Former Basketball Player Arrested For Gambling  
Seven Players Now Linked to Probe

Mark Pliskin  
Archway Staff Writer

Bryant senior Christopher J. "C.J." Simmons was arrested Monday and charged with organized criminal gambling and book-making.

He was arraigned in District Court, Providence, and released on personal recognizance. The charge of organized criminal gambling is a felony and is punishable by up to five years in prison and a $10,000 fine.

Another player was also suspended from the team, but was not named by the college, bringing the total to six players suspended. Simmons, who was dismissed from the team February 18 for "violations of team regulations."

According to Bryant spokesman Jack Oldham, Simmons arrest comes as a result of the ongoing criminal investigation into the ring, which has brought State Police investigators to campus at least twice since last Wednesday," Oldham noted the investigators have been interviewing students about the ring.

An affidavit filed in court in connection with Simmons' arraignment said Simmons implicated himself once police began interviewing him. In the affidavit, Simmons admitted passing out and collecting money on about 200 football cards a week.

State Police say they have sworn statements from several Bryant students saying that Simmons took bets for Zimmerman.

Four players in addition to Simmons were named two weeks ago in connection with the gambling ring allegedly mastermind by former Bryant senior Matthew Zimmerman.

Simmons has met with the NCAA, he said, and is facing the loss of scholarship and eligibility.

The FAA Collegiate Task Force was investigating the ring Wednesday when police arrested Simmons.

Bryant's search for new graduates is the job of a team headed by Bryant's William T. O'Hara, who chairs the task force.

Bryant's Big Sister organization took part in the Big Sisters Association of Rhode Island two day Bowlathon this weekend, Bryant sent three teams of four members to the Rock n' Bowl for Kids' Sake on Saturday and two teams to Rhode Island other area colleges. Combined with the general public donations and pledges received from bowling on Sunday, the event raised between fifteen and sixteen thousand dollars for the various programs sponsored by Big Sisters. Bryant's three teams raised $687 dollars.

According to Bryant's Big Sisters Vice President, Maureen Cawley, "It is expensive to keep big and little sister matches together."

The Big Sisters organization started at Bryant in 1986 as an affiliate of the Big Sisters of RI. Originally they hoped to recruit college students to be Big Sisters. Now, they have the focus has changed to accommodate the girls that are on the waiting list for big sisters. The year, some of the girls came on campus for a scavenger hunt. Cawley stressed it is not mandatory to have a little sister through the organization to participate. "Most of the girls come from poor parts of the state and they really enjoy coming on the campus for the special events," said Cawley.

Entry Level Positions Vary Little in Average Salary

An entry level accountant is expected to earn between $22,300 to $29,200 per year, according to a recent report published in New Accountant.

According to Terry Shovkov, the national director of public accounting for Robert Half, Inc., "Companies tell us that they are looking for graduates who are well versed in the area of book keeping, a demand for book keeping and a demand for book keeping professionals, but the entry level accounting positions are very limited in the market now."

Howard S. Honig, a CPA with Source Finance, suggests that students apply for temporary work, not only to develop marketable skills, but also to have an opportunity to develop a network

Narrow Difference in Salaries

A recent report by Robert Half International shows that the average accountant will not benefit greatly by choosing public accounting over private accounting.

SOAR Aims to Reach Out

"You would like to think that racism gets old, but it doesn't. It consistently resurfaces," said XEROX Executive Vice President Barry Rand in an article in yesterday's USA TODAY. The issue of racism did in fact resurface yesterday at Bryant College. Fortunately, SOAR, or Students of Oppressed Racial and Ethnic Groups, had a proposal for some proactive measures for the 1990's, not with the tenacity of the reactive 1960's.

Yesterday afternoon, two members of The Society Organized Against Racism (SOAR) in New England Higher Education, Inc. were the guest speakers at a meeting of several campus administrators and students. President of SOAR, Harold F. Smith, assisted to the president of the University of Rhode Island, and SOAR member, Sam Turner, assistant to the president at Lesley College, explained SOAR's role all about and invited Bryant College to become an institutional member.

According to their informational literature, "SOAR is an organization of colleges and universities committed to the formation of a perspective for studying the effects of racism in higher education and to share resources with member institutions of the organization."

Members of SOAR include the students/faculty/administrators/staff of such schools as Amherst College, Brown University, Connecticut College, Dartmouth College, Lesley College, Northeastern University, Providence College, Rhode Island College, and 22 other schools from around New England, New York, New Jersey, and Pennsylvania.

Remember student voices count. According to the SOAR members, the impetus for active membership in SOAR must come from the students.

The purpose of SOAR is to address the issues of racism, prejudice, and discrimination. What makes this ten year old organization unique is that its members are primarily from the majority, "not minority," races.

Harold F. Smith indicated a reason to join SOAR is not because there is an obvious racism problem on a campus because, "Racism is very subtle." And as a result, it exists in many facets of everyday campus life that most people overlook. Membership in SOAR will provide a basis for multi-ethnic interaction to understand and accept differences between races.

On April 10th and 11th, SOAR's 10th Annual Spring Conference will be held at Johnson & Wales University in Providence. Smith and Turner have extended an invitation to Bryant to attend the conference to find out firsthand what SOAR is all about. All students interested attending the conference to further investigate how SOAR can fit into SOAR should contact Deb Passerella in the Student Activities Office (3rd floor, Bryant Center) before April 1.

**Commuters Looking for Help**

To the Editor:

The Commuter Connection is looking for greater participation. There is currently a crew of dedicated individuals who are working very hard to make sure all Commuters are fairly represented. Let's see if we can double that effort by the end of the year. On April 1, we will be holding elections for next year's officers. We hope and expect that people will participate in order to determine the future of the organization that represents them on the Bryant College campus. With approximately 600 commuters it is inexcusable that only ten students actually participate. So think about your academic career at Bryant. Students join organizations for many reasons: fun, building an impressive resume, genuine interest in the group, and the feeling of making a contribution. So become involved in the Commuter Connection. We are an organization that is fun, and has an impact on campus. If that sounds good to you, show up to the elections, enjoy the refreshments, the good times, and help make an impact.

Thankyou,
Commuter Connection '92

---

**Wanted: Return of Stolen Memories**

This is a plea to the person who is in possession of two prized baseball cards that used to sit on a shelf over my desk in my office. The two cards are a 1959 Topps Mickey Mantle and a 1940 Moe Berg. I have owned the '59 Mantle since I was 9, (there that gives my age away) the card is not in good condition as there is a minor, but visible crease in the lower right corner, and the edges are comfortably rounded.

The book value on this card may be $30.00. Moe Berg was an average baseball player who spoke seven languages fluently and acted as a spy for the U.S. during the 30's and 40's. He was called the "most educated baseball player of all time." This card is probably worth $10.00, if anyone would buy it. Both cards are certainly worth more to me in sentimental value.

I have a feeling that this person appreciates the sport of baseball as I do, because there are many other collectable pieces in my office that were untouched.

I would be ecstatic to see these two special moments back on the shelf where they belong. They can be placed in an envelope and put in my faculty mailbox in Suite B at your convenience, no questions asked. Further I would be most grateful to anyone offering confidential information that may lead to the cards' return.

Thank you,
Doug Levin

---

**Malicious Destruction of Property**

Saturday, March 21, 1992

At 12:30 am, a Public Safety Officer entered Hall 15 to assist the on-call electrician with a problem in the fire alarm system. The on-duty Resident Assistant (RA) informed the officer that he had witnessed a student punch the annunciator panel located at the hall entrance. The RA stated that the student was previously involved in an incident outside and was very instable, apparently venting his frustrations on the annunciator panel. The on-call electrician determined the cause of the system trouble and repaired the damage.

As the Public Safety Officer was leaving the building, the suspect entered the building and was identified by the RA. The student attempted guilt, was advised of the severity of the actions (tampering with a life-saving device), and was released. A report was filed and is pending review.

**Commuter Accident**

On Saturday, March 21, at approximately 6:35 pm, a vehicle was entering the campus when its vehicle slid on some slush and hit an embankment. The male claimed that his vehicle was moving at approximately fifteen to twenty miles per hour when he lost control. The vehicle received medium-heavy damage to the front, while rear damage was minor.

The Smithfield Police Department (SPD) was on scene and interviewed the male. Two witnesses located their notice of the accident.

Task Force Investigates Gambling
continued from page 1

Many questions have been raised in the last few weeks about how thorough the task force can be in its investigation while avoiding interference with the police investigation. In a story in the March 5 edition of The Providence Journal, columnist Bill Reynolds suggested a task force is a neat way of investigating "outreach to other institutions."

Among the institutions already contacted is the NCAA; O'Hara noted the task force was also attempting to make contact with the University of Nevada-Las Vegas center on gambling.

O'Hara said he is very satisfied with the makeup of the task force, calling it one of the best committees he had ever served on. Because of the group's diversity of backgrounds, O'Hara said, it is very competent to investigate the situation, and it serves to "generate confidence in the people who appear before us."

The task force's report will be presented to President William E. Trueheart on April 15.

Commuter Connection
General Meeting: Wednesday, April 1, 1992
11:00 AM in Meeting Room 2B, Bryant Center

Nominations for offices will be held. If you are interested, please attend.

Fleet V.P. to Speak on Economic Outlook

“William Becker
Archway Staff Writer"

“The Region's Economic Forecast” will be the subject discussed in the third session of a four part “Bryant College Breakfast Speaker Series”

Gary Ciminero, the Chief Economist and Senior Vice President of Fleet/Norstar, will be the guest speaker at the breakfast. As a specialist in economic forecasting and financial analyst, Ciminero has previously appeared before Congress to present testimony on economic issues.

The breakfast will be held on April 15 at the Holiday Inn, Down­town Providence. It is sponsored by the Graduate Alumni Council and the Alumni Association Executive Board.

The series will wind down on May 13, with a look at the workers compensation reform by Frank Holbrook, the executive Vice President of the RI Chamber Federation.

Tickets for the breakfast, which is open to everyone, can be purchased for $10 each at the Bryant Alumni office.
You are Your Credentials

by Jim Murray

On Thursday, March 5th at Providence College, the Director of International Business Services for AT&T, Mr. Ray Butkus, spoke to the Providence College Career Development Cadets, including Bryant College, on the similarities and differences between the Army's management approach and those used in contemporary business. The theme was that the Army is a human resource machine and that proper use of human resources leads to more productive and fulfilling operations for both management and labor.

Mr. Butkus currently is responsible for a $2 billion business unit of AT&T. An overview of his career provided insight on how he believed that Army training made him a better executive. Mr. Butkus was a 1972 business graduate of Providence College and received his commission through the ROTC program. Upon leaving the Army, he parlayed his military experience as a Signal officer into a mid-level management position with AT&T.

Volunteering time from his schedule to come to Providence to speak to the cadets. His experiences and responsibilities included his role in AT&T's development as a Fortune 500 executive once he left the military. He encouraged the academic cadets and business leaders to make the most of their experiences in the military.

Mr. Butkus stressed the fact that training workers is the most important and rewarding aspect of management and is something the Army does regularly and to the extreme. He pointed out the fact that these multilingual and multiconglomerate types like AT&T can only provide limited training environments. But, he said, he had an edge on his peers as he came up the ladder due to his prior responsibilities as an Army officer.

The audience asked many questions. Before adjourning his lecture, Mr. Butkus urged us to learn from our daily interactions with people because, "business is conducted with a thorough understanding of human needs, emotions, and motivations." All of the aspects are developed as an officer in the Army and are reflected quite clearly in your credentials.

Follow the Bouncing Check

Off the Cuff
Mark Pilchik
Archway Staff Writer

I can't really say anything witty and humorous about it. Besides, I suspect this won't work anyway - we're talking about Congressmen, after all, and lets face it, most Congressmen spent too much time in office, on a football field, or answering to names such as "Gopher" on cretin TV shows, and don't have a real firm grasp on reality.

I have come up with a solution that I feel will quickly resolve this problem in such a way that 1) Congressmen will never, ever, ever as long as they live, even after the afterlife, never, bounce another check again, and 2) We, the taxpayers of this country can stop doing into a pulp with blunt objects.

Previously, one of the major problems with members of Congress is that many of them have served for 20 or more years, some as many as 50 years, and have lost a little bit of their mental capacity, not to mention control of major motor functions such as the ability to synchronize one's lips with one's thoughts so that the end result is intelligible. Senator Strom Thurmond leaps to mind as a perfect example. So I propose that we limit Congressional terms in the House and Senate to two terms - four years for the House and eight for the Senate.

The catch to this would be that they would all be required to wear one of those "house arrest" trackers which go off whenever the person wearing one crosses an established boundary.

The difference would be instead of going off when crossing a boundary, it would go off whenever a Congressman attempts to write a check for a major item such as boat, or buy a house, or engage in an entire voting district. Of course, once it goes off, the alarm would trigger a series of beepers belonging to various taxpayers, who would then rush to the scene and pummel the Congressman with whatever happens to be handy - spare tires, rubber hoses, their Congressional American Express Platinum cards, etc.

Of course, we'd all need someone to take care of the administration of this system.

I will volunteer to do this for a mere $50,000 per year, plus the book and movie rights to the story of "How Rubber-Gate Went Down in History as the Stupidest Name For a Congressional Scandal Ever in the History of Man."
Hidden Fat Facts

It’s easy to watch the amount of fat you eat when you control the measuring, spreading, streaming and cooking. However, hidden fats can trip up even the best lean eating intentions. Knowing the sources of hidden fats is important step towards reducing overall dietary fat. Examples of foods high in “hidden fats” follow. To reduce the amount of fat in your diet, eat these foods infrequently and in moderate portions:

- Nuts, nut spreads such as peanut butter, seeds
- Croissants, doughnuts, sweet rolls
- Biscuits, corn muffins, bran muffins with nuts
- Hard sausage, bacon, sausage

Hidden Fat Facts

Arthur L. Faust

It’s an in-between season. Winter is over, but not really. Its last day gave us more snow locally than practically all the other days of the season combined. Spring is here, but not yet. The warm days of a few weeks ago will be back, and then the glory of the new season will burst forth.

In Jewish tradition, Passover is not only the first holiday, but it is the festival of spring-time. Time was, when I commenced Passover with the High Holidays of Rosh Hashanah and Yom Kippur. The Feast of Unleavened Bread (Passover), I thought, focused on the renewal of the world as a whole, while the High Holidays in the late summer/fall focused on the renewal of the individual person. But this comparison has its limits.

by Chris King and Adihye Haviva

I must go down to the sea again, to that lonely sea and sky,” said poet John Masefield.

In 1990, a lucky group of fifteen Bryant students skippered by then-rope skipper Rocco DePace, decided they must go down to the sea, or at least to area lakes and ponds and take up sailing on some not so tall ships.

They started like adventures, scheduling themselves fourteen collegiate regattas then borrowing boats and equipment at each site. Without any practice they managed to capture a few second and thirds in races. At that point DePace recalls, “The team needs to be recognized on the collegiate level, we also need a place to practice. We know we could then be a strong competitor.”

Last spring, therefore, they positioned the Student Senate for funds, which were ultimately approved. This fall under new president Craig Zaluski, the team found a home. Bryant has contract with Holy Cross College, which is about thirty-five minutes from Bryant, for the use of their boats and facilities.

The Holy Cross facilities have great potential. The team now has the ability to practice and race at any time, which will give the team more potential.

The sailing team consists of many champion sailors including Rocco DePace, Craig Zaluski, Rob Fortanelli, and Kevin Carac. Crew members include Donna DeRey, Regina Bernard, and Chris Walsh. In all there are twenty five crew and skippers on the team.

The team is still a long way from America’s Cup standings, but is trying diligently to instill unity.

“We hope to become more well known on the collegiate level, and a top competitor,” DePace says.
Purkies Video Pick: Mobsters

Mobsters has a star-studded cast, and one of the most exciting themes in Hollywood, the Mafia. Despite this, Mobsters seems to fall short. It is a bit to clean and the players don't quite have the aura of the Godfather.

Christian Slater plays Charlie Luciano and starts off with one of his classic performances. His Chicago accent takes some getting used to, but he manages to carry it off with that nichol version of the effect, which has earned him the nickname Young Jack. Christian Staters' presence on the screen is awesome, his low tones are perfect for a mobster, but the character itself needs a little work. There are interesting facets to it but nothing is revealed to deeply. However, Slater is memorable.

Patrick Dempsey plays Meyer Lansky, his Jewish partner, he is the quiet guy in the back paying off the cops. He is worthwhile hidden in the movie.

Anthony Quinn plays Don Mazura, beautifully. He is calm, quiet, running contemplative one moment, then intense and still minded, and then the crashing and dangerous.

Michael Gambon plays Don Farrnaccino with great dexterity and menace.

Probably one of the most enjoyable characters in the movie is Mad Dog Cole played by Nicholas Sadler. Mad Dog is a fine-lime born man. He is loudly insane, and brash. He provides for most of the serious violence.

The plot of the movie was interesting. The ethically minded gang of "Lucky" Lansky, Lansky, Costello and Siegel play off one man against the other as they rise through the ranks of the mob. Meanwhile getting support from the JewISH Mafia. You never quite know what is going to happen next. This movie kept me riveted, I watched it twice. Six times, next year you at the video store give it look. ***

(Out of 5)

CLASSIFIEDS

SUMMER JOBS. $9.00/hr. or commission. Advertising sales. Sales experience helpful, but not necessary. College students preferred. Work close to Bryant. Call recommended. Call Steve George at 18606. 02940, to set up an appointment. PATRON MARKETING GROUP.

APARTMENT for rent: 2 beds, 5 rooms, 12 minutes from Bryant, furnished, townhouse, first floor, no pets welcome. Apply to: Charles & George, 407 elevator, P.O. Box 50725, Providence, Rhode Island, 02940.

EDUCATION: UNEMPLOYED. B.S. in Accounting major. Seeking part-time work. 65.50. Call 593-0528.

class=cellspan>WANTED: Home for a healthy 12-year-old Celtic. Family is relocating and can't take dog. If interested, or if you know someone who can help, please call The Archway at 232-6028

The Archway is looking for an Accounting/Finance major interested in gaining useful experience. For more information call

The Archway at 232-6028 during daytime hours.
**Alpha Phi**

We would like to CONGRATULATE our new Sisterns: Shannon Hopkins(Oxbow), Lisa Walk (Whiskers), Jenny Carling (Lincoln), and Christy Simmons(Swift)! You guys are the greatest!

Also, congratulations go out to Phi Sigma Sigma and Sigma Sigma Sigma! The weekend started off for Thursday night! Thanks to all that attended and showed up! Congrats new sisters! Thanks to H-1!

In awards last week: S.O.T.W.-Kramer and Space- Chumley! Wel: deserved. Get psyched for the formal this weekend and the gathering tomorrow night!

Happy Birthday to Tonik and a Happy 25th Birthday to Paceo today! Enjoy!

Before I sign off there's one Question of the week: Who brought the mousse?

**BEAC**

by Mario Rosenhaim

Hi! Here's the rundown on this past Tuesday's meeting. Jen's from BHC and Michelle from Special Olympics came to grace the BEAC volunteers with more info about their participation in the April 2 events. If you haven't volunteered and missed the meeting someone will be in touch with you for more information.

Also keep an eye out for the BEAC, BRYC, COLONIAL and will soon be recycling 6-pack rings in the Campus Dining halls. The area.

Members voted for the most outstanding members and officers for Recognition Day. 1990. They should be honored for their hard work and dedication to BEAC.

Thanks to volunteers who will be working at the organizational fair on April 11. Please contact Alex Thomas if you have questions.

BEAC, several older local colleges, and the Department of Environmental Management are working together to bring an environmental education program. The program will be for both elementary and high schools in the area. If you are interested, or would like to plan the program for our school choice probably Smallfield Elementary (please come to the next meeting or write BEAC Box 5)

**BHC**

by Nicole Clouter

Hello everyone! Sunday, seven members of BHC attended St. George's school play and we'd like to thank them all for their time and effort. THANKS!!! On April 13th we'll be heading off the area Comfort. There will be a DJ and a S2 cover for a good cause. The profits will go toward National Hanger Clean-Up Day (NHCD).

The next meeting will be Tuesday, April 14 at 6:00 Dorn 16 Lobby. Look at the Campus for more info., dates, events, and meeting info. Any questions-Beta Box 5

**Beta Sigma Chi**

by Craig Nelson

It's been a slow week. But the Beta Bombers were back in action after a three week layoff. The intramural hoopsters pulled off the upset of the week. Beta is 134, Phi Kap 81. After this thrilling, it is easy to see that we are going into the playoffs at the 1 goal. An anticipated rematch is forthcoming. Player of the Game goes to Joseph who made his first appearance of the season. Not only did he lead all scorers with 41 points, he also went a perfect 4 for 4 from the floor, picked up 23 rebounds, and swiped 11 steals. Ball, Otter, and Chumley also scored for the Bombers. That's all for now. Next week...

**BHC**

**Bryant Players**

by Lori Nowak

I am the tablespoons that ends up on your shirt... I am your worst nightmare. The Bryant Players are going to be performing an accountant's frightful dream - to be stuck on stage with even knowing what he's doing there. We are presenting a dinner theater at which cacophony is our theme - singing and dancing and cracking jokes, coffee and lemonade will be served. It's called AN ACTOR'S NIGHTMARE and will be performed April 5th in South Dining Hall at 7pm. Admission is $2 for students, $4 for Bryant Faculty, Alumni, and Administration, and $6 for non-sponsors. For tickets please call Jerry at 232-8419 or Ramon at 232-4382.

**BYE-BYE BIRDIE** will be performed April 10th through the 16th Watch for more details.

We know everyone is stressed but before you fly over the cuckoo's nest, everyone, you're all doing a terrific job - hang in there - just a few more week!!!

**Delta Chi**

by Michael Protack

Hey everyone... elections were held this past Sunday and the following are the lucky winners. Our new president is Philip T. Shepherd, Vice-President - Michael Manunta, Secretary - Thomas B. Flanagan, Treasurer - David Smith, Advisor - Kevin McCassey, and George T. Comer. Also, congratulations to the new sisters of Sigma Sigma Sigma, Phi Sigma Sigma, and Alpha Phi. Happy birthday to Adam Rubin and Greg Zab as well. In other news, the Kick Management Conference at Gorham became an all night affair... see Keith for details. Finally, we would like to thank all of you who had thankless jobs. Good work, guys.

In sports this week, the undefeated Mantle crushed BTP 46-23 and A basketball beat KT 5-0.

**Delta Zeta**

by Andrea Rodriguez and Lisa Lopatka

Sorry about not reporting the last couple of weeks. Although spring break was a few weeks ago, we were happy to hear that all of our sisters had a great time. Our format this weekend was a blast to say the least, it was a crazy night of dinner and dancing. A great time was definitely had by all! We would all like to thank Espirit for all of the time and hard work that she put into making our formal one of the best! We hope next year will be just as good. The seniors would like to thank the sisters for their gifts at the formal. Also a big congratulations goes out to all the sisters who received awards. Way to go girls!! We would like to congratulate all of the new sisters who received their colors this past week!!

On a more serious note, a hearing concerning Kristin H. 's death will be held on April 27th at Rhode Island Superior Court. If anyone would like to write a letter to the judge in regard to O'Brien's sentencing the address is: RON, John F. Sheahan, Rhode Island Superior Court, Benefit Street, Providence, Rhode Island, 02903. Anyone who would like to attend the hearing is more then welcome. Hopefully our efforts will help to prevent a tragedy such as this from occurring again in the future.

**Finance Association**

by Henry S. Thompson

The Finance Association will be holding its next meeting on Tuesday, March 31 in Meeting Room 2B of the Bryant Center. This meeting is mandatory for all members. Executive Board elections will be held. All positions are available. See you there.

**Research works.**

American Heart Association
**CAMPUS SCENE**

**Karate Club**

by Scott Farling

Spring has arrived and for those who are willing to work in order to look good for the summer and beyond, the Karate club will be holding its final beginners day of the year. Beginners offer all those interested in the martial arts to have their questions answered, and if they desire, to join the club. Date and time will be posted later.

Once a semester, there comes a time, when those who are willing, put what they have on the line. For those not familiar with the club, it is test time and those here is a little bit of wisdom to thought possible.

**Phi Kappa Sigma**

by Kevin Reid

Hope everyone had a good time this weekend watching the NCAA journey. Some of the brothers went to DC's formal a good time was had by all. Happy 21st to Hammer Shawk, Wier, and Ben all made their TV debut on Monday.

**Pi Kappa Phi**

by Chas Prokop

Friday started off correctly for the brothers who enjoyed the company of Theta. Everyone had fun. We lost in sports. Big surprise. We are out of shape.

**Kappa Delta Rho**

**Newman Club**

by J. Cosgrove

Be sure to attend the 12:00 Mass this Sunday the 29th, when Father Doug and Deacon Bob will greet Bishop Kenneth Angel. The Bishop will confirm seven members of our Bryant Community. They are Diana Barsky, Allison Falcone, John Cohen, Janet Blackstock, Brooke Miller, Michelle Murphy, and Carolynn Keeley. All are welcome to celebrate with us, as refreshments will be served after Mass in room A2 and B.

Also, be on the look out for future Newman Club meetings, as well as the special liturgy and concert of internationally acclaimed Father Pat. This will be on Palm Sunday, April 12th at the 8:00 Mass. Details to follow.

**Phi Kappa Tau**

by Steven Alsop

Alas, election results are in. El Presidente: Mark Descartes. Vice: Spiteri Donadini. The illustrious position of Risk Management Chairman: tis I, your humble author. As far as sports go, the debut of KT-LZ soccer wasn't too pretty, as D-Chi kicked our LZ, 6-0. HELP

**Phi Sigma Sigma**

by Tracey Keller

First we would like to congratulate our 12 new sisters of the Epsilon Pledge Class. They are: Lisa Bacon, Allison Braun, Tammy Depres, Carol Ewan, Suzanne Fay, Jennifer Garity, Sue Kaminski, Kellie McDermott, Jen Pepper, Amy Spallone, Susan Yuaro, and Michelle Zopoli. Also congratulations to Kelly and Wendy, you guys did a great job!

On Saturday, January's 21st Birthday (Happy Birthday), the night began early for our sisters. Thursday night is our bi-annual Crush Party. For many sisters, it was hard only choosing two people that they wanted to invite. Everyone attending formats this weekend have a great time. Our elections will be held on Sunday.

Quote of the week: "This is becoming an ugly mornin' suburb." KT Top Dog! Phi Sig Sig Top Cat!

**Sigma Phi Epsilon**

by Derek Fairfield

The Brothers of Sigma Phi Epsilon had a great week last week. Friday a few of us went to Hyannis for the DZ formal. The Cape was a real good time. In Jog Ep sponsor the A soccer team made its debut with an 8-2 victory. Both hoops teams haven't played since break.

This weekend is our Pledge Formal in VT. Darsepo brothers better get busy finding dates.

**Sigma Sigma Sigma**

by Adrienne Hovdian

The Sister's of Sigma Sigma Sigma would like to introduce our new sisters: Robin, Laura, Sue, Mo, Jenn, and Nicole; you all made the right choice and welcome to sisterhood. Congratulations to all the new sisters. Nurses 51 days left, who has jobs?!! Carryle's quote of the week is, "The whole sorority is out of control! To those who are being bad... I saw you!"

**The most reusable piece of plastic on campus.**

The AT&T Calling Card will never go to waste. You can use it to make a call from almost anywhere to anywhere. Once you have one, you'll never need to apply for another. It's the least expensive way to call state-to-state on AT&T when you can't dial direct. □ And now you could also get 10% back on all the long distance calls you make with your card. □ Of course when you use your Calling Card, you'll always be connected to the reliable service you've come to expect from AT&T. □ So, as you see, there's only one way to describe the AT&T Calling Card in today's college environment. Indispensable.

Get an AT&T Calling Card today. Call 1 800 654-0471 Ext. 9728.

March Madness Hits Worcester

by Tom Krayeke and Brett Besenst

It's that time of the year again. The 1992 NCAA Basketball Tournament is where 63 teams have a dream and Duke has a mission. The University of Wisconsin, Massachusetts, was one of eight sites for the first and second rounds of the tourney. Friday and Saturday, we watch "March Madness" first hand!

Whereas Thursday's games at other sites provided no upsets, Friday's contests proved to be much more exciting. The first game in Worcester pit number two seed Kentucky against number eight seed Princeton. The Wildcats kept the Tigers at three-point land for their first 17. Kentucky was able to pull away for the 88-69 victory.

The next game had the seventh seed UNCG-Chapel Hill versus eighth seed Iowa State. We didn't think 'know what to expect because these teams had only seen each other on ESPN. Since the dish at Nick's Place doesn't work, we've never seen these two teams play. Iowa State (59 in the Big Eight; Dick Vitale didn't think they were deserving) scored the mild upset of the 49ers, 76-74. A two-hour break provided a well-needed rest and time for even more food. The first game of the evening sessions had UMass, the third seed vs. fourteenth seeded Fordham. It was truly an unfair matchup as the Minutemen had a home court advantage. We feel only the number one seed is deserving of this advantage. However, UMass played like a number one seed, with great passing and tenacious defense, and cruised to a 85-58 victory.

Friday's final game was the marquee matchup of this bracket as sixth seeded Syracuse took on eleventh seed Princeton. The Tigers had lost their last three tournament games by a total of seven points and we're looking for an upset. However, this was not the same Tigers team as the past two years, missing star center Kit Mueller. The Orangemen were able to survive Princeton's defense and win 71-63. And that concluded 10 hours of basketball.

We returned on Sunday to watch the winners of Friday's games. First up, Kentucky vs. Iowa State. Behind some deadly outside shooting early on from John Pelphrey and a strong inside game from Jamal Mashburn, the Wildcats put up 57 first-half points. The Cyclones, starting three freshmen and no seniors, were easily the most surprising team we saw. Illinois Thibeaux kept Iowa State close with a game-high 32 points. This is a team that will definitely be strong next year. Kentucky was able to pull out a 106-98 victory, the highest scoring game of the tourney.

The game to watch was the UMass-Syracuse matchup. The Atlantic-10 Champs vs. The Big East Tournament Champs. John Calipari's team lead by two until Dave Johnson of Syracuse sent the game into overtime with a nice jumper off the glass.

In O.T., the crowd really got into the game, thanks to a quick lead by UMass. The Orangemen closed the margin until Harper Williams hit a 3-point prayer (It was only his second 3-pointer of the year). UMass held on to win 77-71, for their first ever trip to the Sweet 16.

We would like to give out some awards to this year's participating teams. Best Band: Syracuse. Very effective, especially taunting the opposing teams. Best Cheerleaders: Kentucky. Nostalgic, gorgeous and talented. Better than most professional teams. Best warm-up outfits: Iowa State. Fiery-red and bright yellow, break out the shades. Best pre-game drills: Princeton. Every coach of a team of 10-year-olds should take notes.

The six games cost a total of $60 and was worth every penny. Next year, one of the first and second round sites will be at the Carrier Dome in Syracuse, N.Y. Tickets can be obtained through a lottery set up by the NCAA. If you ever get the chance to go, don't even hesitate.

It's just not the same watching it on CBS.

Chris Congden and Bob Bigonette

This week's athletes of the week are Chris Congden and Bob Bigonette of the golf team. Congden shot an 11 over par 227 and a 23 over par 239, while Bigonette shot a 15 over par 228 and 22 over par 238 as the co-captains helped the team to a seventh and eight place finish, respectively, in the Palm Coast Invitational and Fripp Island tournaments the past two weekends.

ANNOUNCEMENTS

Are you a peak performer? Would you like to learn how to become one?

If you are looking for an exciting and challenging course, consider taking IDSP1, Learning for Leadership.

IDSP1
- Extensive examination of leadership
- Interdisciplinary perspective
- Can be applied to all academic liberal arts, career studies and social work
- Meets 2:00 to 5:30pm Tuesdays and Thursdays
- Instructor permission required

Contact Dr. R.J. Deluga, faculty suite F

New seniors and juniors in the fall of '92 may pick up their audits and preregistration packets in the Part Time Studies office on Monday through Thursday evenings 5:00 pm - 7:00 pm. Please bring your ID with you.

Students with 87 credits passed, completing in December of '92 may preregister as a SCN 7.

An Open Invitation to Bryant Community

The Catholic Community at Bryant College cordially invites you to share in the celebration of the Sacrament of Confirmation which will be solemnly conferred by the Most Reverend Kenneth A. Angell, D.D., Auxiliary Bishop of Providence March 29, 1992 at 12 noon Papitto Dining Room Bryant College Smithfield, Rhode Island 12:00 noon Confirmation Liturgy Papitto Dining Room Bryant Center 1:15 p.m. General Reception Rooms 2A & 2B Bryant Center

Society for Advancement of Management

Current issues in BUSINESS ETHICS that relate to management. Professor Haas will be our speaker.

When: Monday March 30, 4 PM in Papitto Dining room.

Free Pizza and soda (Members only)

Free $$$ raffle drawing $$$ just show up.

New members always welcome!

Nominations will be held for elections which are 4/1/92

Any questions contact the SAM board through Box 5.
**Foxboro Named World Cup Venue for 1994 Tournament**

Angelo Corradino
Archway Sports Writer

The FIFA announced the sites for the 1994 World Cup and Foxboro Stadium was one of nine sites chosen to host the games.

Each stadium will host top-seeded teams from two of six different groups, each group consisting of four nations that have qualified through preliminary matches.

Eight of the nine sites will host round two matches which will be determined in June.

Foxboro will have to go through some changes. The fields will be a little narrower than regulation size. The field itself will also have to be worked on to bring it up to par.

Other stadiums, like The Silverdome and Giants Stadium which have artificial turf, will have fresh layers of sod put down.

The Silverdome will also have lighting upgrades added to help the grass grow.

Each site is expected to boost the local economies since this is the world's largest sporting event. Providence stands to get $7 million.

**March Madness Returns and the Results Could Surprise**

The time has come once again. Everybody in the sports world is focusing on college basketball. Yes, it's March Madness.

We're already a week into the tournament and there has really been a lot of excitement provided by the teams.

Day one was nothing too exciting. We had a few power failures at the East Region opening round site, Greensboro, NC. The only excitement of the day came during the game when LSU defeated BYU. It wasn't an upset but, during the game LSU's center, Shaquille O'Neal set an NCAA tournament record with 11 blocked shots.

The second day was where the madness really started. The day began with Tulane ousting St. John's 61-57. From then on you know it wasn't going to be the only upset of the day.

Next up DePaul was defeated by New Mexico State, 81-73. The two biggest upsets of the day were saved for last as East Tennessee State defeated Arizona 87-90 and Southwestern Louisiana topped Oklahoma 87-83, ending their final four hopes.

Round two picked up right where the opening round left off. Memphis St. once again stunned the crowd by beating Arkansas 82-80 in the last few moments.

We then watched an UTep blow by Kansas 66-60. And of course UMass, the real Cinderella team of this year's tournament, defeated Syracuse 77-71. But there was still more to come.

The real excitement was provided by in the Georgia Tech/USC game. With less than five seconds left, the game tied at 76, USC hit a jump shot to take a two point lead. Georgia Tech then called a time out to get the ball to half court.

On the inbound pass, with eight tenths of a second on the clock, the ball was thrown in to a player near the three-point line. Without looking he threw the shot up and hit all net. Georgia Tech beat USC 79-78.

This left us with an interesting Sweet 16. In the Midwest the highest seed left is number four Cincinnati. There will definitely be a surprise team going to the final four from there. Most likely it will be Cincinnati, but it would be nice to see someone else.

In the West, there are no major surprises; it looks like a normal regional final four. Ohio State should prevail, but then again, you never know.

The West has one surprise: New Mexico State. Their magic will keep up but it won't be enough to beat UCLA. At the same time, in the other game, Indiana should have no problem defeating Florida State, then go on to beat UCLA to advance to the final four.

Which brings us to the East and the tournament favorite, Duke. They'll have no problem advancing to the final four. UMass might be able to beat Kentucky, but Duke is unstoppable.

The final game will put Duke up against Ohio State. It will be an exciting game, but Duke will prevail for the second straight year.

The excitement has only just begun the rest of the tournament will provide us with some good games. Who knows, maybe UMass will beat Duke.

---

**Men's Tennis Ready to Hit Courts**

by Robert Coker

Despite the snow and cold weather, the men's tennis team is ready to open their season this Saturday.

The team has been preparing for their opening match against Assumption College at 1:00 PM on our courts. Junior Lars Plus is the only player returning from last year's team which finished fifth in the NE-10.

At present, Plus is still recuperating from a badly sprained ankle and is working to become the outstanding player he was last year when he lost only one match in conference play.

Joining Plus on the singles ladder will be an outstanding freshmen from Maine, Roman Pavlik, who is an experienced tournament player. Playing in the number three singles position is senior Chris Fountas; at number four, freshmen Paul Fransis; at number five, freshmen Steve Zick; and at number six, freshman Jeff Dalgle.

The team has been experimenting with various doubles combinations. Presently, the line-up is as follows: number one doubles Pavlik/Zick; number two Plus/Francis, and number three freshman Brian Cost/Fountain.

The competition for positions is intense to the starting line-up will probably change from day-to-day.

Freshman Jeremy Comstock, sophomore Andy Effron, and juniors Sebastian Lazar and Ronald Manfredi may break into the starting line-up very soon.

The Indians will host perennial powerhouse Springfield college at 1:00 pm Sunday. The first two matches should give the team an indication of its strength in the conference.

The players are very enthusiastic about the upcoming season and have great expectations for an outstanding showing in the conference.

**Sailors Start Season at URI Invitational**

by Eric Wilson

Last Sunday, the Bryant Sailing Team started their Spring season with an Invitational at URI, off the waters of Point Judith. With two divisions, 16 boats racing and seven teams on the line, winds were forecast out of the southwest at 15-20 knots with waves 2-3 feet. If the sailors weren't enough to tire the sailors, the 10 degree wind chill was enough to exhaust them.

Sailing in A division was Rob Fontanella with crew Kim Scholle, Fontanella's best finish for the day fifth place edging out Boston College at the last mark. By virtue of the A division finishing in sixth place.

Sailing in the B division Mike Trace and crew Kim Scholle displayed an impressive performance also placing sixth for the day, with equal finish of fifth place.

Sundays Results, in order of finish, URI-Yale, Boston College, URI-B, Maine Maritime, Bryant College, Mass Maritime, Mitchell College.
