the Bryant Softball championship. It was one of the biggest sports upsets at Bryant this year. The reason for their low victory can be attributed to the great team play they displayed. No one man can be said to have done it all.

Dave "The Chesterfield Kid" Di Rosa bowled one of the greatest strings this writer has ever seen. In the second game of the playoff, he bowled a magnificent 149. This score was 21 pins higher than the regular season record set by Alex Horschity. In the same string that Dave bowled his record, Jack Hall, the most feared bowler in the school, also bowled a terrific string of 131. Dave and Jack shared the spotlight for being the leading scorers in the playoffs.

With Phi Sig forming the first three strings of the playoff, the press was naturally enthusiastic about Phi Sig taking the championship. It was expected that the Phi Sig team would make one big jump and sweep the remaining playoff games. This was what happened, and Phi Sig took the championship with a 155 pin total.

The third string proved to be equally difficult for the Alpha Theta boys, as Phi Sig's Dave Di Rosa came through with a string of 159. This string set a new regular season record for total pins. Phi Sig completely overshadowed a very respectable 152 bowled by Jack Hall of Alpha Theta. No matter how true this string seemed to take the punch out of Alpha Theta's fighting spirit.

The third string proved to everyone that Phi Sig was "hopping" and ready to continue its string of victories. They are not the only team that can win when they can. The Alpha Theta team is making a comeback and is now ready to challenge for the next season.

In conclusion, the Alpha Theta team is making a comeback and is ready to challenge for the next season. They are a very strong team and will be a force to be reckoned with in the next season.
Student Senate Speaks

By Al Hills

Things in the Senate have been as few of the truly tough things have been done with some deep consideration to be given. A couple of instances:

As was reported in the last issue, a motion had been tabled for consideration of the Senators as to whether a Senator had the ability to hold an office in the Senate and still represent a member.

The vote taken indicated that a majority of the Senators were in favor of it, and it was passed. This means that any Senator holding an office within the Senate may also hold an office in any other organization at the same time. Any officer of the Senate, however, does not have the privilege of voting. It was provided that in such situations the alternate of the Senator affected may vote in that Senator's place.

A vote was taken on the matter of charging students $0.25 cents and guests $1.00 admission to the presentation of the "Merry Widow." A majority vote passed the motion. This vote only means that the Senate thought it a wise thing to do when all students pay an activities fee. The Senate is pleased to note that the motion was not decided not to charge Bryant Students.

A report was made by Senator Hills (Simpson House) in regard to the Cafeteria. Some improvement has been shown by the Senate. It was requested that the drive go on. All students are urged by the Senate to cooperate in keeping the cafeteria clean by putting sandwich wrappers into their lunch bags and then keeping them off the floor. It was noted that Mr. Falchione is co-operating 100 per cent by adding an extra man to clear tables.

Discussion was held in regard to the acquisition of clocks for the Bar, the Study Hall and Room 2A. Mr. E. Gardner Jacobs said that it would be taken care of.

Senator Dan Spaight suggested that Mr. Falchione be asked to supply a menu of the week's meals in the cafeteria. President Dunne said that he would take the matter up with Mr. Falchione as soon as possible.

President Dunne reported to the
