Internships Appointed

Four Bryant students have been selected to work in the Rhode Island State Government Internship Program. They are Dooren Rogers, Madis Suvari, William Drohan, and Patricia La Pointe.

Dooren Rogers, who will be working in the Department of Natural Resources under Mr. Dennis Murphy, Jr., is a six-semester Management major here at Bryant. A member of Delta Mu Delta Honor Society, Dooren is also a member of the Student Senate representing the Junior Class. Of her work in the program she says: “Upon graduation I would like to work in the Department of Natural Resources, so this internship experience is of great value to me.”

Madis Suvari of North Kingstown, Rhode Island, is a second-semester senior here at Bryant enrolled in the Law Enforcement program. He will be working under Mr. James Diamond in the Attorney General’s Office.

William Drohan, a member of Phi Epialon Pi and the Marketing Club, has been appointed to work in the Department of Business Administration under Mr. John Murray.

Patricia La Pointe, an Accounting major, will be working with the Department of Business Administration under Mr. John Murray.

The program which offers three academic credits, consists of three segments. The students must attend seminars every Monday, work with a government agency, and present a written report of their activities at the end of the program. The purpose of the program is to put the student in a real work situation as distinguished from speculation or simulation, give them the opportunity to participate on the same basis as workers, and the opportunity for the systematic and continuous examination of the experience in relation to the generalizations of political science.

Room and Board Fee to Be Increased

For three years now Bryant College room and board fees of $1,150 have not increased; but for the 1974-75 academic year dormitory room rates will be increased $50 per year and board by $150 per year, bringing the total room and board fee to $1,350.

Tuition fees for the Fall and Spring semesters remain unchanged from the $2,000 charged for the 1973-74 academic year.

These decisions were reached after discussions with students, administrators, and dining services.

Hey, got a problem you’ve just got to talk about? Or do you just want to nosh about anything? If you can answer yes to either of these questions, there is now a place for you to go, on the Bryant campus, to find someone who is willing and eager to talk to you. It is the Open End and it is the first attempt at Bryant to establish a peer (student-to-student) counseling service.

The Open End is a student-operated program designed to provide an opportunity for Bryant students to relate to other students’ problems that are common among college students today. It is a group of concerned students interested in helping other students through counseling, talking, caring, referring, and literature concerning such issues as family planning and birth control.

We of the Open End began work on our counseling service last semester under the direction of Miss Janet Morahan and Mr. Peter Barlow. We have since developed a program that would meet the needs of Bryant in terms of its counseling services. We have done this because we feel that our presence on the campus can go far for a friendly, ear to talk into and a friendly shoulder to lean on. We feel that the best such service could be provided by for students on the campus because helpers from within the Bryant community would be more effective and involved than helpers from outside who might not be as trusted as students as far as students’ problems are concerned. So we conceived the idea of Open End.

The Open End will open the 15th of February and will be located around the corner from the ARCHWAY in the counseling office. We will be open for listening on Tuesdays and Thursdays from 9 a.m. to 4 p.m. We will be there to offer coffee and tea, as well as our services to anyone who wants to drop by to talk about anything.

Drop by and see us. We’ll be there and we hope that you will take a few minutes and stop in to see what we and the Open End are up to. Maybe we can talk.

For those of you who might not know who we are, here are our names: Douglas Clarkson, Peter Denworth, Robert Desroches, William Frieswick, Peter Hanlon, Nancy Hilliard, Michael Isaacson, Raymond Fuersten, Victor Rebello, Delta Ruff, Joseph Santangelo, and Randy Weiss.
The day that we have all been waiting for is here—the day of siphoning. A couple of people have already been caught in the act by the Security Force, but who knows how many people have been victims of those who get their kicks out of siphoning gas that belongs to other people.

We would like to suggest that everyone get locking gas caps—but there just aren’t many of them around anymore. Another way to narrow down the possibility of having your gas siphoned is to lower your car under the rows where two cars are back-to-back. By doing this, you may make it a lot harder for someone to siphon your gas.

In situations, that’s not much you can do except to hire a body guard for your car—and after spending all that money on gas that gets stolen, who can afford a body guard?
Olinsky and the Calendar Committee

Dear Editor,

Editors' Note: The following is a letter from the President of Bryant College,

This all sounds will be dated as of the time this will be printed.

It has come to my attention that one of the agenda items for the faculty meeting called by the administration concerns itself with considerations for future academic requirements.

Since the Calendar Committee has met to discuss the question of how the President, Doctor Evans, feels that it is an insult to the members of the faculty and the administration that their recommendations are ignored. Since that time we have been considering responses from Dean Guelich, Doctor Evans, and the account factors which were used. The following is an excerpt from our original recommendations.

It appears that the Calendar Committee has recommendations for the acting Vice President for Academic Affairs (December 14, 1973). We received a response to such recommendations by Nelson Gulski. The response is as follows:

The argument for the desire of the Jewish High Holy Days has been given explicitly in the past and I will retire some of them. First of all, the three Jewish High Holy Days constitute the most religious days to a Jew. On these days the Jewish faith is not supposed to do so much, but rather to attend services in the temple. The segment by the administration I have is that non-Jewish Jews does not hold any water, since Christmas Day is observed even though there are Christians.
The Inquiring Photographer

by Jeff Stein

"Traying... a fast growing sport, Excitement, Adventure, and Thrills await you. And the nicest part of it all is that it just takes you and a tray.

P.S. Thank you ARA!

Library

by Paul J. Carroll

At first glance, the library of Bryant College appears to be a boring place with its placid atmosphere; yet it is bustling with intellectual fervor in the unseen workings of the students' minds. At the head of this organization is Mr. John Hanson, Director of Library Services. The library is not just a warehouse for books to collect dust in. Rather, it offers a spectrum of services which are often unknown to students. One of these services is the Audio-Visual Center. Here the students have available to them the use of tape recorders, slide projectors, and video-tape recorders. One example in which students can use this equipment is for slide presentations. The slide projector can be programmed to change frames to coordinate the picture with the lectures speech. The audio-visual center also aids teachers in their classes. Mr. Dimmick taped his night class one semester, enabling students to see the class later in the week if they were absent or missed part of the lecture. For music lovers the library has over 250 records and recordings for their listening enjoyment. Hanson hopes to have calculations available at the circulation desk next year for the use of students.

The library is a participant of the Inter-Library Loan System whereby if a student needs a book which is not available, it will be acquired from another library. The library has been improving its services since 1972, when it became its director six years ago. The number of volumes has increased from 77,000 to 70,000 and the library now services an average of 1,200 students a day. The library has a new computer terminal which enables the prompt cataloguing of books. In the future the computer will be used in the inter-library loan system to determine what books are available in other libraries. The library's collection is geared to the needs of the faculty and students, offering them a wide range of sources of information on topics of business and general interest.

Commencement

Date Change

In the past the Graduation and commencement ceremonies were held three weeks after the last day of classes. This year's Commencement Committee voted that the commencement date be rescheduled to Saturday, May 18, 1974, with the program scheduled to begin at 10 a.m. Their reasons for this change are:

1. Eliminates three-week wait and inconvenience to parents and graduates.
2. Energy crisis—gasoline may not be available for a second trip to the campus.
4. Bryant College will be the first college graduating in Rhode Island.
5. Graduates can start jobs earlier.

The following groups were consulted and are in favor of the change: Big T (the officers of THE ARCHWAY, Student Senate, GLC, and Radio Station), Executive Committee of Board of Trustees, Central Staff, and Faculty (meeting of February 12, 1974).

I hope that the Administration is reading my column this week, because I've received a number of letters from concerned students pertaining to the problems around campus; and they are the people who can straighten them out. There are some things that may seem strange at first, but taken as a whole they represent a flaw in the operations of the college. I hope that the Administration will not write these things off as being superficial, for I'm sure that they like their own environments to be kept up to proper standards. The students cannot correct these problems here on their own—they need YOUR help!

Sincerely,

Paul J. Carroll, Director of ARA Dining Services.
**MBA Highlights**

by Dean Lobouts

Spring 1974 Semester

Graduate students and classes by now have passed the one-third mark in the Spring Semester which begin on January 7. Case studies, reports, term papers, etc., are well on their way. The class enrollment has stabilized for the remainder of the semester.

**Advance Payment VA Checks**

Advance payment checks have been and are being received at the Graduate Office. Graduate students have been notified of their arrival and practically all of the checks have been signed for by our students.

Who's Who Among Students

Thirty-four graduate students have had their names submitted for inclusion in the prestigious "Who's Who Among Students in American Universities & Colleges." This is the first time that the Graduate School has been asked to submit names for this listing—another sign of the growing recognition of the Graduate School within the academic community. Nominees, who will be contacted by "Who's Who" for biographical information, should return their biographies as soon as they can.

**MBA Admission Trends**

The Graduate Business Admissions Council reports that its November, 1973, survey indicates an upward trend for applications and admissions to business schools. Applications increased 11 percent over 1972. Admissions increased 7.3 percent. There was a greater increase for part-time students than for full-time students.

---

**Winter Meeting of League of RI Historical Societies**

The League of Rhode Island Historical Societies will hold its winter meeting at Rhode Island College on Saturday, February 18, 1974, from 9:15 a.m. to 3 p.m. The principal speaker for this meeting is Dr. Nelson J. Gudzik, acting Vice President for Academic Affairs at Bryant College, who will speak on "The History of College Education."

Dr. Gudzik has been a leader in education for business for 48 years. He is well known for his civic contributions in his hometown of North Attleboro, having served on that town's Finance Committee, School Committee, School Building Committee, and By-law Revision Committees. Presently he is chairman of the Town Capital Improvement Committee and the Industrial Development Commission.

For many years he has been guiding light of the Junior Achievement of Rhode Island and the North Attleboro Scholarship Foundation. He is also a director of Swank, Inc., and a trustee of the Attleborough Savings Bank.

He served as Bryant faculty member, Dean of Business Administration, and was Acting President of the College from November, 1969, to August, 1970. After retiring in June, 1972, he returned to Bryant in September, 1973, as Acting Vice President for Academic Affairs. He is also college historian.

**Townhouse Payment Information Correction**

A meeting was held Wednesday night for those students interested in living in the Townhouses next year. The amount of the "non-refundable deposit" was discussed and because the students interested in living in the townhouses felt that the deposit was too high, the Administration decided in favor of the students and lowered it. The payments are as follows:

- **Deposit**
  - August 14, 1974—$565
  - January 13, 1975—$465
  - **Total $1,130**

*Existing Dormitory Damage Deposit may be transferred to satisfy Townhouse Deposit requirement.*

"BOO"

The Hollywood Wax Museum employs a make-believe monster to pop out of the shadows to get its customers into the right frame of mind as they walk through the door. But this weekend it was howlabout, fair play. The make-believe monster himself was nearly scared to death. The monster went into his act when two shadows appeared in the darkness—but they turned out not to be customers. Instead, they were police. Looking for someone whose name was started enough by the suddenness of the monster's movement to whip out his revolver. The gun went off accidentally fired, but the bullet streaked the floor at the monsters feet. Oh, by the way, the burglary call later turned out to be a phony.

---

**Your Groceries or Your Life**

In Arcadia, California, the deadly trap of a pistol hammer convinced Ronnie Mercer that the man who approached him wasn't joking. Until then, Mercer wasn't sure. After all, who would steal groceries? He told police he didn't get more than a few yards from the grocery store when a little red sports car pulled up in the parking lot and the passenger demanded Mercer's shopping bag of food. Mercer quotes the bandit as saying, "Just give me your groceries." Mercer says he chuckled, figuring it was a put-on, and continued walking. But the snap-click of the man's pistol-hammer stopped him in his track and a stunned look he handed over the groceries and the little red sports car drove away.

---

**LUSH BREAK**

Police in Plymouth, England, are more concerned about school children at the moment than any robbers. They say the kids in the town used to head for the football fields during the lunch break—now they are heading for the pub. And the Chief Superintendent says many aren't sober enough to return for the afternoon lessons.

---

**BRRRRIIII!!!**

A traveling salesman shouted, dropped his luggage, and ran after a young man who snatched a 100-mark bill from his coat pocket.

The young man threw the bank note to the ground and disappeared among the crowd in the main railroad station of Cologne, Germany. When the salesman returned to collect his luggage, it was gone, stolen by other thieves.

---

**FOILED AGAIN & AGAIN AGAIN**

The third timeburglar broke into high school teacher, William Gould's house in Seattle, Washington, he installed an alarm system at school and left a message for him. He didn't get the message for three hours. This week, Gould's house was broken into a fifth time. And this time the alarm was taken.

---

**RIDE EM COWBOY!**

Dan Sorg didn't have much trouble when he ran out of gas—even if it was the day before his test for a job and the gasoline pump job miles from his home. He didn't want to stand in line for two hours either; then pay 50 cents a gallon for fuel. So the 19 year old Sorg jumped on his horse, Rio Brave, and rode to the test at the Westinghouse Plant in East Pittsburgh. And it appears Sorg will get a Job. As the Personnel Manager at the Plant explains, "A lot of department managers called me. They said 'Hire him. That's the kind of people we need.'""
The offer that he COULDN'T refuse.

Raffle

The Greek Letter Council is sponsoring a raffle, with proceeds going to the United Way. First prize is a portable color television, second prize an AM-FM stereo radio, and third prize an eight-track tape player. There will also be many other assorted smaller prizes. These include Rama pens, merchandise from the Bryant Bookstore, Gulliver's the Bookstore and assorted books.

The drawing will take place on Friday, February 22 in the ROTUNDA at 3 p.m. Tickets are 50 cents each or 5 for $3.00. They can be purchased from any fraternity or sorority member up to the drawing date. During the last three days of the week, each fraternity and sorority will be displaying the prizes in the Rotunda.

BUY A BOOK TO SUPPORT THE GREEKS AND HELP THE UNITED WAY

Pledges Drink to Pledging

Last Monday night after tremendous Greek support of the Bryant basketball game, brothers, sisters, and pledges of all fraternities and sororities went to Gullivers for a pledge party. Each Greek organization contributed money to support this event, and from every fraternity and sorority and from the Greek Letter Council made up the difference. The Happy Hour began at 8 p.m. Its purpose was for pledges to meet other pledges, brothers, and sisters from every fraternity and sorority. The atmosphere was warm and friendly while the pin ball machines were ringing, people were dancing, and singing into the juke box, and talk of pledging and school was prominent. It is quite evident that how much of an original and proud body the Greeks are on this campus.

Sno' Queen

This year, Bryant College plays host to the 30th Annual Sno' Queen Weekend. Sno' Queen will again be sponsored by Tau Epsilon Phi Fraternity, Sigma Iota Xi, and Alpha Theta Chi Fraternity.

The culmination of more than one fraternity and sorority this year has produced many varied and exciting events. Thirty-five years of Sno' Queen tradition bring forth memories of beautiful girls vying for the Sno' Queen title and the fantastically funny Campus Follies where slapstick, deadpan, and basic humor are the main ingredients of each skit.

This year’s events are as follows:

Wednesday, February 20 at 8 p.m. Each contestant will be judged on poise, personality, ballet suit competition, and a question and answer period composed of questions relevant to today’s society.

Thursday, February 21 at 8:30 p.m. the Campus Follies and the Coronation of Miss Sno’

GLC Supports Street Schol

The GLC Second Penny Cube Collection in the Rotunda for the Rhode Island children's street school. This is a part of the millions collected by the youth Island to help Rhode Island children's street school. This is a part of the millions collected by the youth
RULERS (summary)
1. Limit of four preliminary contestants per fraternity.
2. Events to be held at Burger King, Mineral Spring Avenue, North Providence.
3. There will be a 15-minute time limit for the consumption of Whoppers.
4. May be either a pledge or a brother as the contestant.

AWARDS
*(To be given out at the Finals)*
1. $50 cash award to the winning fraternity.
2. Trophy to be presented to the winning fraternity. All in all, this year's Sno' Queen-Campus Follicies Weekend promises to be more splendid than ever before. As perpetual as Whoppers. Winning fraternity.

The 1974 Fraternity Basketball League began Sunday, February 10. Every fraternity will be represented, with brothers and pledges making up the team. Delta Sigma Phi beat Phi Epillon Phi 37-12, with "Pistol" Pete Gaudry and "Rocket" Rich Genden providing great hustle. Hill, Hogan and Kappa Tau beat Alpha Delta Omega 41-28. In a tough game, Tau Epillon Phi beat Phi Sigma Tau 50-48, lead by Schnur and Lemieux. Tau Kappa Epillon easily beat Beta Pi 52-20 behind Trahan and Zonovska. Tau Epillon won over Theta Chi 23-13, as Bishop and Tanca contributed effectively.

As an outlook for the future, TKE is definitely the team to beat, with a strong opposition from Delta Sig, TEP, Phi Sig, and Kappa.

As an outlook for the future, TKE is definitely the team to beat, with a strong opposition from Delta Sig, TEP, Phi Sig, and Kappa. Sorority games found Sigma Lambda Theta edge Sigma Iota XI 10-6, with Laurie Galway as high scorer. "Delicate" Donna Meesore, with a soft touch, scored the winning basket. Sigma Iota Beta-A beat SIGI 14-0, with help from Georgette and Bubba. In the fast game, SIGI Phi beat Alpha Phi Kappa 12-0, with Joan and Marianne leading the way.

Our Gang, who had a bye, Sunday, will be hailed by SIGI for the League title, with SIGI given a slim chance for winning the title.

ANNOUNCEMENT:
Pell-Tierman
Washington
Internship Program

Spring 1974

During the week of March 18, in honor of Spring vacation, four lyceum students will have the opportunity to visit Washington, D.C., to participate in the Pell-Tierman Internship Program. The program, which was established several years ago, brings students to the capitol to observe and participate in the functioning of the legislative offices of either Senator George Pell (D.R.I.) or U.S. Congressman Robert T. Tierman (D.R.I.).

Students who are interested in applying may get applications from Dr. Evarts, Director, Political Science, Office 221. The last date for submitting an application is February 16. A meeting of students interested in learning more about the program will be held Wednesday, February 20, at 12 noon in the Conference Room of the first floor faculty offices.

Announcer Bob Simmons spins a few tunes. Photo by Jeff Stein and program formats. They are also awaiting the arrival of more albums for their library.

WJMF Update

by Thomas Czapinski

WJMF, Bryant's Radio station, is picking up momentum as its members broadcast over the school's public address system.

Biding their time until the arrival of their long-expected overdoor antenna, members of the radio station have been carrying on mock broadcasts over the school's public address system. To date, the broadcasts have been carried on Monday through Friday from 7 a.m. to 7 p.m. Music and news have been the principal programming.

According to Steve Boulter, WJMF's Chairman of the Board, "this time enables us to adjust and improve our operations." The station personnel are still working out broadcast scheduling improvements in the system will be sought when the station is in full operation.

Still in its early operations, the radio station has already outgrown its facilities and is cramped for space. The two studios that the station has are being utilized to such an extent for broadcasting, practice, and production that the need for a third studio is clearly seen. Once the record library is built up, more storage facilities will be needed to keep them on file.

During this time of waiting, the training of personnel is an ever-continuing process. Approximately ten members of the station will be traveling to Boston next week to take tests.

Ever take a good, close look at a career in life insurance?

Maybe, like a lot of people, you've dismissed the thought of a career in life insurance without a thorough investigation. We'd like you to take a good look at it; you may be surprised at what you see.

We think you see a career with unlimited potential for high income and personal satisfaction. This is a career that combines unusual independence with a very real opportunity to be of service to others. If this sounds good to you, we'd like to tell you about our unique Sales and Sales Management Training Program and the opportunities it can offer young men and women. And we'd be frank about the pitfalls, too.

Why not ask your placement office to arrange an interview with;

Maybe, like a lot of people, you've dismissed the thought of a career in life insurance without a thorough investigation. We'd like you to take a good look at it; you may be surprised at what you see.

We think you see a career with unlimited potential for high income and personal satisfaction. This is a career that combines unusual independence with a very real opportunity to be of service to others. If this sounds good to you, we'd like to tell you about our unique Sales and Sales Management Training Program and the opportunities it can offer young men and women. And we'd be frank about the pitfalls, too.

Why not ask your placement office to arrange an interview with;

WJMF Update

by Thomas Czapinski

WJMF, Bryant's Radio station, is picking up momentum as its members broadcast over the school's public address system.

Biding their time until the arrival of their long-expected overdoor antenna, members of the radio station have been carrying on mock broadcasts over the school's public address system. To date, the broadcasts have been carried on Monday through Friday from 7 a.m. to 7 p.m. Music and news have been the principal programming.

According to Steve Boulter, WJMF's Chairman of the Board, "this time enables us to adjust and improve our operations." The station personnel are still working out broadcast scheduling improvements in the system will be sought when the station is in full operation.

Still in its early operations, the radio station has already outgrown its facilities and is cramped for space. The two studios that the station has are being utilized to such an extent for broadcasting, practice, and production that the need for a third studio is clearly seen. Once the record library is built up, more storage facilities will be needed to keep them on file.

During this time of waiting, the training of personnel is an ever-continuing process. Approximately ten members of the station will be traveling to Boston next week to take tests.
**Bryant College Student Organization**

The newly-formed Bryant College Student Organization will become a member of the Data Processing Management Association, Providence Chapter, on Wednesday, February 20, 1974, in the Faculty Dining Room at 7:30 p.m.

Mr. David B. Carpenter, President of the Providence Chapter of DPMA, will present the charter affiliation certificate to Mr. Lawrence Hookey, President of the Bryant College Student Organization, and to Mr. Kenneth M. Long, Assistant Professor of Management at the College and Advisor to the group.

Carpenter is Data Processing Manager for the Automobile Club of Rhode Island (AAA).

Other officers of the Bryant College Student Organization are: J. B. Johnson, Vice President; Jean Hawkins Gorman, Secretary, and Roland Lachapelle, Treasurer.

Also attending will be Mr. William E. Gillan of North Providence, Regional Vice President of DPMA; and officers of the Providence Chapter: Alfred Colson of Cumberland, Executive Vice President; Anthony Mulino of Rumford, Vice President; Dora Honby of North Providence, Secretary; and Wallace Babbitt of Warwick, Treasurer.

Charter members of the Bryant College Student Organization are: Linda Arnold, Kayley Baillargton, Thomas Benot, David Bonaccorsi, John Dick, Mrs. Gorman, Joseph Haydu, Mr. Hookey, Mr. Johnson, Larry Jonas, Mr. Lachapelle, Leo Louille, Jeanne Previle, Michael Roth, Michael Soderlin, and Richard Turcotte.

**WEB Women Speak**

People wonder about WEB. Is it a subversive group of women, a threat to the Federation, a bunch of raved or frustrated females, another campus pressure group trying to force further unwelcome changes?

The answers to these questions are both positive and negative, depending on your social perspective and your personal interest group. If WEB is ominous for you, then perhaps WEB is threatening.

The organizational goals of WEB are to focus on issues relating to academic women and to effect changes wherever Bryant Faculty women find their posture unfavorable compared to that of other university women.

Some members of this community regard the women's movement as a one-season spectacle. By rated techniques, they seek to trivialize the very serious issues at stake.

One specific purpose of WEB is to raise the level of consciousness of the Bryant Community on the issue of SEXISM which is in its subder form more a mentality than a practice. Towards this end, WEB will publish a sequence of "mini-articles" in the ARCHway presenting the issues from the varied perspectives of WEB members.

**Masques To Present Plays**

by Paul J. Carroll

The Masques Club of Bryant College will afford students the opportunity of witnessing a unique experience this May, when they will present two plays written and directed by a Bryant student. Bob Salamida has written a comedy and a drama, each about an hour and a half in length which are the first of his works ever to be performed. Mr. Pat Keeley, the faculty advisor of the Masques, says that the plays are very well done and comments that the comedy is very funny and the drama is dramatic. Bob states that students will be able to readily identify with the comedy which takes place in a college milieu. In contrast to the drame of the comedy, the drama is very hard hitting.

The plays will be performed during Parents' Spring weekend in May and will be an event not to be missed.

Howard Cosell. Many associate that name with other four letter words. Why? Because he is the most hated sports commentator in the United States. People say he is arrogant, unfair, distasteful, and absurd. Many believe his opinions are out of line and, therefore, express themselves by calling the ABC TV studios, while others write directly to Cosell. Some even threaten suicide. This proves the fact of dedicated sports fans. Perhaps Howard Cosell is a man who has been seriously mentioned. But the truth of the matter about Cosell is that he is honest, dedicated, and the top individual at his profession. Cosell’s opinions express sports controversy that is unmatched anywhere. The dynamic duo of Howard and Muhammad Ali creates fan interest as well as improve the sport of boxing. Much of the discussion between the two men is acting. Despite the remarks, ’Bill Hart, Wilt Chamberlain, and Howard Cosell,’ or, ’I made you famous Howard Cosell,’ Cosell began his career as an Attorney at Law. He believed a new style of sports commenting was needed. It was a style of opinions and broad views. A type that was never heard of before. Despite creating interest, his first radio show was cancelled because the complaints outnumbered the compliments.

Four Bryant Bowlers to Go to New York City

Four members of Bryant College’s defending N.A.I.A. Region VIII Bowling champions will journey to the Bowmire in New York City for the finals of the Eastern Intercollegiate Bowling Conference doubles championships this weekend.

The Bryant tandem of Joe Kubissey and Ken McKenzie and Bob Foster and Bill McKee scored 3056 and 3024 respectively in the eight-game qualifying sets rolled at the Wilbraham Ten-Pin Center in Wilbraham, Massachusetts, last weekend. They join a duo from the University of Massachusetts as New England representatives in action at the Laurel Lanes in respect that Cosell gives a roll of stones at Wilbraham, between the two men is championship this weekend. After the first six games in Cosell’s opinion, the City for the finals of the Captain Fred Wissbrun Cosell is that he is honest, champions will journey to field cut to the top eight for mentioned items. But the Regional V.

Howard Cosell, by Rich Maged

The two outstanding players on the Bryant Table Tennis Team proved to be sophomore Howie Schreiber and freshman Mike Roth. These two would represent the college in men’s singles in the American Collegiate Union’s Annual Regional Tournament to be held at the Central Connecticut State College on February 21.

The New England tourney for singles concluded on Wednesday, as

by Lawrence B. Selvin

seven contenders clashed for the right to further test their abilities in New Britain, Connecticut. The five regular A Team members coupled with B Team players Roth and Joe Roberts made up the starting field. The latter duo gained an entrance into the final seven by successfully compiling the best two records in a preliminary 16-player tournament that featured eight second-string players.

Schreiber constructed a sparkling 9-3 mark, while Roth’s 10-2 performance in matches highlighted the play.

To achieve a victory in a match, a player must capture two out of a possible three games.

The other four active participants in the tournament not previously mentioned are Larry Ostrower, Larry Selvin, Howie Dornfeld, and Neil Goldman.

The ABC World of Sports found a spot for Cosell as their boxing commentator. It is on the Wide World of Sports that the Cosell-Ali debates gained fame. For who else could referee a debate between Will Chamberlain and Muhammad Ali? The question should meet in the ring?

“Cosell on Sports,” is a syndicated radio show heard daily throughout the country. An in-depth look at the days sports news as well as a short sports commentary brings up this show. It was on this show that a daring Cosell did away with his copy and tried to explain why Robert Kennedy was such a great man on the day of the late Senator’s death. Once again, this illustrates the passionate side of Howard Cosell. The new-look interview with Eddie Robinson, the U.S. Olympic Track and Field coach at the 1972 Munich Olympics. exposes another side of reality. Howard Cosell. Two United States runners missed their qualifying heats for the 100-meter dash because of a so-called “schedule mix-up.”

Coach Robinson was indirectly responsible. On national television, Cosell proceeded to prove that Robinson was, in fact, responsible for the mishap. His questions were honest and at times embarrassing to Robinson. But once again Cosell believed the people were entitled to the truth. This time they heard it.

The Monday Night Football Games are Cosell’s most popular venture. His comments, at times, are irritating but, of course, truthful. It is because of the style that Cosell has received most of his hate mail. He continually seems to offend football fans in every city.

The charisma of Howard Cosell is nowhere. He has appeared on the cover of NEWSWEEK and TIME magazines. As previously mentioned, his style is unmatched. Many people have tried to copy the Cosell method and failed. “Humble Howard” remains a part of the American Sports scene. It is hoped that the famous line “This is Howard Cosell,” is heard for many years to come. For there is only one Howard Cosell.

Paddlemen Schreiber - Roth Advance to Regionals

The two outstanding players on the Bryant Table Tennis Team proved to be sophomore Howie Schreiber and freshman Mike Roth. These two would represent the college in men’s singles in the American Collegiate Union’s Annual Regional Tournament to be held at the Central Connecticut State College on February 21.

A four-day open tournament for singles concluded on Wednesday, as

The Indians rallied from three more victories this past week as the cagers ran their winning streak to eight since the semester break. Last Thursday, Bryant decided Babson 67-63, in a conference game. Saturday, the team traveled to West Haven, Connecticut, and came home with a 74-69 victory.

Most recently, the Indians defeated the S. E. Mass. * 3-0 Wednesday, February 13.

In the third time this season that Bryant has surpassed the century mark, Bryant has convincingly defeated its opponents in the last eight games. Defense is the reason for the victories, as not one team has scored 70 points since the semester break. A playoff spot is inevitable if the team continues to work well together and show poise under pressure.

Bryant is the best team six of the opponent's face in the next few weeks. Followers of basketball know that squads seem to perform better, or at least are psyched to play the best.

Rhode Island College and Southeastern Massachusetts can only salvage their season by defeating Bryant. This week's games will be thrillers.
