Internships Appointed

Four Bryant students have been selected to work in the Rhode Island State Government Internship Program. They are Doreen Rogers, Madis Suvvari, William Drohan, and Patricia La Pointe. Doreen Rogers, who will be working in the Department of Natural Resources under Mr. Denis Murphy, Jr., is a six-semester Management major here at Bryant. A member of Delta Mu Delta Honor Society, Doreen is also a member of the Student Senate representing the Junior Class. Of her work in the program she says: "Upon graduation I would like to work in the Department of Natural Resources, so this internship experience is of great value to me.")

Madis Suvvari of North Kingstown, Rhode Island, is a second-semester senior here at Bryant enrolled in the Law Enforcement program. He will be working under Mr. James Diamond in the Attorney General's Office.

William Drohan, a member of Phi Epsilon Pi and the Marketing Club, has been appointed to work in the Department of Bursar Regulations under Mr. Albert West. His career objectives are either to serve in some capacity in federal or state governmental service or to pursue a career in the field of marketing.

Patricia La Pointe, an Accounting major, will be working with the Department of Business Administration under Mr. John Murray.

The program which offers three academic credits, consists of three segments. The students must attend seminars every Monday, work with a government agency, and present a written report of their activities at the end of the program. The purpose of the program is to put the student in a real world situation as distinguished from speculation or simulation, give them the opportunity to participate on the same basis as workers, and the opportunity for the systematic and continuous examination of the experience in relation to the generalizations of political science.

The Open End

Hey, got a problem you've just got to talk about? Or do you just want to rap about anything? You can go for a friendly ear to lean on. We feel that the best such service could be provided for by students on the campus because helpers from within the Bryant community would be more effective and involved than helpers from outside who might not be as trusted as students as far as students' problems are concerned. So we conceived the idea of Open End.

The Open End will open the 15th of February and will be located around the corner from the ARCHWAY in the counseling office. We will be open for listening on Tuesdays and Thursdays from 9 a.m. to 4 p.m. We will be there to offer coffee and tea, as well as our services to anyone who want to drop by to talk about anything.

Drop by and see us. We'll be there and hope that you will take a few minutes and stop in to see what we and the Open End are up to. Maybe we can talk.

For those of you who might not know who we are, here are our names: Douglas Clarkson, Peter Densirwicz, Robert Desrochers, William Frieswick, Peter Hanlon, Nancy Hilliard, Michael Isaacson, Richard McGraith, Gilli Osborn, Raymond Pouruz, Victor Rebello, Dele Reid, Joseph Santangelo, and Randy Wells.

Room and Board Fee to Be Increased

For three years now Bryant College room and board fees of $1,150 have not increased; but for the 1974-75 academic year dormitory room rates will be increased $20 per year and board by $150 per year, bringing the total room and board fee to $1,350.

The one year increase in food and fuel costs, as well as experiences the same inflationary pressures as other sectors of the economy, especially food and fuel costs. The College intends to carefully budget and monitor all expenditures to keep costs at the minimum level commensurate with our educational objectives. Bryant will continue to operate on a sound fiscal basis while still maintaining quality student services and continuing excellence in its educational programs.

CAMPUS HIGHLIGHT
The day that we have all been waiting for is here—the day of siphoning. A couple of people have already been caught in the act by the Security Force, but who knows how many people have been victims of those who get their kicks out of siphoning gas that belongs to other people.

We would like to suggest that everyone get locking gas caps—but there just aren't many of them around any more. Another way to narrow down the possibility of having your gas stolen is to lot your car in one of the rows where two cars are back-to-back. By doing this, you will make it a lot harder for someone to siphon your gas.

Sometimes, that's not much you can do except to hire a body guard for your car—and after spending all that money on gas that gets stolen, who can afford a body guard?
Olsny and the Calendar Committee

Dear Editors:

Editors' Note: The following is adapted from a letter to the faculty of Bryant College. We are printing it with the permission of Mr. Olsny.

It has come to my attention that one of the agenda items for the faculty meeting called by the Administration is the Academic Calendar. Academic Affairs concerns itself with considerations for future academic calendar dates.

Since the Calendar Committee has not had the opportunity to meet with the President of the College, Doctor Evans, I feel that it is an insult to the faculty to consider a draft for the calendar to be brought up at the faculty meeting by Nelson Olinsky at the faculty meeting. He is not a member of the Academic Affairs Committee. The calendar has been set up by the administration to have an early date. It could very well go along with this decision. I feel that it is an insult to the faculty to consider a draft for the calendar to be brought up at the faculty meeting by Nelson Olinsky at the faculty meeting. He is not a member of the Calendar Committee of the administration. A recommendation has been made.

The Calendar Committee has met with Doctor Evans and with the Acting Dean of Admissions. It appears that the administration did not take into consideration the entire College in setting the dates for the calendar, or students, faculty, and administration.

The arguments for the observance of the Jewish High Holy Days have been given explicitly in the past and I will not reiterate some of them. First of all, the three Jewish High Holy Days constitute the most religious days to a Jew. On these days, observant Jews are instructed to stay home. Thus, the Jewish High Holy Days are not to be sold as one of those days to a student. I feel that the penalties are too severe. Better take an extra day off. This will keep the pertinent information in mind while listening to Dean Olinsky and the President of the Academic Affairs Committee, at our faculty meeting Wednesday night. I feel that the High Holy Days are the day to look for the student, but let him consider his own "background."

Alan D. Olsny

Editor of the "Bryant Masquerade" P.S. The above views are mine alone and are not those of any member of the College Calendar Committee.

Dormitory Renewal Applications

All students planning to live on campus next year, except for those who are planning to live in the Rowes, must submit a $100 room reservation fee to the Rowes Office by February 8. Dormitory Renewal Applications may be obtained from the Rowes Office. The application for a dormitory room must be received by the Rowes Office by February 8.

The following procedure for assigning rooms is as follows:

1. Applications will be available in the Student Affairs Office, starting Wednesday, February 27.

2. Students who wish to be assigned to the Rowes must deposit a $100.00 security deposit by the Rowes.

3. Those students who want the same room for next year and whose last name begins with letters 1- Q will be assigned on Monday, March 4.

4. Those students who want the same room for next year and whose last name begins with letters R - Z will be assigned on Tuesday, March 5.

5. Those students who want the same room for next year and whose last name begins with letters A - H will be assigned on Wednesday, March 6.

6. Those students who want a different room and whose last name begins with letters A - H will be assigned on Friday, March 8.

7. Those students who want a different room and whose last name begins with letters R - Z will be assigned on Monday, March 11.

8. Those students who wish to live on campus must submit a $100.00 room reservation fee by February 8.

At the Statehouse

by Chuck Winn

Cheaters beware! There is a Senate bill in the Senate Judiciary Committee proposing legislation that will prevent the writing of test papers. Yes, a bill has been introduced in the House to insure that the policy of State Colleges and Universities which gives transfer psy. ed., and ROTC students the advantages of a four-year school, and avoids the headaches from students! There is a Senate bill that puts both landlords and tenants on equal footing for the first time ever in Rhode Island. My first topic is a resolution introduced in the House asking Congress to expedite legislation at the federal level to make funding available for Rhode Island colleges and universities. Much of us are now feeling the pinch from the energy crisis. Representative Roger Beattie, one of, if not the youngest, legislators in the country; and a student at Bryant, is working on his legislative homework also. The Wooster Democrat has introduced a resolution which is now in the hands of the House. Legislation, the resolution, HJ 74-033 memorializes Congress to expedite subsidized funding for operation costs of Mass Tran. It Rhode Island. Begin pointed out in a recent presentation by the Nixon Administration to appropriate $64 billion in transit aid to the states. Begin said that he believes Rhode Island is eligible for $16 million of those funds. Last year, $2 million were appropriated to the Rhode Island Public Transit Authority and it is estimated this year Rhode Island will be appropriating over $21 million for mass transit development.

Now pending in the Senate Judiciary committee is 73-S-892 entitled "The Basement Renovation Act." The bill was introduced in last year's session of the General Assembly by Senator Thomas Newhard of Cranston, the G.D.P., Deputy Senate Leader. The bill was developed by the National Conference of Commissioners on Uniform State Laws. The bill is broken down into six sections. When interviewed, Mr. Thomas Hamlin of Providence, the Director of the United Tenants Organization, explained the details of them to me.

The first section deals with the introduction of the bill. It discusses what type of rental units are covered, the name of the act, the purpose of the legislation, etc. The second section in effect sets up the responsibility of the landlord—what he must do about the security deposit, disclosure and what type of rental unit is covered in the legislation. It also covers the ways in which a landlord supplies possession and how the landlord must now maintain this. Also tells you what the landlords obligations are in the event of a vacancy.

The third section deals with the opposite. Basically it deals with the actions of the tenant what to do if he feels that his landlord is not keeping up with his responsibilities, and what type of legal action he can take if his landlord is not keeping up with his responsibilities. The fourth deals with remedies. What section this deals is to give all parties concerned equitable remedies for mistreatment by the other party. Section Five deals with remedies and section Six is entitled "Edward Vs. Habib." It is a constitutional right to complain about a retaliatory eviction as an abridgment of the right of free speech. Finally Section Six deals with who performs the housekeeping chores of repairs, effective date, etc.

Also pending in the Senate Judiciary Committee is an act making it a misdemeanor to Buy Sell term papers. 73-S-381 introduced last year by Senators McKenna (D-Dist 50) and Chaves (D-Dist 48). The bill provides for a maximum penalty of two years in jail and a $500 fine for anyone who sells or obtains phony degrees for anyone not entitled to them, and a $1,000 fine for anyone who buys or sells a research paper. While the intent of the bill is good, I feel that the penalties are much too severe. Better take an interest in this man.

Finally truly you will explain the provisions of Veterans'Education bills that he personally played a role in drafting as legislative aide to Frank Sherman, of Cranston, Rhode Island. Sherman's bill, if enacted, will grant transfer credit to Veterans as having had equivalent education. The Veterans Educational Improvement for Mass Transit (VTI). The provisions of the bill are identical to those policies currently used at the University of Rhode Island. All Veterans receive four credits for physical education credit, eight credits for ROTC. The provisions of the bill are identical to those policies currently used at the University of Rhode Island. All Veterans receive four credits for physical education credit, eight credits for ROTC. The course is not without its problems in fact that URI is thinking of changing its policy and by the fact that R.I.C., although it has provisions of granting credit to non Vets who take R.O.T.C. as P.C., does not have a blanket policy of giving these credits to Veterans. Rep. Sherman's bill is a good example of using the taxpayer's money to reward the military. In conclusion, let me extend my sincere apologies to Representatives Edward F. Beadle, Alfred Frieda, Senator John Alioto, Senator Betty A. Quirk, Senator Paul J. O'Shea, and all the others who helped pass a Bonus bill (75-IH 615). Through an overwhelming majority, we negatived them in last week's column as evidence of the forces.
Library

by Paul J. Carroll

At first glance, the library of Bryant College appears to be a boring place with its placid atmosphere; yet it is bustling with intellectual fun in the unseen workings of the students' minds. At the head of this organization, coordinating the reams of information available in the library, is Mr. John Hanson, Director of Library Services.

The library is not just a warehouse for books to collect dust in. Rather, it offers a spectrum of services which are often unknown to students. One of these services is the Audio-Visual Center. Here the students have available to them the use of tape recorders, slide projectors, and video-tape recorders. One example in which students can use this equipment is for slide presentations. The slide projector can be programmed to change frames to coordinate the picture with the lectures speech. The audio-visual center also aids teachers in their classes. Mr. Dimick taped his night class one semester, enabling students to see the class later in the week if they were absent or missed part of the lecture. For music lovers the library has over 250 records and recordings for their listening enjoyment.

Hanson hopes to have calculations available at the circulation desk next year for the use of students. The Library is a participant of the Inter-Library Loan System, whereby if a student needs a book which is not available, it will be acquired from another library. The library has been improving its services since Hanson took it over as its director six years ago. The number of volumes has increased from 37,000 to 70,000 and the library now services an average of 1,200 students a day. The library has a new computer terminal which enables the prompt categorization of books. In the future the computer will be used in the inter-library loan system to determine what books are available in other libraries.

The library's collection is geared to the needs of the faculty and students, offering them a wide range of sources of information on topics of business and general interest.

Commencement

Date Change

In the past the Graduation and commencement ceremonies were held three weeks after the last day of classes. This year's Commencement Committee voted that the commencement date be rescheduled to Saturday, May 18, 1974, with the program scheduled to begin at 10 a.m.

Their reasons for this change are:
1. Eliminates three-week wait and inconvenience to parents and graduates.
2. Energy crisis—gasoline may not be available for a second trip to the campus.
4. Bryant College will be the first college graduating in Rhode Island.
5. Graduates can start jobs earlier.

The following groups were consulted and are in favor of the change: Big T (the officers of THE ARCHWAY, Student Senate, GLC, and Radio Station), Executive Committees of Board of Trustees, Central Staff, and Faculty (meeting of February 12, 1974).

I hope that the Administration is reading my column this week, because I've received a number of letters from concerned students pertaining to the problems around campus; and they are the people who can solve them. One may seem straighten them out. They can be taken as a whole they represent a flaw in the operations of the college. I hope that the Administration will not write these things off as being superficial, for I'm sure that they like their own environments to be kept up to proper standards. The students cannot correct these problems here on their own—they need YOUR help!

Hopefully,

Madame Lovanda

Dear Madame Lovanda,

I've heard that Bryant was supposed to open a candy store last semester, and it still hasn't materialized. I questioned Mr. Scott, Vice President for Business Affairs, on the matter; but he said he couldn't give me any new information on the matter. Madame Lovanda, can you tell me anything about the elusive candy store?

Paul J. Carroll

Dear Madame Lovanda,

I am one of the many music lovers here on campus, and enjoy making my own music. I went over to the auditorium the other night to tickle the "old Ivorys," and much to my dismay the "old Ivorys" in the auditorium are ancient. The piano looks like the test sight for an A-bomb. The keys are broken, the lid is hanging on by one hinge and won't stay shut. The last musty odor with the vibrations of the piano, the instrument is badly out of tune. Baby grand pianos are expensive investments; yet this one has been neglected for more than three hundred beds. One would think that a business college would take better care of their investments; yet they have let this fine instrument decay into a shabby hulk, only capable of producing groans and squeaks. Madame Lovanda, do you think anything can be done to remedy this unforgivable atrocity?

Punched Off

Dear Madame:

You must realize that the piano in the auditorium is an old one; yet I must agree that it has been neglected. If it has been cared for properly it should still be in excellent condition. As for remedying the situation, it is a matter to be taken up with the Administration. How about it, Bryant College? Can you scrape up some bread to redeem your neglects? Or are you just going to let the matter ride?

Sincerely,

Madame Lovanda

Dear Madame Lovanda,

I was at dinner the other night in the dining hall and decided to have a glass of water. I proceeded over to where the milk and soda dispensers are but could not find one marked water. The only available water in the cafeteria is from the bubbler. Filling a glass at one of these is difficult, and one can only fill the glass halfway. Do you think that I am unreasonable in my complaint? If not, do you think something could be done about installing a water dispenser in the cafeteria?

Thirsty

Dear Madame Lovanda,

The last time it snowed, the walkways on campus were not shoveled; thus the snow became packed down by traffic, making the surface slippery and hazardous. A futile attempt was made to make the paths safer by sprinkling a dribble of sand on the walks, but it was done so sparsely that it made no difference. In the summer there are plenty of people to cut the grass, but during the winter they all seem to go into hibernation. I realize that we're ONLY students, but we have rights just as anyone else does; and we deserve to have a campus which is safe and free from hazards. Madame Lovanda, can you please tell me where all the snow shovels are?

Rich Schiebelbach

Dear Rich,

They're all working inside the college in the administrative offices.

Sincerely,

Madame Lovanda
Winter Meeting of League of RI Historical Societies

The League of Rhode Island Historical Societies will hold its winter meeting at Rhode Island College on Saturday, February 18, 1973, from 9:15 a.m. to 3 p.m. The principal speaker for this meeting is Dr. Nelson J. Guki, acting Vice President for Academic Affairs at Bryant College, who will speak on "The History of College Education."

Dr. Guki has been a leader in education for business for 48 years. He is well known for his civic contributions in his hometown of North Attleboro, having served on that town's Finance Committee, School Committees, School Building Committee, and By-Law Revision Committees. Presently he is chairman of the Town Capital Improvement Committee and the Industrial Development Commission.

For many years he has been guiding light of the Junior Achievement of Rhode Island and the North Attleboro Scholarship Foundation. He is also a director of Swank, Inc., and a trustee of the Attleborough Savings Bank.

He served as Bryant faculty member, Dean of Business Administration, and was Acting President of the College from November, 1969, to August, 1970. After retiring in June, 1972, he returned to Bryant in September, 1973, as Acting Vice President for Academic Affairs. He is also college historian.

"BOO"

The Hollywood Wax Museum employs a make-believe monster to pop out of the shadows to get his customers into the right frame of mind as they walk through the door. But this weekend it was lurid, fake play. The make-believe monster himself was nearly scared to death. The monster went into his act when two shadows appeared in the darkness—but they turned out not to be customers. Instead, they were policemen. The monster was startled enough by the suddenness of the monster's movement to whip out his revolver. The gun went off accidentally fired, but the bullet struck the floor at the monster's feet. Oh, by the way, the berryhill call later turned out to be a phony.

YOUR GROCERIES OR YOUR LIFE

In Arcadia, California, the deadly snap of a pistol hammer convinced Ronnie Mercer that the man who approached him wasn't joking. Until then, Mercer wasn't sure. After all who would steal groceries? He told police he didn't get more than a few yards from the grocery store when a little red sports car pulled up in the parking lot and the passenger demanded Mercer's shopping bag of food. Mercer quotes the bandit as saying, "Just give me your groceries." Mercer says he chuckled, figuring it was a put-on, and continued walking. But the snap-clap of the man's pistol hammer stopped him in his tracks. And he was startled enough by the suddenness of the monster's movement to whip out his revolver. The gun went off accidentally fired, but the bullet struck the floor at the monster's feet. Oh, by the way, the berryhill call later turned out to be a phony.

RIDE 'M COWBOY!

Dan Sorg didn't have much trouble when he ran out of gas—even if it was the day before his test for a driver's license. He turned his ten-mile job job ten miles from his home. He didn't want to stand in line for two hours, so he paid 50 cents a gallon for fuel. So the 19 year old Sorg bummed on his horse, Rio Bravo, and rode to the test at the Westinghouse Plant in East Pittsburgh. And it appears Sorg will get a Job. As the Personnel Manager at the Plant explains, "A lot of department managers called me. They said 'Here him, That's the kind of people we need.'"

KEEP ON TALKING

When Curtis Jacobs was ticketed in Tampa, Florida, for failure to yield the right of way, he told the judge he didn't understand the charge. So he was invited to join the Judge on the bench and listen to other defendants argue their cases. The rest of the persons facing traffic charges in Judge Bob Johnson's court must have been even more envious when the charge against Jacobs was dismissed, and the defendant given the ticket as a souvenir.

They might have raised a fuss if Jacobs had been a little older—but he's only seven. His mother says his bicycle bumped a moving car and the other defendants argue their cases.

Greek Letter Council Raffle

The Greek Letter Council is sponsoring a raffle, with proceeds going to the United Way. First prize is a portable color television, second prize an AM/FM stereo radio, and third prize is an eight-track tape player. There will also be many other assorted smaller prizes. These include Ross pens, merchandise from the Bryant Bookstore, Gulliver's the Music store, and more.

The drawing will take place on Friday, February 22 in the ROTUNDA at 3 p.m. Tickets are $1.00 each or 5 for $5.00. They can be purchased from any fraternity or sorority member up to the drawing date. During the last three days of the week, each fraternity and sorority will be displaying the prizes in the ROTUNDA.

Pledges Drink to Pledging

Last Monday night after the Bryant Greek support of the Bryant basketball games, brothers, sisters, and pledges of all fraternities and sororities went to Gulliver's for a pledge party. Each Greek organization contributed $25.00 in money to support this event, and the purpose of the night was to have the atmosphere was very relaxed, with pinball machines ringing, people dancing, and singing to the juke box, and talk of pledges and school duties was dominant. It is quite evident that the pledges now how much of an original and proud body the Greeks are on this campus.

Sports

TEP Tops Phi SIG 55-49

Sunday, February 10, opened TEP's basketball season with a convincing 55-49 victory over a good Phi Sig team. In the first half both teams played sloppy, trading baskets with TEP holding a slim 24-19 margin at half. Only 6'4" Rich Pearson's strong rebounding kept TEP on top. The second half opened with Rolfe Schur and Ron Lemeux finding the range to lead the team to a 43-24 lead with ten minutes to go in the game. Phi Sig wasn't out of it yet as Frank Carrigan and Tony Camellieri came through consistently with clutch baskets. Phi Sig cut the margin to ten with two minutes left and the backcourt of Scott Sohnin and Schur led the game for TEP. Carrigan was high for Phi Sig with 18, Ken Foote and Rich Pearson controlled the backboards. TEP high scores were Lemeux with 16 and Schur with 22.

A Note of Thanks and Future

Success

This year, Theta began its basketball season with a win—and I would like to take this opportunity to thank each one of my sisters, pledges, and friends for playing such a fine game against SIX-B.

Although the score was not very high (10-20), the team played well together with Laurie Galway scoring seven points, Sue "Flimsy" Flanigan scoring two points, and myself scoring two points, allowing us to win the game in the last two minutes of play.

Tam Soum played terrific defense, and Jackie Cherences showed her same great hustle as in last year's season.

With the help and confidence of our coach, David Sznitner, Theta should prove to be far greater this season than in any other basketball season past.

Donna Mesore, President

Pledges to Collect Money

On March 3, the Greek Letter Council Organization will be holding a door-to-door collection for the Meeting Street School. This is an annual function held during pledging. Smithfield will be the collection area this year.

Once again, the G.L.C. shows the constructive aspects of pledging.

The 1974 Fraternity Basketball League began Sunday, February 10. Every fraternity will be represented, with brothers and pledges making up the team. Delta Sigma Phi beat Phi Epislon Pi 37-12, with "Fistol" Pete Gourley and "Rocket" Rick Genden providing great hustle.

Tau Kappa Epislon easily beat Beta Sigma 52-20 behind Trahan and Zonovias. Tau Epislon won over Theta Chi 23-13, as Bishop and Tanca contributed effectively.

An outlook for the future. TKE is definitely the team to beat, with a strong opposition from Delta Sig, TEP, Phi Sig, and KT.

Sorority games found Sigma Lambda Theta edge Sigma Iota 30-18, with Laurie Galway as high scorer. "Delute" Donna Mesore, with a soft touch, scored the winning basket.

Sigma Iota Beta-A beat SIGI 14-9, with help from Georgette and Bullet. In the fast game, SIX-A beat Alpha Phi Kappa 12-6, with Joan and Martineau leading the way.

Our Gang, who had a bye, Sunday, will be battled by SIX-A for the League title, with SIX-A given a slim chance for winning the title.

To the Bryant College Community:

Pledging, 1974, is here. The pledging programs of ten fraternities and six sororities began last Friday, February 8. Some programs will end after three weeks; the remainder will last for four weeks.

Each pledge program is unique and differs from the others in such categories as tradition and intensity. But every program exists for the same purpose: to educate and initiate new members.

Undoubtedly, when pledging arrives, problems exist for the Greek Letter Council in the area of Public Relations with the student body, administration and faculty. We attempt to control the fringes of the pledge programs with rules and regulations regarding curfews and areas where excessive noise is prohibited. We also meet with the pledge-coordination before and during the pledge period to re-inform them of G.L.C. rules and discuss any infractions that have occurred in previous years and those that exist now, it is our goal to deal fairly with these problems and satisfy all segments of the Bryant Community. We are here to improve the Community—not to break it down.

If you have any questions as to our procedures or regulations pertaining to pledging, feel free to stop in the G.L.C. Office and ask. If you have complaints regarding pledging, make us aware of them so that they can be dealt with properly.

Sincerely yours,
Robert J. Tringali, President, G.L.C.

Ever take a good, close look at a career in life insurance?

Maybe, like a lot of people, you've dismissed the thought of a career in life insurance without a thorough investigation. We'd like you to take a good look at it; you may be surprised at what you see.

We think you see a career with unlimited potential for high income and personal growth. The career that combines unusual independence with a very real opportunity to be of service to others. If this sounds good to you, we'd like to tell you about our unique Sales and Sales Management Training Program and the opportunities it can offer young men and women. And we'd be frank about the pitfalls, too.

Why not ask your placement office to arrange an interview with:

Henry M. Cooper, CLU

**Announcement:**

**Pell-Tiernan Washington Internship Program**

**Spring 1974**

During the week of March 18, following Spring vacation, four Iyanty students will have the opportunity to visit Washington, D.C., as participants in the Pell-Tiernan Internship Program. The program, which was established several years ago, brings students to the Capitol to observe and participate in the functioning of the legislative offices of either Senator Gallaher (D) or U.S. Congressman Robert Tiernan (D-R). Students who are interested in applying may get applications from the Student Office, Political Science, Office 221. The last date for submitting an application is February 26th. At least one meeting of students interested in learning more about the program will be held Wednesday, February 20, at 12 noon in the Conference Room of the first floor faculty offices.

**WJMF Update**

**by Thomas Casperski**

WJMF, Bryant's Radio station, is picking up momentum as its members broadcast over the school's public address system.

Biding their time until the arrival of their long-awaited overhead antenna, members of the radio station have been carrying in stock broadcasts over the school's public address system. To date, the broadcasts have been carried on Monday through Friday from 7 a.m. to 7 p.m. Music and news have been the principal programming.

According to Steve Boltzer, WJMF's Chairman of the Board, "This time enables us to adjust and improve our operations." The station personnel are still working out broadcast scheduling improvements in the system will be sought when the station is in full operation.

Still in its early operations, the radio station has already outgrown its facilities and is cramped for space. The two studios that the station has are being utilized to such an extent for broadcasting, practice, and production that the need for a third studio is clearly seen. Once the recording library is built up, more storage facilities will be needed to keep them on file.

During this time of waiting, the training of personnel is an everlasting process. Approximately ten members of the station will be traveling to Boston next week to take tests.

and program formats. They are also awaiting the arrival of more albums for their library.

After a week of broadcasting, the intercom has been found to be far from adequate. There is a public address system and was not designed for the purpose of a radio station.

*Possible improvements in the system will be sought when the station is in full operation.*

Due to the holiday weekend and testing, WJMF will discontinue broadcasting until Wednesday, February 20, 1974.

**Classifieds**

**FOR SALE**

**POUND**

Set of keys belonging to Raymond F. Kane. Pick up in Senate Office.

Ring found between dorms and university. Owner may identify ring through Security Office.

Specifications: Must still be breathing and able to hold a pencil. No previous experience, references, or special abilities required.

Pay and Benefits: Aahahahahahahaha!

If you would like to be a writer on the Archway Staff, please contact Paul J. Carroll or Kevin J. McGarry in the Archway Office, Cell Block D.
Bryant College Student Organization

The newly formed Bryant College Student Organization will become a member of the Data Processing Management Association, Providence Chapter, on Wednesday, February 20, 1974, in the Faculty Dining Room at 7:30 p.m.

Mr. David D. Carpenter, President of the Providence Chapter of DPMA, will present the charter affiliation certificate to Mr. Lawrence Hookey, President of the Bryant College Student Organization, and to Mr. Kenneth M. Long, Assistant Professor of Management at the College and Advisor to the group. Carpenter is Data Processing Manager for the Automobile Club of Rhode Island (AAA).

Other officers of the Bryant College Student Organization are: J.B. Johnson, Vice President; Jean Hawkins Gorman, Secretary, and Roland Lachapel, Treasurer.

Also attending will be Mr. William E. Gillan of North Kingston, Regional Vice President of DPMA; and officers of the Providence Chapter: Alfred Coleman of Cumberland, Executive Vice President; Anthony Mello of Rumford, Vice President; Bora Hornby of North Providence, Secretary; and Wallace Habbitt of Warwick, Treasurer.

Charter members of the Bryant College Student Organization are: Linda Arnold, Kenley Baillargton, Thomas Benol, David Bonacorsci, John Dick, Mrs. Gorman, Joseph Haydu, Mr. Hookey, Mr. Johnson, Larry Jonas, Mr. Lachapel, Leo Louille, Jeannie Prestle, Michael Roth, Michael Soderman, and Richard Tureno.

WEB Women Speak

People wonder about WEB. Is it a subgroup of women, a threat to the Federation, a bunch of rakes or frustrated females, another campus pressure group trying to force further unwelcome changes?

The answers to these questions are both positive and negative, depending on your social perspective and your personal interest group. If WEB is ominous for you, then perhaps WEB is threatening.

The organizational goals of WEB are to focus on issues relating to academic women and to effect changes wherever Bryant Faculty women find their posture unfavorable compared to that of other university women.

Some members of this community regard the women's movement as a one-season spectacular. By raised techniques they seek to trivialize the very serious issues at stake.

One specific purpose of WEB is to raise the level of consciousness of the Bryant Community on the issue of SEXISM which is in its vulgar form more a mentality than a practice. Towards this end, WEB will publish a sequence of "mini-articles" in the ARCHWAY presenting the issues from the varied perspectives of WEB members.

Mistology

Mistology is the study of the value frame and the argot of the "in people." The term "Ms." connotes neither the married nor the single state, neither hopeful nor regretful. It signifies that the user wishes to be known by her own designation. Neither daddy's money nor hubby's power, nor sonny's minority does Ms. accept as the basis for her identity. Terms like dame, chic, broad, and biddy are not part of her parlance for these elitist images of stereotypic behavior which are "out of touch with the times."

Ms. disdains the term "women's liber" for that too is a hackneyed expression, exhausted from over-use as an anti-feminist invective by traditionalists of both sexes.

One cannot safely predict with a significant degree of accuracy how Mr. will act, but two things are certain: First, she will not soon return to the chicken-farm; and second she recognizes no insurmountable barrier to her professional goals.
Howard Cosell. Many associate that name with other four letter words. Why? Because he is the most hated sports commentator in the United States. People believe he is arrogant, unfair, distasteful, and absurd. Many believe his opinions are out of line and, therefore, express themselves by calling the ABC's TV studios, where others write directly to Cosell. Some even threaten his life. This proves the fact of dedicated sports fans. Perhaps Howard Cosell is just another seriously mentioned items. But the truth of the matter about Cosell that is honest, dedicated, and the top individual at his profession. Cosell's opinions express sports controversy that is unmatched anywhere. The dynamic duo of Howard and Muhammad Ali creates fan interest as well as improve the sport of boxing. Much of the discussion between the two men is acting. Despite the remarks, 'Not that type of people, Howard Cosell.' or, 'I made you famous Howard Cosell,' these twoائلو the perfect way to handle one another. It is this kind of respect that Cosell gives to athletes. He recognizes a great feat and criticizes poor effort.

Howard Cosell began his career as an Attorney at Law. He believed a new style of sports commenting was needed. It was a style of opinions and broad views. A type that was never heard of before. Despite creating interest, his first radio show was cancelled because the complaints outnumbered the compliments.

Cosell refused to quit. He initiated a series of television sports documentaries. These proved to be very successful. The program ranged from the Grumbling College football team to the most famous, "Run to Glory," which was an in-depth look at Vince Lombardi and the Green Bay Packers as no one had seen before.

ABC's Wide World of Sports found a spot for Cosell as their boxing commentator. It is on the Wide World of Sports that the Cosell-AlI debates gained their fame. For who else could referee a debate between Will Chamberlain and Muhammad Ali and ask whether they should meet in the ring?

The Wide World of Sports," is a syndicated radio show heard daily throughout the country. An in-depth look at the day's sports news as well as a short sports commentary are up this show. It was on this show that a daring Cosell did away with his two-column format and tried to explain why Robert Kennedy was such a great man on the day of the late Senator's death. Once again, this illustrates the passionate side of Howard Cosell.

The new famous interview with Eddie Robinson, the U.S. Olympic Track and Field coach at the 1972 Munich Olympics, exposes another side of Howard Cosell. Two United States runners missed their qualifying heats for the 100-meter dash because of a so-called "schedule mix up."

Coach Robinson was indirectly responsible. On national television, Cosell proceeded to prove that Robinson was, in fact, responsible for the mishap. His questions were honest and at times embarrassing to Robinson. But once again Cosell believed the people were entitled to the truth. This time they heard it.

The Monday Night Football Games are Cosell's most popular venture. His comments, at times, are irritating but, of course, truthful. It is because of the true nature of Cosell that he receives most of his hate mail. He continually says how many years to come. For there is only one Howard Cosell.

Paddlemen Schreiber - Roth Advance to Regionals

The two outstanding players on the Bryant Table Tennis Team proved to be sophomore Howie Schreiber and freshman Mike Roth. These two will represent the college in men's singles at the American Collegiate Union's Annual Regional Tournament to be held at Central Connecticut State College on February 21.

A four-way tennis tournament for singles concluded on Wednesday, as by Lawrence B. Selvin

seven contenders clashed for the right to further test their abilities in New Britain, Connecticut. The five regular A Team members coupled with B Team; players Roth and Joe Roberts made up the starting field. The latter duo gained entrance into the final seven by successfully compiling the best two records in a preliminary 'singles' tourney that featured eight second-string players.

Schreiber constructed a sparkling 9-3 mark, while Roth's 10-2 performance in the singles matches highlighted the play.

To achieve victory in a match, a player must capture two out of a possible three games.

The other four active participants in the tournament not previously mentioned are Larry Ostrower, Larry Selvin, Howie Dornfeld, and Neil Goldman.
**Indians Ride Greyhounds**

by Peter Lockett

The Bryant Indians fought off a persistent Assumption Greyhound (Hockey Team) to register a 7-2 victory last Friday night at the Worcester Arena. Dave Sutherland scored a pair of period goals for the Indians, as the Indians took a 3-0 lead in the second period. The game was decided by a pair of third period goals, both by Phil Cerrone.

The Indians took the lead early in the game when Sutherland scored. The Indians added insurance by scoring three goals in the second period. The Indians scored three more times in the final ten minutes of the game. Phil Cerrone scored a hat trick of the campaign for the Indians.

**Wavetervolleyball**

by Rich Magid

During this slow season in the world of sports, one would like to think about the days of summer and major league baseball. Summer's here and there is a feeling of excitement throughout this country of ours. For in what other sport is there such a large number of individual statistics so evident? The population understands baseball, therefore appreciates the national pastime.

But do we recognize great baseball names or see current baseball stars? This brings to mind the idea of all-star selection.

Current all-star selection is done by the baseball fans throughout America. The fans are able to obtain ballots and vote for the players. Players on the ballot are determined by the beginning of the season by Commissioner Bowie Kuhn. The players receiving the highest votes at the respective positions comprise the first team all stars. Remaining players are chosen by the all-star managers. Commissioner Kuhn believes this type of selection creates the fans' total involvement in the game.

The Commissioner's belief may point to the fact that far the baseball fans have tended to show favoritism in their selection. Why should a 220 hitter be chosen over a .320 hitter? This has happened numerous times. Most obvious was in 1971 when Luis Aparicio was listed on the ballot as an outfielder. He was hit second by Assumption, Phil Cerrone scored a hat trick of the campaign by rapping in a Mike Pinolis rebound at 10:50. The play featured some fine stickwork by Sutherland. The same line opened out the scoring for the Indians at 16:14. Dave Sutherland corralled a Pirloli feed, and Suds drove the puck past Morrison. The Indians scored three more times in the final ten minutes of the game. Phil Cerrone scored a hat trick of the campaign for the Indians.

The all-star selection is a mark against major league baseball. Voting should be returned to the players, it is the players that see the game every day. They see the good and bad more than the baseball fan. This proves they are better qualified to select the all-star players. Perhaps the all-star game has now become the annual showcase of great names instead of the game with true all stars. It is nice to see Willie Mays receive a five-minute standing ovation even though his statistics are not all-star credentials. Players like Mays have had their glory. Let deserving newcomers play in the game.

...And The Beat Goes On

Coach Folland discusses strategy.

Bryant and the Indians were patient, especially in the final crucial moments. Coach Folland told his team to stall and work for a layup. With the score knotted at 61, Bryant stalled for 45 seconds before Rob Hammel saw daylight. Hammel drove the lane, piercing Babson's defense. Hammel looped a pass to Dave Sorafine, and the 6-10 sophomore hit on the layup. The Indians again showed the poise necessary for a winning team.

Byrant came back from a two-point half-time deficit at the hands of Babson, in a conference game Saturday. The team traveled to West Haven, Connecticut, and came home a 74-69 winner. Most recently, the Indians defeated Nasson back to Maine 102-67 in the Naismith Conference triumph.

Bryant also had 11 rebounds, but more important was his aggressive defense. Right after league MVP Neld Bocht hit the big three, Hammel华盛顿 is the third freshman to start for Bryant.

B Bryant College and Rhode Island College battle it out on the court tonight at the Providence Civic Center. The perennial clash starts at 6 p.m. and slates two of the finest Rhode Island Division teams. Last season the cagers defeated R.I.C. by fifteen, but Coach Bill

Bald's forces will attempt to revenge themselves.

Tickets may be purchased until 12 noon today in the Athletic Office. Student prices are only $1.50. Bring a date and come on out. Act now, tickets are limited.

Bryant Varsity Basketball
18 Game Totals

Plains, New York resident continues to have a hot hand. Bob Mall again had a double figure rebound game, while Paul Melvin and Tom Dupont scored in double figures. It was the third time this season that Bryant had surpassed the century mark. Bryant has convincingly defeated its opponents in the last eight games. Defense is the reason for the victories, as not one team has scored 70 points since the last league game. A playoff spot is inevitable if the team continues to work well together and show poise under pressure.
