Chi Gamma Moves Into Final Playoff Berth With Big Win Over Tau Epsilon

By WALT LARSON

Chi Gamma, with a heavy hitting attack, snared Tau Epsilon right out of the playoffs. Tau Epsilon started off with a bang as they collected 3 runs on an error, but then Chi Gamma was in the lead from the first inning. Bob Paullin, leadoff hitter and a two-time winner for Chi Gamma, started their half with a double, but was out trying to stretch it into a triple. Chi Gamma continued on their way and collected 8 runs in the game. In the second Tau Epsilon loaded the bases with one out, but Bob Kofsuake allowed only four hits to each of the teams and earned the win. Chi Gamma's pitcher, Bob Kofsuake, pitched his way out of trouble as he forced Mike Rodeger to ground to a force out to second. Chi Gamma collected three new runs off of the second in Chi Gamma by smacking a triple, but was out trying to stretch it into home. Joe Calvo walked and scored with a hit on a triple by John Marable. At the end of the second it was 5-5 in favor of Tau Epsilon.

A co-ed is the young female-faced child whom you sent off to college. She looked enough to be alone at night with your hair, brown eyes, Bobby Sox, and tears rolling down her chubby cheeks as she lay weeping goodnight at the station, promising to write. 

The winning pitcher, Joe Trepani, ace hurler for Chi Sigma Psi, has proved himself one of the best pitchers in the league. Joe Trepani comes from the city of Pittsfield, Mass., and entered Bryant last fall. He was one of the big guns in putting Phi Sig in the Night League last year. He has again put Phi Sig in the finals this year, and Joe has proved himself a very versatile man in Phi Sig's sports programs.

He is still your girl and she still loves you and wants you to be happy. Joe Trepani's nose is inquisitive, his eye is quick and his tongue is sharp, he is oozy, old man.

President Signs New Law Increasing VA Guarantees of G.I. Farm Loans

World War II and Korean conflict veterans will find it easier to get G.I. loans to purchase farms on which they have been occupied or to construct or improve farms under a new law signed by President yesterday.

The new law increases the Veterans Administration guarantee of G.I. farm loans held by private lenders, to sixty percent of the loan with the maximum guarantee of $750,000 on the following three types of loans:

1. For the purchase of a farm on which there is a farm residence occupied by the veteran on land owned by the veteran. The percentage guarantee would cover not only the farm and residence but all other buildings which are considered as part of the realty.

2. For the construction of a farm residence to be occupied by the veteran on land owned by the veteran. In the case of a veteran who builds a residence on his farm, the new law passed the present law.

3. For the repair, alteration or improvement of a farm residence occupied by the veteran on land owned by him. Such repairs, alterations, and improvements must protect or improve the farm property or utility of the farmer.

John L. Reavy, Manager of the VA Providence Regional Office, said the new law passed the three types of farm loans on a parity with G.I. home loans—both of which carry sixty percent up to $750,000 guarantee.

The guarantee on G.I. loans for improved farms or for the repair of farm buildings other than the residence itself will remain at forty-five percent of the loan with a maximum guarantee of $400,000.

The guarantee of farm non-realty loans for such things as trucks, seed, feed, and equipment remains at fifty percent of the loan with a maximum guarantee of $200,000.

Mr. Reavy said that while maximum guarantees are set by law, the amount of the loan obtainable by a veteran depends on the policies of the lender.

In the eleven years of the G.I. loan program, VA has guaranteed or insured (5,768) farm loans totaling $320,000,000. Veterans already have paid back in full 39,865 G.I. farm loans totaling $280,000,000.

VA has had to pay claims on only 2,000 farm loans. Net amount of the claims paid is $1,456,400 and that amount is subject to further recovery through the liquidation of tangible security or from the veteran.

Veterans with GI loans have until July 25, 1957, to use the GI loan benefits. The law, which covers conflict veterans, has until January 31, 1965.

Work Performed by Pledgees on “Help Day” Lauded by Children’s Center of R. I.

Mr. Robert G. Drew-Bear, Alumni Secretary of Bryant, recently received a letter from Mr. James H. Reilly, Chief Supervisor of the Children’s Center of R. I., thanking the Greek Letter organizations for their volunteer work during the “Help Day.”

The letter received was as follows:

Dear Mr. Drew-Bear:

Please express our sincere appreciation to the Greek Letter Society, which rendered your valuable service to us through volunteer work last week. The young ladies who worked at our sorority room were of real help. The men who cut brush, weeded our gardens and cleared the area large enough for parking accomplished work which might have taken several days to achieve, otherwise. We believe that this program for Bryant students to render public service is most effective.

We welcome the participation of Bryant students, since in the final analysis, it is a contribution to the welfare of our children.

With many thanks,

Very truly yours.

Chevrolet's special hill-flateners! 162 hp V8 180 hp V8

See that flat mountain monster? You can iron it out, flat as a foundation... and easy as whistling!

Just point one of Chevrolet's special hill-flateners at it (either the 162-h.p. "Turbo-Fire V8" or the 180-h.p. "Super Turbo-Fire"...), and pull the trigger! Brrr-rooo-o-o-o-g-o-o-o! Master, you got you a flat mountain... At least it feels flat. For here are engines that sing as sweetly as a dynamo... built to pour out a torrent of pure, vibrationless power. Big-bore V8’s with the shortest stroke in the industry. So most of the time they loaf. Even at the speed limit they just dream along, powerful and ready to leap if needed. An engineer can understand why they are so hyper-efficient. But you don’t have to be an engineer to know these are the sweetest running V8’s you ever piloted. Just come in and try one out!
