Jewish Holy Days Cause Calendar Confusion

Three concerned students of the Jewish faith set into motion a proposal to cancel classes for all students for the observance of the Jewish High Holy Days. This occasion is observed on the 27th and 28th of September this year. While Orthodox Jews and those who hold to Conservative values celebrate for two days, those who attend the Reformed Temple celebrate for one day only.

Greg Evans, President of the Student Senate, accompanied the three students in a meeting with Dr. Party Evans, President of Bryant College. The students were armed by petitions signed by approximately 100 students and a letter from Rabbi Donald A. Berrett, College Chaplain of Bryant College.

A meeting was held by the Bryant College Faculty Federation on Wednesday afternoon. At the meeting, Dr. Evans spoke in favor of cancelling classes on the two days in question. The Federation held two roles. The first proposal brought up for a vote was whether or not classes should be cancelled, and if cancelled should 6 minutes be added to classes to make up the time. The vote on this was 25 in favor, 20 opposed, with 8 abstaining. The Federation then took a second vote after deciding to rescind the first vote. The second vote was whether or not classes should be cancelled, and that the Calendar Committee should be consulted about how these days should be made up. The vote on this was 29 in favor, 13 opposed, and 11 abstaining.

As a result of the second vote by the Faculty Federation, the Calendar Committee met, and voted on the following proposals made to Dr. Evans:

1. Classes should be cancelled. The vote was 4 in favor, 1 against, and 1 abstaining.

2. Decisions should be left up to the different departments. The vote was 5 in favor, 0 opposed, and 1 abstaining.

3. The time should be made up after 3 p.m. The vote was 1 in favor, 4 opposed, and 1 abstaining.

In his quest to gain further information on the legality of the master, President Evans made the following research report:

"Upon contacting the New England Association of Schools and Colleges, I was informed that there is no quantitative requirement made by the accrediting board, especially concerning class hours.

Upon contacting the National Council for Accreditation of Teacher Education, we were informed that the only quantitative requirement was that concerning course load. This requirement is that those students must have at least one-third general studies in their curriculum.

Upon contacting Mr. Arthur Pontrelli of the Rhode Island Board of Regents, we were informed that the institutions set their own rules concerning class hours as pertaining to section hour credits." 

Some of the points to be considered in whether or not to cancel classes are as follows:

Against
1. Students of Jewish faith are allowed to be absent from class on Jewish High Holy Days and the faculty has been asked to not consider the time as a cut and to refrain from scheduling exams on those days.
2. None of the 12 institutions of higher education in Rhode Island observe Jewish Holy Days.
3. 12.5% of Bryant’s enrollment is of the Jewish faith.
4. There are other groups who could also make persuasive requests for exceptions to the Calendar. As a result, this Calendar, which does not include Jewish Holy Days, has already been approved through normal procedures.
5. Although 800 students signed a petition in favor, 1700 did not.
6. Although 29 faculty members voted in favor, more than 60 did not.
7. Many constituencies of Bryant would be inconvenienced (Greeks, parents, A.R.A.) by a change in the calendar because they have already made commitments.
8. Certain laboratory courses, secretarial skill courses, etc., do not lend themselves to a change in calendar change.

For
1. Out of the students polled, not even 1% voted against observing the Jewish Holy Days.
2. Thirteen faculty members voted against, 76 did not.
3. Delta Sigma Phi and Tau Kappa Epsilon, who are sponsoring the Freshman Queen Weekend, have already made other arrangements regardless of the outcome. No one polled the parents.
4. We have presented both sides of the issue. Everyone in the College Community will be allowed to vote today. Please exercise your right.

Billie Jean King Wins The Battle of the Sexes

In straight sets, 6-4, 6-3, 6-3, at Houston last night.

Fill This Out And Return To The Appropriate Office By 12 Noon

Student: turn in your ballot in the Student Senate Office.
Faculty: turn in your ballot to faculty secretary in person.
Administration & Staff: turn in your ballot to the President’s secretary. (Sandy)

Are you in favor of cancelling two days of classes to observe the Jewish High Holy Days?

Yes

No

IF YES check one below.

Make up will be determined by each department.

Add five (5) minutes to Thursday and Friday classes for ten (10) weeks. Classes on the other days will not be affected.

Make up the two missed days on two Monday holidays already on the calendar (October 8 and October 22).
Editorially Speaking

SHALOM

What seemed to be a repeat of an effort by Jewish students to recognize the Jewish High Holy Days on the student calendar has not yet been resolved. One of the reasons for this may be that Jewish students involved did not make their request known until the eleventh hour. Their efforts, which were considered by some to be a good cause, succeeded in creating numerous rumors throughout the College Community.

Although many people may be inconvenienced by this last-minute change in the calendar, we feel that the request of the Jewish segment of the College should be honored.

The ARCHWAY recommends that the class time which will be lost if the Holy Days are observed should be made up by adding five minutes to Thursday and Friday classes for a ten-week period.

We support Jewish students in their request and urge all members of the Bryant Community to take part in the voting.

On the Lighter Side

President Solves Pressing Problem

It was announced this week by Dr. Harry Evans that a Parking Lot Shuttle Service will begin operation shortly. The Board of Trustees gave their immediate approval of an emergency request, which was called after they had been notified that from now on they would have to park behind the athletic field.

The busiest day came from the information, when two extra nurses have been hired to handle moderately sick, and a ten-year supply of Epson salt was depleted in a week's time.

The Faculty Federation also complained that there isn't enough time for coffee before classes after faculty members park by the sewage treatment plant and walk up the slope and into the administration by way of the loading dock.

Committers have been getting to class about 15 minutes late every day because it takes so long to walk up the driveway after they have parked at O'Keefe's.

One of the Co-Editors of THE ARCHWAY loudly voiced his disapproval last night about the problem. After driving twice the speed of light to get back to campus before his pizza cooled off, it was an odd one-half hour later after walking from his parked car to Doreen 2.

When asked what had happened to the parking spaces, the President said that an uncharacteristic ex-president had apparently vandalized all the parking spaces to Lincoln Downs before leaving.

ALMANAC

Today is Friday, September 21st, the 264th day of 1978 with 101 days to follow.

The Moon is in its last quarter and new phase.

The morning stars are Mars and Jupiter.

The evening stars are Mercury, Venus, and Jupiter.

This date was significant in the early days of America.

In 1932, the first gasoline-powered motor car appeared on the streets of Springfield, Massachusetts. It was designed and built by Charles and Frank Duryea.

In 1936, about 600 persons were killed by a hurricane which battered the coast of New England.

In 1843, Bowery Municipality knocked out Archie Moore in the ninth round at Yankee Stadium in New York, successfully defending his heavyweight title for the sixth time.

"FRANKLY SPEAKING" by Phil Frank

"One question 14 asks is what has been the worst U.S. disaster since President Nixon's election in 1968? Is that also the answer?"

This week, the ARCHWAY wishes to extend congratulations to the Dining Service for its excellent planning of leftovers for Wednesday night's dinner. The students who were unfortunate enough to go to dinner around 5:15 on Tuesday night were faced with almost empty buffet tables at the Adventure in Dining. This seems to be unfair, because the dinner hours do not end until 6:30. Students who asked for more spaghetti or chicken were told that no more was going to be put out. However, on Wednesday night, the same chicken mysteriously reappeared on the menu. We at the ARCHWAY feel that the only reason for not putting more food out for students who go to dinner after 5 p.m. should be that there is no food left.

Special thanks to the management of the dining services at Bryant for careful planning and true concern for the students of this college!
Liberalism?

Dear Editor,

As a freshman coming to the Bryant College community, I sincerely expected an array of greater liberalism from the school, not the anti-liberalism conveyed by most of the students as well as the ARCHWAY. (The voice of the students?) Viewing the students of Bryant and the notes that they play, I wasn’t the least bit shocked to find out that the paper was such a sport-oriented sexist journal. I do suppose a sexist school should have a sexist newspaper for all the anti-women-flopping males and am-eating females. What is left for the students that are not playing these sex roles?

Very Seriously,
J.M.G.
P.S. In the future I wish that you, the newspapers Editorial Board, would use more discretion in your choice of advertising. The sexist ad for the yearbook in the Sept. 14 edition was unsuitable for.

Editor’s Note:
The ad to which you refer was approved by the Editor-in-Chief of the ARCHWAY, Bryant College Yearbook. The ad happens to be a woman. We do believe that the art was sexist in content; and we are very much for the Women’s Liberation Movement here on the ARCHWAY Staff.

Does Your Vote Count - Yes!

Dear Editor,

In the next few days you will notice the almost traditional display of campaign literature throughout the school. Different ideas, and some new approaches to old ideas. And this theme of the various candidates running for office in this coming election. But the unexpectedly part of the whole situation is that if this election turns out as previous ones have, then less than half the students will have the concern to get off their — and vote. This will mean that this Senate as it was in the past, will be elected by a minority of the students, rather than a majority.

AN ELECTED OFFICIAL SHOULD NOT REPRESENT A MINORITY OF STUDENTS.

One minute of your time on election day (Wednesday, September 26, 1973), will change that and greatly diminish the sparsity here at Bryant. One minute of your time on election day will prove to the students, the administration, and most important, to yourself, that you are not just here for the hell of it all.

So does your vote count? The answer is obvious. The goals of our Senate are not merely the personal gains of our students or even town legislative bodies. The Senate has the means of respecting all achievements, and not using them as a tool of power. Let your voice be heard and let the Senate know what you want it to be.

Cathy Cook

Unhappy Students

Dear Editor,

As Bryant College students, committees should have the same privileges as other students. This semester, however, things have changed for the worse.

As committee members, we were allotted our own lounge. Upon returning to classes last week we were shocked to find our lounge had been changed into a "new" lounge. One old room that was an old room, was changed into a "new" lounge. Our old lounge and vending machine were not changed along with the tables and chairs. We were left with old tables that were out of shape and changed to \"new\" lounge. Our old lounge was \"new\" and our vending machine was \"old\". We were left with the old tables and chairs.

We are still unhappy and need to be heard. Our lounge is our only place to carry a full glass of soda up 2 flights of stairs! At the tuition we pay a year, we at least deserve a money-making joke box and a few vending machines.

Several unhappy Bryant students

High Food Prices

Who Needs It?

Dear Editor,

As a consumer we find it hard to believe the recent drastic increases in the food prices at the snack bar.

Being a business student I would appreciate moderate increases in income, and a little lift in the cost of living, but I would be much reduced if the major food industry, and a 25% increase in a basic item like the cheeseburger, can be justified. If we can buy a similar item within 1/2 a mile radius from our college, with the same income, then the new prices are unjustifiable.

We all know some of the costs factors are the war, etc. that have gone up but I stress once again that 200% increase in prices of some of the items does not justify it. Therefore, it is proposed that the ARAA (American Retailer Association) should exploit to the student community.

I suggest that all our present concerns be accommodated at reasonable prices, why can’t we have honest cholesterol on the menu, or dessert which may still be cheaper, at some outside eateries.

A. Morrell

"BECAUSE IT’S CHEAPER, THAT’S WHY— NOW SHUT UP AND EAT YOUR GREENS!"
MBA Programs Off To Successful Start

by Dean Lebovitz

Approximately 360 graduate students have enrolled for the Fall '73 Semester in the MBA programs in Management and Administration at Raynham in Florissant, and at Bryant College in Newport. Twenty-five classes are being conducted on the campus, two at Bryant, and four at Raynham.

The student body has continued to be a varied mix of students who have come from previous undergraduate and graduate schools, of diverse occupations, and of various age groups, all united by one goal — to obtain either a part-time or full-time graduate education.

For example, some students already hold Masters degrees, there are even a few Ph.D's or Ph.D. candidates in the program. The number of women who have been enrolled has also grown. There are foreign students from Iran, Ireland, Korea, and Lebanon. At Navy, the total of the students range from Lieutenant to Captain.

Interest has continued to be high in the MBA degree. Since the end of the Spring semester, applications have been received at the Graduate Office on the campus of over 1000 people each day.

Bryant students are reminded that the Graduate Office is always available for their questions concerning MBA programs at Bryant.

Dr. Fullerton To Speak

Dr. Barry F. Fullerton, Vice President for Student Affairs, will be the first scheduled speaker for the Fall '73 Semester in the MBA programs. He is co-sponsored by Middletown Public Schools and the Child and Family Services of Newport County, and will be held at Middletown High School on Wednesday, September 26, 1973, at 7 p.m.

Dr. Fullerton has had considerable experience in conducting seminars on adolescence, behavior modification and drug abuse during his career in the schools.

I.S.O. Looks For American Members

by Maurice Meanaugh

What do you do if you're a foreign student at an American college and you're having trouble adjusting to American life and language? If you're at Bryant, you can look up the International Student Organization.

This group, organized about a year and a half ago, was formed as a way for foreign students to meet others in a similar position who can help them adjust to American culture. I.S.O. presently has about 25 members, who represent 18 nations. The club is looking to attract American students to join the group, with hopes of having international dialogue.

I.S.O. President of the group is a native of Uganda, but the club hopes this year to sponsor "opening night" parties for foreign students who will be arriving in the fall. Classes are being held in various customs and cuisine from various nations. I.S.O. also sponsors an annual dance and a fall Thanksgiving dinner for foreign students.

HERE THEY ARE:

ROB SALAMIDA
SENIOR

Dear Seniors,
I am running for re-election as Senator of the Class of 1974. My main purpose is to continue my efforts as chairmen of the entertainment committee which has included movies, dances and homecoming. It is my sincere intention to carry on the work that I feel will make the Bryant Community a better environment.

RICHARD SCHREIBLURTH
SENIOR CLASS

To the Seniors:
I am a candidate for Senior Senator. I am qualified for the position and have three years experience in playing the Bryant College Game.

STEVEN SCHULMAN
SENIOR

Dear Student Body,
Afterhaving attended Bryant for three years, I have seen the activities at this school go downhill. I feel by working for the Senate as a senior, maybe something could be done to brighten the future. I am always willing and able to help anyone at any time.

JOE ALIBASEN
SENIOR

Reason for seeking seat on Student Senate:
As a member of the Junior class, my reasons for seeking a seat on the Student Senate involves not only the seniors but all the underclassmen as well. Being a senior, I have experienced the many difficulties of college life. For the last three years I have pursued many goals of the student body. The main problem is that these goals are never answered. Once a member of the Student Senate of Bryant College I will make proposals that will improve the home environment; students who pay tuition, we are comparable to taxpayers. I am close to the electorate.
THE CANDIDATES

LUCIEN GOLABER
TO THE SOPHOMORE CLASS:
As a candidate for the office of sophomore senator for a second term, I would like to toe the line of the student body. By being elected as a representative from the Sophomore Class, I will have the opportunity to represent the interests of the student body.

I have been an active participant in the affairs of the Student Senate, and I believe that I am a good candidate for the position of sophomore senator.

If elected, I would make a difference in the lives of the students by working towards a better atmosphere at the College.

SUSAN M. HOPE
TO THE SOPHOMORE CLASS:
This year's Student Senate is working to provide more opportunities to the students than in the past. I would like to become a part of this important organization. The year has brought many potential and I would like to see it develop into something wonderful.

As a fourth-year student, I am interested in being a member of this organization. From my experience, I have seen better years for students in the Senate. I hope that my interest in the students and my wish to put the students' concerns through into meaningful actions. I hope you will give me the chance to try.

LYNNDA R. GOLDBER
TO THE FRESHMAN:
My name is Lynn and I am running for a seat in our Student Senate. I hope you have noticed me around campus, but I am not just another face in the crowd. I am running because it is not just the job of the upperclassmen to make decisions, but all students must be involved in the decision-making process. I believe that the students' voices must be heard and I will work towards ensuring that this happens.

If you believe that the Student Senate is important, please vote for me. Thank you.

RICHARD P. FORDHAM
TO THE FRESHMAN:
I would like to take this opportunity to introduce myself to the Freshmen Class and especially to you Freshmen. My name is Richard Fordham and I am a Freshman. I believe that Freshmen are very important to the college community and I am here to help you. I have been an active participant in the affairs of the Student Senate, and I believe that I am a good candidate for the position of Freshman Senator.

If elected, I will work towards improving the services of the Student Senate and the college administration. I believe that Freshmen are important to the college community and I will make sure that they are represented.

ARNIE SILVA
TO THE FRESHMAN:
I am an active student and have been involved in the affairs of the Student Senate. As an active student, I believe that I am well prepared to represent the Freshmen Class.

If elected, I will work towards improving the services of the Student Senate and the college administration. I believe that Freshmen are important to the college community and I will make sure that they are represented.

ALAN CHASE
TO THE FRESHMAN:
I am running for the position of Freshman Senator. I believe that Freshmen are very important to the college community and I am here to help you. I have been an active participant in the affairs of the Student Senate, and I believe that I am a good candidate for the position of Freshman Senator.

If elected, I will work towards improving the services of the Student Senate and the college administration. I believe that Freshmen are important to the college community and I will make sure that they are represented.

A close look at financial aid

Many students, both
undergraduate and graduate, are faced with the problem of financial aid. The F.C.S. offers a variety of programs to help
in this regard. Here are some of the major programs:

1. Federal Work Study Program (F.W.S.): This program provides financial aid to students who work part-time on campus. Students can earn up to $1,500 per year. Applications are available in the Financial Aid Office.

2. Federal Pell Grant Program (P.G.): This program provides financial aid to students based on their need. Grants are available for up to $2,000 per year. Applications are available in the Financial Aid Office.

3. Federal Stafford Loan Program (S.L.): This program provides financial aid to students who meet certain eligibility requirements. Loans are available up to $10,000 per year. Applications are available in the Financial Aid Office.

4. Federal Direct Loan Program (D.L.): This program provides financial aid to students who meet certain eligibility requirements. Loans are available up to $20,000 per year. Applications are available in the Financial Aid Office.

5. Federal Perkins Loan Program (P.K.): This program provides financial aid to students who meet certain eligibility requirements. Loans are available up to $5,000 per year. Applications are available in the Financial Aid Office.

6. Federal Parent PLUS Program (P.L.): This program provides financial aid to parents of students who meet certain eligibility requirements. Loans are available up to $50,000 per year. Applications are available in the Financial Aid Office.

7. Federal Graduate PLUS Program (G.L.): This program provides financial aid to graduate students who meet certain eligibility requirements. Loans are available up to $20,000 per year. Applications are available in the Financial Aid Office.

8. Federal Teacher Education Loan Program (T.L.): This program provides financial aid to students who are pursuing a career in teaching. Loans are available up to $5,000 per year. Applications are available in the Financial Aid Office.

The Red Bus
For those people who have worked in the fast food service business, it is quite well known that the initial investment made is of minor importance in the problem that one encounters once he takes the responsibility. Jim Slave and his partners, Michael Woff and Richard Stoll, experienced problems of both a mechanical and capital nature while they try to rebuild confidence in the Red Bus. The previous owner, after trying to "make a go of it," decided it would be better to sell the operation. Thaddeus, Jimmy Slave and two new partners this year, are trying to provide a service to Bryant students that they can be proud of.

In addition to the initial investment made for the Bus, Jimmy's new partners, both mechanics, saved a large sum of money by repairing the bus themselves.

The Red Bus uses electricity as LV's sole source of energy, therefore, there is no danger of carbon monoxide poisoning.

The bus investor in the food service business ranges from his financial employment to lifetime restaurant management. In retrospect, Jim felt that his major, which is Marketing, would have been changed to Institutional Management because of his obvious interest in the restaurant business.

Kiddingly, Jimmy referred to his customers as vegetables, calling them "our happy garden.

One customer, Bill Price, smiled about the taste of the food and said that he would not mention on the quality until next day. Saying later that it was really good.

Jimmy carefully calculated his profits and it was clear that the Bus is a profitable business. Following accepted accounting procedures, costs are computed and charges against revenue is arrived at a figure for profit.

The "Bongo Burger," the Red Bus' challenge to the Mac Donald's "Big Mac," has enjoyed modern success. Jim admitted that the high, priced burger is a combination of the secrets of all those partners.

It seems that in such food service operation there is one individual who serves as the chief cook and bottle washer. For Jim and his crew, Udell Penksh fills the bill. He works on the night shift which tends to be the busiest, having gained experience from his work with the past owner of the Bus.

Jim summed up his feelings about the Bus by saying that despite school work and his obligations to his partner, he finds his role as a partner

Frank, from the Silver Truck, explained that his motivations behind starting the truck were two. He had been in school for four and one-half years, and saw the job market tightening as time went on. Originally, the truck had planned to serve donuts and doughnuts, and only to serve cold sandwiches. However, after speaking to friends, the owners were advised to offer hot food as well. Bryant was the Silver Truck's choice, because of its location. Nearing the end equipment, and a new grill.

The owners consider themselves fortunate in that their sales from donuts to donuts are healthy, and despite the fact that they do not reflect the money ahead of time, they have had little trouble with their customers.

The Silver Truck
As similar to the competitors are, the Silver Truck differs in many ways from their red school bus counterparts.

The owners consider themselves fortunate in that their sales from donuts to donuts are healthy, and despite the fact that they do not reflect the money ahead of time, they have had little trouble with their customers.

The race for Better Tacos
There you have it. Each of these vendors, despite their problems, seek to serve Bryant students the best they can.

Meeting Health Department standards, they operate to keep their customers happy, while the college's dining service, ABA, catches forty winks from a busy day.

Whether you prefer the Red Bus or the Silver Truck, you can be assured of equally good food and friendly service.

The Red Bus
For those people who have worked in the fast food service business, it is quite well known that the initial investment made is of minor importance in the problem that one encounters once he takes the responsibility. Jim Slave and his partners, Michael Woff and Richard Stoll, experienced problems of both a mechanical and capital nature while they try to rebuild confidence in the Red Bus. The previous owner, after trying to "make a go of it," decided it would be better to sell the operation. Thaddeus, Jimmy Slave and two new partners this year, are trying to provide a service to Bryant students that they can be proud of.

In addition to the initial investment made for the Bus, Jimmy's new partners, both mechanics, saved a large sum of money by repairing the bus themselves.

The Red Bus uses electricity as LV's sole source of energy, therefore, there is no danger of carbon monoxide poisoning.

The bus investor in the food service business ranges from his financial employment to lifetime restaurant management. In retrospect, Jim felt that his major, which is Marketing, would have been changed to Institutional Management because of his obvious interest in the restaurant business.

Kiddingly, Jimmy referred to his customers as vegetables, calling them "our happy garden.

One customer, Bill Price, smiled about the taste of the food and said that he would not mention on the quality until next day. Saying later that it was really good.

Jimmy carefully calculated his profits and it was clear that the Bus is a profitable business. Following accepted accounting procedures, costs are computed and charges against revenue is arrived at a figure for profit.

CHEERLEADERS
Male and female to attend the first organizational meeting

September 25, 1973 at 7:00 P.M.

Horseshoe bench in Koffler Rotunda
Rolfe
Picks the Pros

Kansas City over New England 31-10.
Gladys Davis over the Patries.
Green Bay over Detroit 27-14
Pack plantion beaten off 31-10.
Washington over St. Louis 34-10.
Skinn sparcked in season opener.
Baltimore over New York 17-0.
49'er's proved they're tough against Dolphins.
Ruffalo over San Diego 21-17.
Only in O.J. Ste his Wheels.
San Francisco over Cincinnati 11-0.
Dolphins to prove last week was no fluke.
Minnesota over Chicago 24-17.
N.Y.Giants over San Francisco 21-6.
Giants begin to add in the year of the Giant.
Pittsburgh over Cleveland 29-6.
When these teams meet there is trouble waiting!
Chicago over San Francisco 30-14.
Brang will win to stay in with A.F.C. powerhouse.
N.Y.Jets over Baltimore 30-34.
Namath knows another chance.
Dallas over New Orleans 31-18.
Doomsday Defense makes Manning miserable.

Retail Gas Prices To Rise
(Washington) - The Director of the Cost of Living Council says it will show a sharp rise in gas prices during the new week. C.C.L. Director John Dingell, in his weekly talk with Hill and talking later with newsmen, said the Council would make its report on the retail price rise in the schedule.

I.S.O. Looks For American Members
by Marie Minchow

What do you do if you're a foreign student at an American college and you're having trouble adjusting to the culture or the language? If you're at Bryn Mawr, you can look up the International Student Organization.

This group, organized about a year ago under the leadership of Ted T. Hill and operating in the same room, has drawn, among others, the students who are interested in foreign cultures and issues. The I.S.O. has 13 members, all of whom speak English, and offers a variety of activities, including a gathering place for the foreign student body and a place to meet American students.

Girl's Sports Arena
by D.J. Toet

The 1973 girls' volleyball season was Monday night. In the competition this year there were 18 independent teams and 580 girls, one of the best turnouts in girls' sports for many years.

The first game was between AKP and SBO. AKP won the first game 13-8. Katie Porter, Sue Lange, and Denise Blum looked good for SBO. In the second game AKP came back to win 13-8. Cheryl Lanksy played her team and HAND without a heart. In the final game AKP won 13-8 with Shelly, Becky and Colleen in A1 along with Cheryl's serving won the game. Sue Lange in SBO looked good too.

The Leftovers and the 49's played the next game. The leftovers won the first game 15-8 with good serving from Monica Loos. The leftovers also won the second game 15-2. Janet and Paula looked good for the leftovers.

SLT and the Un's played the next game. SLT won the first game 14-9. Jackie Chervens and Sue Flanagan deserve the credit for the win. In the second game the Un's won 15-3. Audrey Newman played as excellent game. The Un's also won the third game by a score of 15-1 with Georgina Schuh of the Un's looking good.

SOC vs. Dunn 8 played two very close games. The Dunn's won both games with the score of 15-12 in both games. Janet and Pat for SOC looked good. Nancy Mullough and Joan Lipman of Dunn played good games. The SLT played the game next and the game was the first game 11-9. Carol and Nancy of the Leftovers looked good. The 49's came from behind to win the second game 15-12. In the last game the 32's won 15-6. Gigi and Marybeth played well for the 32's.

In the last game the Jackets played GDI. The Jackets took the first game without much sweat 15-3. June looked good for the Jackets. In the second game the Jackets also won 14-8. Freitag played well for the Jackets and a good fight was put up by Rosemary and Gruel on the GDI.

The girls' volleyball league is beginning to look real fine in the eyes of this writer. The Tuesday night games were started with six playing Independent Burke. SIX won the first game with a score of 11-4. A good effort was put forth by both teams. In the second game SIX shut out Independent Burke with a score of 11-0. This was made possible by the fantastic server Piglet on the SIX team. Her line drives were unscapable.

The second game was SIB a vs. Dunn 5. Dunn 5 won the first game 12-9. Flash and Bridges played a good game for SIB a. Joan Karpovsky put a good thrust for Dunn 5. In the second game SIB a also shut out Dunn 5 with a score of 11-5. Flash's serve was delivered by Julie and Shasta. The third game was between the Phis's and SIB B. SIB won the first game 13-5. SIB B played in the true spirit of Portugals and also used her "head" in the game. Peggy on the Phis's showed good service ability. In the second game SIB B also played well for the Phis. Dunn 8 and that is a good hard for the Phis.

The next game was played by Grade and the Un's. The Un's won the first game 13-5. They also won the second game 12-9. Beth and Shelly played well for the Un's.

GIH played Dunn 8 and beat them in both games with the scores 11-8 and 11-5 respectively. Nancy Mullough looked good for Dunn 8. In the first game the Jackets played the Leftovers. The Jackets won the first game 15-7. Paula Fontina who is in this writer's opinion is probably the best player in the league played a great game. Choice for the Leftovers was outstanding. NOTE: SIB B vs. Dunn 5.

THE LEAGUE TOOK THE second game 13-5 with great sweat. The Leftovers won the second game 15-9 with Paul again leading on the team.

Indian Golfers Tee Off

By Peter Lockhart

Bryant students are always kept up to date with the progress of their varsity basketball team, but are they aware of Coach Art Boulé's band of Indian Linksmen? Probably not. While everyone has been watching the popular Indian Varsity Sports, the Bryant Golf Team has been quietly making moves to add to their Spring campaign with a perfect 14-0-0 record.

With the fall season starting this past Wednesday, Mr. Boulé and his boys are already talking about making changes to their team for the upcoming season. "The schedule is up on the upcoming fall competition," says Boulé.

This fall, Boulé will be depending on Seniors John Williams and Larry Oustower and Sophomores Al Martinez and Steve Postino to carry the team. Oustower is the current captain of the team. Larry has recorded a 43.9-0-0 record in three years of collegiate play, and he has been hitting the ball well in pre-season practice.

Williams was 100-2 in the spring, and it is likely that he will be repeating his performance this fall.

The heart of the team is Boulé's "Super Sophs." Al Martinez is currently the best golfer on the team. In the fall season, Al went on to play for the NCAA Nationals, and finished a strong showing in the NCAA Nationals. Martinez also made the NCAA All-American team.

Steve Postino is the Rhode Island Amateur Champion. He had a poor spring, but he is looking forward to an outstanding fall. The Indians will also be counting on Freshmen Alan Bayor and Bill Boulé for future improvements.

Boulé is a Massachusetts Amateur Champion and Boulé is a proven performer.

This fall's schedule will be highlighted with matches against the three top teams in New England. Golf photos: Jeff Millman

Intramural Football

Bryant Kicks Worcester St.

This past Saturday the Bryant Soccer Team faced the Lakers from Worcester St. 3-2. The Indians, playing before a crowd of enthusiastic supporters, exhibited a mammoth team effort while staging a successful comeback, to the home opener.

Bryant's offensives attack complemented a strong defense, which was particularly effective in the second half of play.

The starting eleven shaped up as follows: Forwards, Junior Mark Shuban, Freshman Daniel Zurcher, and Kevin Honon who centered the field. The halfbacks had Juniors Ken Neve and Dave Sutherland complaining with Sophomore Matt McKenna. The defense was headed by four fullbacks at the start of this unit, Jim "Tex" Teniars, Sophomore Mark Stepkowski and Freshmen Richard Bowesworth and Cary O'Brien. In the goal Bryant had sophomore sensation John Frelley. He cleared the ball out of his zone with some fine kicking and passing to his halfbacks and fullbacks.

The game itself was composed of two 45 minute running halves. Worcester St. scored the lone goal of the first half as the two teams struggled. With just two minutes remaining before halftime Mark Carlson put one in the net via his own head and over the shoulder of goalie. Frelley. Steve Bane and Jim Scultor were credited with the assist.

Although trailing at the half, Bryant continued the play as well as having good field position.

Their scoring opportunities, however, were somewhat limited in the opening half due to the disorganization of the offense.

Bryant's soccer men redeemed themselves in the second half, by converting three consecutive times after the opposition connected. Worcester's second and final score went to the combination of Carlson from Bane, with eight minutes expired. One minute later Mark Shuban put Bryant back into the game when he scored from Richard Bowesworth. Shortly thereafter Kevin Honon knocked the ball out of play so that Bruce (Leonard) and Hank Slupski with 36 minutes gone by.

The contest was decided in the final six minutes as the Indians dashed in off a scramble. Mark Shuban hit the inner side of the far post, with Daniel Zurcher knocking home the rebound for the winning tally. Shuban received his second point of the game on this play. The offense took command for the left half time with superb ball control and tactics.

Worcester St. s' two goals fought off 39 of 42 shots at net whereas Frelley had 23 saves. The game's leading scorer was Kevin Honon taking an impressive total of 14 with Bill Eaden contributing six. The next game is at Roger Williams on Sept. 21. The second home game has Bryant hosting Harrington on Tuesday. Both games are 3:00 starts.

SUSSMAN

OPTIMISTIC

Even though the inaugural Bryant Varsity Swim Team does not start for three months, Bryant swimmers are beginning their season workouts. After two years as a club, this will be the first official Bryant Varsity Swim Season. In an interview with Coach Gerry Suessman, everything is in order for the coming season.

"There was quite a turnout on September 13, and there were quite a few people with interscholastic experience. Most of last year's team is back, and we got almost a dozen girls. The girls will be allowed to swim against men's teams at other colleges, Coach Suessman quickly added.

Coach Suessman feels that he has taken on this year's team. "Sophomores Art Burrows (breaststroke), John Gopay (freestyle and backstroke), Jim Smith (freestyle), Doug Ezzy (freestyle), Kurt Gay (freestyle), and Craig Bogot (freestyle), all showed a lot of potential last season," Suessman commented. Junior Mark Baffery (butterfly) returns and Senior Arnaud Fangmeister is counted on in the distance freestyle.

Initially, the freshmen participation may make a big difference in this year's team. The team has already picked up four seasoned swimmers in Tom Delaney, Henry Lighthouse, John Dunsell and Richard Kahn. Delaney swam the 100-yard freestyle for Ladue Academy, and his best for the event is a time 58.8. Henry Lighthouse is a Florida native, and has intercollegiate experience in the freestyle and breaststroke. John Dunsell swam for Holy Cross High School in Waterbury, Connecticut, and he has done a 58.3 in the 100-yard freestyle. Rich Kahn has club swimming experience, is capable of swimming the 50- and 100-yard freestyle and the 200-yard backstroke. Finally, Pavia Fontacoste has YMCA in the freestyle and breaststroke.

One problem that seems to effect Bryant swimmers each season is the Bryant pool. Its dimensions seem to limit the swimmers in practice. Suessman had the following comments on the matter. "The size and shape of the pool does make it difficult. A more complete facility would be more desirable, but a swimmer who knows what the limitations are puts in a little more time and work to get into shape. I would say we can produce an interesting team in this pool. We have to work with what we have and work toward getting better facilities."

Barring pool problems and injuries, Bryant may give Barnes, Nichols and Boston College a tough meet. Suessman says, "If the kids will put in time to get in shape, the team could be good. A lot of the problem will be mental." Laying the foundation is always tough, but there will always be satisfying rewards ahead. The ARCHWAY Sports Department wishes Coach Gerry Suessman and his swimmers the best of luck in their maiden season.

HARRIERS IN HIGH GEAR

by Peter Locketell

was the U11 and Brown exhibitions behind them, the Bryant Cross Country Team will be trying to open SMU and Clark at South Dartmouth, Massachusetts. SMM has won the small college glimpse every Cross Country for the past few years, and an open win may propel the Indians to the top of the totem pole at the end of this season.

This year's list of runners is almost the same as last year's. Junior Dave Stone will be this year's Cross Country Captain and chief threat. With each passing year, Moreau has better and better runners, the preseason exhibitions with URI and Brown, Dave took a part of fourth place. With a little luck, he might have won the exhibitions. "Dave pushes hard, but he still has improvements to make," cited Coach Jim Gambardella.

Juniors Rich Collard and Steve Olen and Sophomore Bob Kamashian are returning lettermen. Collard and Olen are proven Cross Country performers. Rich holds the Bryant Marathon Record, and he considers Cross Country workouts. Olen holds a few distance records, and has developed into a long distance threat. Kamashian has been making rapid improvements in his times. Unfortunately for the team and the individually, he has had a congenital illness which makes him doubtful for Saturday's meet with SMU and URI.

Sophomore John Dress and Mike Morris also return to this year's squad. John and Mike have just started workouts, and it may take a week or two before their presence is felt. Gambardella also has a pair of fine freshmen. William Skinner and Gary Giggle have been turning in satisfying performances in the pressures. In fact, Giggle beat both Collard and Olen at SMU.

With the exception of personnel changes, the only changes on the Cross Country team are on the coaching staff. Jim, a former Ladelle Academy Cross Country Star, has replaced Fred Keashour as coach. Gambardella was a member of the Ladelle Varsity Cross Country Team for three years from 1963-1965. He was captain of the team in 1965 leading the Maroons to the Class A and State titles. His performance earned him a first-team Class A and a second-team All-State selection. After graduating from Ladelle, he attended Pembroke State College in Pembroke, North Carolina, where he was a member of both the varsity cross country and track teams for three years.

Not only is Jim a new coach, he found it difficult to evaluate the team's upcoming opposition to this reporter. "I don't know the opposition, so I will have to work hard on my first meet," said Gambardella.

Even though Coach Gambardella has been disappointed with the Cross Country Forecast to feel that he can improve his 5:46 of last year. "They are in good shape. It's mental attitude they have to get back into shape. Team unity is a strong point where the team may topple Peter Kamashian and the SMU Cobras.
