A Changing Curriculum

Second Semester

WOMEN
1. Basketball
2. Swimming
3. Softball
4. Tennis
5. Golf

MEN
1. Soccer
2. Volleyball
3. Swimming
4. Basketball
5. Golf

All materials needed for these sports are now available.

In case of bad weather, gymnastics or slacks, badminton, or swimming can be offered.

GRADING
Will consist of five tests each semester on specific knowledge, i.e., rules, procedures, technical terms, to be marked numerically.

UNIFORMS
Students will be required to have sneakers and sports attire.

PLAN B
This course is identical to Plan "A", but it will only be offered either during the Spring or the Fall Semester.

The Student Advisory Curriculum Committee has just finished a proposal for the addition of Physical Education to the General Elective program that they have been working on for the past six months. Mr. Tom Pollard and Coach Leon Drury helped us greatly in preparing information for the proposal. This proposal will be submitted to the Curriculum Committee Thursday, May 10, 1973, for its approval. We feel that this addition will be a great asset to the Bryant curriculum.

The members of the Student Senate Advisory Curriculum Committee propose the addition of Physical Education to the liberal art elective program.

The course is designed for the gaining of knowledge and appreciation of physical activities, recreational release, development of leisure time skills, and physical activity. Emphasis is placed on skill acquisition in a breadth of activities.

On a Student Senate referendum taken during Senatoral elections, 95% of students voting or 564 students voted for having the addition of a Physical Education course.

We are proposing two plans of which we are in favor of Plan A.

The Physical Education course can only be taken once.

PLAN A
This course will be offered in the Fall and Spring Semester. It will be a 3 credit, liberal art elective.

CLASS HOURS
A. Class will meet in the gym three (3) times a week for 1 hour a period.
B. Preferably classes will be held during the 8 or 9 o'clock class hours to coincide with gym usage.

Men's and women's classes shall not meet simultaneously unless directed by the instructor.

ACTIVITIES
To be taken in the following order:

First Semester

MEN
1. Soccer
2. Volleyball
3. Swimming
4. Basketball
5. Golf

WOMEN
1. Tennis
2. Volleyball
3. Basketball
4. Swimming
5. Golf
Class Day Awards?

In an effort to recognize those students who have contributed their time and effort to the College, the Student Senate Service Award is presented in recognition of outstanding services to the students of Bryant College. Hopefully, this award will be presented to six deserving students on Class Day.

Three weeks ago, the Student Senate felt the need to give students recognition for time devoted to the betterment of the College. The proposal was drafted and passed by the Senate to present the award on Class Day. When they went to President Evarts to get permission to present their award on Class Day, he stated that it was not his decision to make and that it was up to the Class Day Committee.

The Student Senate, ARCHWAY, G.L.C., and independents began procedures in the correct order to go through the proper channels for an okay. An open meeting was held on Tuesday, May 1, at which President Evarts explained to the student body the process by which he thought the proposal might not be accepted. The reasons for this were that presenting the award would break the tradition of Class Day and that the recipients were selected in a "slip shod" manner.

As far as changing tradition goes, the addition of the Student Senate Service Award will not be the first change at the new campus. On Class Day this year, there will not be an academic procession. The academic robes will not be worn, and the entire program will take place in the Koffler Rotunda. The theme of the ceremonies this year will be one of informality.

In reference to the "slip shod" manner of its organization, on Friday, May 11, there will be a committee meeting. The committee will consist of one Junior representative from each active student organization on campus. At the meeting, the committee will split into six groups. Each group will nominate three seniors who, in their opinion, deserve the Student Senate Service Award. On Monday, May 14, the committee will meet again to select the six winners of the award.

At an emergency meeting of the Class Day Awards Committee, to be held sometime next week, the Student Senate will present their proposal for additional awards to be given. The outcome of this meeting will determine whether or not the award will be presented as a part of the Class Day ceremonies.

The ARCHWAY is in favor of the Student Senate being able to present its award on Class Day and urges the cooperation of all involved, especially the members of the College Class Day Awards Committee. We hope they recognize the importance of these awards and vote in favor of the Student Senate proposal.

Opinion

Prior to a special meeting of the Board of Trustees on January 31, Vice Presidents Marston, D'Amico, and Sayler stated that if President Evarts was given a vote of confidence by the Board of Trustees, they would resign.

So far, only Dr. Marion has resigned to except a college presidency. The other Vice Presidents did not state any specific deadline as to when they would leave office, only that they would resign.

In a meeting on January 31, all corporate officers (President and Vice Presidents) were given votes of confidence. Statements given by Fr. Hains, former Providence College President who is leaving the priesthood, were considered unpersuasive by the majority of the Bryant Community. The Trustees apparently "side-steped" the central issues rather than facing them head on and adopted what appeared to be a "wait and see" attitude. Then on April 19, the situation was further confused by the re-election of all corporate officers for another year. It appears that the alliance between President Evarts and Mr. Clarence Gifford, Chairman of the Rhode Island Hospital Trust National Bank and Chairman of the Board of Trustees, has prevailed at least for the time being.

Mr. Gifford is one of the state's most powerful figures and is believed to exert a great influence on other members of the Bryant Board.

It was felt last January that a number of the Trustees were sympathetic to the Vice Presidents' positions, but Mr. Gifford aggressively supported President Evarts and the opposition to the President never crystallized.

The reasons for Mr. Gifford's support of the President despite substantial opposition to him has never been clear, and the alliance between the two is one of the real mysteries in the recent controversy.

Dan Aderholdt

To Tow Or Not To Tow!

Dear Editor,

Having read the declaration of the Director of the Student Patrol concerning the fairness and consistency of his newly resurrected towing policy, I would like to direct an inquiry to him. Why, Mr. Boklan, is your policy, which I admit is necessary, administrated so badly? When are members of the Student Patrol going to be subject to the same consequences as those who are not, when their car stays out of bounds? I have noted on numerous occasions the total lack of regulation concerning cars belonging to your men in blue. These are not cars on duty, these are cars that have stayed illegally parked for hours and even days. On one occasion a car that belonged to a man in blue was left unmolested while cars in front and in back of it were towed. How can you call this fair? A declaration of necessity is fine. Mr. Boklan, but unbiased application is also required. It is as you said in your letter in the ARCHWAY, the last line reads, "we recognize it as a necessary delegated responsibility that we are obligated to perform".

Terry Tyrrell

The Proper Roles

Dear Editor,

I have heard remarks that certain people have the attitude that a student is buying a service and that a faculty member is an employee and if they don't like the way the product is put out, they can leave. I find it impossible to believe that any intelligence could expose such an idea as this. Since Bryant College is a non-profit institution, it means that nobody owns it. Therefore, what role should each group perform within the College? If you look at other Colleges, the answer is obvious. The role of the students is to make decisions, through their own institutions, on all matters relevant to students. The role of the faculty is to make decisions, through their own institutions, on all matters relevant to the faculty. The primary role of the administration is to carry out the decisions of the students and faculty. A secondary role, but equally important, is to have an overall view of the College and to be able to explain to the students and faculty why a particular decision might not be in the best interest of the College. The role of the President and the Board of Trustees is to contribute money to the College as Dr. Koffler did, his generous gift is greatly appreciated, and to raise money from outside sources in order to pay off the bonds and to contribute to the operating budget so that tuition can be kept low thereby keeping Bryant competitive price with other Colleges. If all groups perform their proper role, their can only be one result; the betterment of Bryant College.

Dr. Robert Obulewicz

A "Two For"

Dear Editor,

What is a "two for"? A "two for" is the best deal at Bryant! Yes, you can get a kick in the ASSSETS this time by looking into this offer.

Through one degree program at Bryant, you can prepare for TWO CAREERS: Business Teacher and Business Executive. In the Teacher Education program at Bryant you not only receive preparation for teaching; you also receive an excellent training in business office administration. Amazing, but true!

In public schools, business and industry, government, and social work, such as ACTION, you will be in demand. Why? By learning the art of teaching, you will receive skills unmatched by other degree programs. Your business knowledge and teaching ability will prepare you now for a lifetime of opportunities.

See the Admissions Department at any time about transfer openings.

Anthony G. Forreca
Four To Get Honorary Degrees
At Bryant

Bryant College will honor four leaders: appointed as candidates for highest honors at the college's 110th Commencement to take place on Saturday morning, June 9, 1973 at 10:30 a.m.

- Barbara Hackman Franklin, Commissioner, United States Nuclear Regulatory Commission; Mr. Samuel Rosen, President, School House Candy Corporation, and Mr. Andre B. Berberian, President, Manufacturers Supply Company, will receive the honorary degree of Doctor of Science in Business Administration.

- The Honorable Thomas H. Roberts, Chief Justice, Supreme Court of Rhode Island, will receive the honorary degree of Doctor of Humane Letters.

Dr. Harry F. Byants, President of Bryant College, will preside at the ceremony which will see more than 700 graduates receive Baccalaureate and Associate Degrees from the Day and Evening School. Fifty-seven (57) will receive the Master of Business Administration in the MBA Graduate School.

Dr. William G. Robinson, Jr., Associate Commissioner of Education for the State of Rhode Island, and a trustee of Bryant, will present provisional teachers' certificates to graduates of the Business Teacher Education Department.

The ceremonies will be held on the Smithfield campus, if weather permits. Inclement weather will bring the commencement festivities indoors in the Bryant Gymnasium, large enough to hold 2,700.

Class Day, Friday, June 8, this year will have a new look. The program will emphasize scholarship and award winners. Students will not wear academic robes, nor will there be an academic procession. There will be no speakers. The President and the student officers will bring greetings and the program will be taken in to the Keefert Rotunda at 11:35 p.m. Informality will be the keynote of the day.

Insight

Tough to Say Goodbye

by Rich Woolf

Life is truly a learning experience. To a large extent, life revolves around relationships with different people. The heartbreak comes when you have to say goodbye.

You travel back, through the passages of your mind, and remember days you felt you could never end. Reflecting quietly in private thoughts, you remember a sacred little freshman whose thoughts still lingered on high school days. Today, you sent a noisy first night of rest on an alien planet called a campus.

A few days pass, and friendships are formed; or you never allow yourself to become a part of this new lifestyle. You remember the first day of your association with the fraternity or sorority you want to join, and maybe you ask if you'll be shutting other friends out of your life. You remember names like Jimmy's, Louie's, Brown, Pembroke, Providence Police, South Hair, Fox Point, The Rad Side, and Hoye and the memories bring a tear to your eye, which you lightly brush away.

Guys remember girls, girls remember guys, and thoughts of love warm the coldest soul.

Thoughts wander back to beer parties, snowball fights with Brown and with all these memories the thoughts of moving to a new campus called Tufts.

A few souls remember the disappointment of seeing a partially completed campus. Yet, in a blaze of glory, the miracle of Bryant became a reality.

It's a tough time to handle, for saying goodbye to people you love is hard. You remember names, and all to soon time will close your memory of their faces. You want to say, I will miss the times we had together, but the truth is you can't.

I must confess, that this installment of "Insight" is really a letter of thanks for all friends. We will miss them, but we wish them success in life, and trust that they will not soon forget we who remain.

So I'm going to brush that tear from my eye, and try to say goodbye. But it's tough, it's really tough.

Pot

(WOODSTOCK, VERNON)--The young lawyers section of the Vernon Bar Association has voted to legalize the possession and sale of marijuana.

In a 32-17 vote last night the lawyers said they were not endorsing the use of the drug but they said it should not be illegal. John Downs, an unchallenged candidate for Vice President of the State Bar Association, said the young lawyers should go one step further and raise the question of quality and fair value in the sale of marijuana.

LOST

NOTICE

All lockers in the Unistructure must be emptied on or before May 18. Anything left in the lockers will be discarded.
Yesterday they claimed I was no longer concerned with the important issues at Bryant. So I went down to the office of the President and proposed a question that has probably been on the minds of most of the students for a long time. “Who owns the urinals at Bryant?” I asked. From one of the staff members of that office came the reply, “Bud Gifford.” So now we all know and can rest our minds at ease.

For those of you who thought I was going to pursue this topic for a lengthy amount of paper, I must apologize but my heart is no longer in the topic. Instead, I am taking this space to ponder the thoughts of the past which are limited since alcohol has taken such a heavy toll on brain cells. Lately, I can’t even remember... forgot what I was going to write. Well, anyway. IT IS OVER! LIBERATION IS NEAR!

My time at Bryant is through and Cary, Kelly, Charlard, and I are leaving. The time is near to reflect on the past years as students who one day even opened a book. Naturally when Kelly found out that A STUDENT’S GUIDE TO MULTIPLICATION was just the ticket for her young and not what he had at first though it to be, she set it down. Then there came the reply, “Whatever that means.” Sputtering something about the past which are limited since alcohol has taken such a heavy toll on brain cells. Lately, I can’t even remember...J. forgot what I was going to write. Well, anyway. IT IS OVER! LIBERATION IS NEAR!

The following is a list of tentative movies for the ’73-’74 school year. The films will be shown on Wednesday and Sunday nights. There will also be film showings on various weekend nights, either on a Friday or Saturday night starting at 9 p.m. Also planned will be a week of feature flicks.

What’s Up Doc?

There will be a 1974 Ledger meeting for those interested in working on the staff next year. On Monday, the 14th in the Ledger office opposite the mailroom at 4:30 a.m. And then there was the time he made the extremely audacious statement that the Student Security wasn’t worth the powder to blow them to Hell. When one of the listeners got up to announce indignantly that he was a member of the student security, Kelly told him, “See what I mean, Pat.” Not to mention his performance in Alice Hall.

We should keep it in mind that there is a rumor circulating in the office that O’Brien’s is opening early today and I have to get down there to do an interview with the bartender. In conclusion, all I can say is thank God for Bryant we’re all through. Costa Vista!

**Concert Review**

"1950's Rock & Roll Revival"

by david l. pandozzi

The Providence Civic Center was host to Richard Nader’s second "Rock & Roll Revival Show" to be shown here, in the city of little to do, on a high school and college-aged crowd numbering 5000 or more. Richard Nader, a determined and optimistic young man of 22, brought to the spectators hearts and feet of many people. He organized those revivals with all the odds against him. Critics, backers, even some musicians were doubtful of his efforts to present a "true rock & roll" of the three days. But a number of non-believers, Mr. Nader produced a fantastic show which turned out to be a sell out. It was a lively revue that made the nightlife of Broadway look like a tea party.

Fortunately, Providence is one of the lucky cities on the road show’s itineraries. Brady Smith & Roll, earliest of the early days. Rock around the Clock, Let’s Stomp, Charlie Brown, In the Still of the Night, Tutti-Frutti, and others were at the top of the charts and are returning for the musical renaissance that is sweeping the United States, Canada, and Europe today.

The show opened to the "stomping" music of Bobby Comstock & his Rock & Roll Band. They played a few hits of others and then kicked up "Danny and the Juniors" to the cheers of the pleased audience who all remembered Al the Hop. The lyrics to their final song, Rock & Roll is Here to Stay, rings true especially when the familiar melodies of Yakkety Yak, Poison Ivy, Wake Me, Shake Me and Charlie Brown are echoed throughout the Civic Center.

Not only a familiar name in America, the Coasters are gaining notoriety in the world. It seemed to just drift back to the days of pegged pants, white socks, greasy hair, and the biggest hit of them all, Rock Around the Clock. Our love of music, America’s unique musical creation, has spread to the four corners of the globe.

The memories of the old sounds of rock & roll filled the Civic Center, the time seemed to just drift back to the days of pegged pants, white socks, greasy hair, and the biggest hit of them all. Rock Around the Clock, by Bill Haley and his Comets. The crowd joined in with thunderous hand clapping and foot stomping. Some of the spectators even left their seats to "twist" at the end of the show.

A short breather for intermission and then the man of unquestionable fame and size dominated the spotlight and center stage with his guitar rift and early sound. As the memories of the old sounds of rock & roll were still more than well received by young people all over the world, the happy event for the reunited Alumni-Senior Luncheon Speaker, Vice President of NBC.

**Alumni-Senior Luncheon Speaker**

Vice President of NBC

Seniors returning to Bryant for the annual Bryant College Football and Labor Relations Alumni Dinner will hear David J. Gardam, Vice President-Employee Relations of the National Broadcasting Company, speak on "Broadcast Journalism and The First Amendment." David Gardam graduated in 1952 and came to NBC as Director of Personnel. He is a founding member of RCA Corporation where he had been Administrator, Labor Relations. He became Vice President, Employee Relations, in September, 1972. In his present capacity he has responsibility for all Personnel and Labor Relations activities at all locations of NBC.

He has done graduate work at Rutgers University, and later of the Institute of Management and administered Labor Relations at Rutgers, 1956-60. A frequent speaker at conferences of the American Management Association and the American Society of Training Directors, he serves as principal trustee of the American Federation of Television and Radio Artists Pension Fund for the state of New York.

David resides in Short Hills, N.J., with his wife, Betty, and their three children, Marilyn, Donna and Nancy.

Seniors are reminded to return their Alumni Luncheon invitations to the Alumni Office, indicating their acceptance no later than May 24.

**Panty Raid Hits Female Dormitories**

President Declares Disaster Area

by Mark Vincent

What started out as a quiet May evening on campus was turned into an elastic nightmare for hundreds of coeds Wednesday night as hordes of barbarians poured into their dormitories seeking "unmentionables" that included mostly bras and panties. The new Association of Panic-Raiders rules that award half-points for panty-bonk, the raiders also retrieved several of these items. Most of the females on campus had little or no warning of the sneak attack and as a result managed only to salvage what they were wearing under their chastity belts. Security was called to the scene soon after the event but were delayed in arriving when they went to the wrong address. According to one security source, they had the situation well in hand shortly after their arrival.

"You did it! You Women who can't take it much longer."

MARKETING IS...

by Thomas Capekas

MARKETING THOUGHT

It is difficult to live in the present, ridiculous to live in the future, and impossible to live in the past.

Nothing is as far away as one minute ago.

New Product Marketing

Mr. Kenneth H. Klein, a representative of the Balfour Co., a noted jewelry manufacturing firm, will be the Marketing Department's guest lecturer Thursday, May 15.

Concluding the Marketing Department's lecture series, Mr. Klein will be speaking about "New Product Marketing." The major point of the lecture will be centered around organization and people because it is actually people and organizations that bring about most of the problems or failures in New Products.

The lecture will be held at 12 noon in Room 386. All are invited.

Department Highlights

My writing this particular column and the manner in which I have presented it during the semester has brought me a view of marketing not found by the text book. A marketing not only of pages but of people.

In my coverage of Marketing Department activities, I was served the opportunity to listen to and speak with personalities from the fields of public relations, advertising, marketing research, and other related marketing interest through the Marketing Department's lecture series. Professionals in the various marketing careers were invited weekly to impart personal experiences and explain their particular work to students. Doing research work, I consulted various marketing publications for reviews on new marketing trends and the latest marketing developments.

The Marketing Department was instrumental in sponsoring a sample job interview under the guidance of two professional personnel representatives. Faculty involvement was duly noted with the establishment of specific office hours for individual pre-registration counseling.

Marketing has been described as a "romance subject" by some as a discipline that stimulates and encourages innovation" by others. However, one is to look upon this field, Marketing has established itself as a most instrumental force in the business world. It is going places and it will continue to do so.

STUDENT EMPLOYMENT

The student employment information appearing below is a summary of all part-time jobs phoned in to the Financial Aid Office and the Placement Office in the last month. This is an effort by the Student Employment coordinator to aid students in finding employment thus the easy accessibility provided by the weekly printing of THE ARCHWAY. Also, the jobs presented herein should be filled quickly providing for a more effective employment service.

Divers Search for Lydia-Schofield

On Sunday, May 6, 1973, four scuba divers left Bryant College bound for Butter Hole, Rock off of Castle Hill in Newport, to attempt to find the remains of the Lydia-Schofield, which sank on this rock late on the night of April 19, 1891.

The four divers included Bryant Club President Donald Sunshine, members Rich Mcleish and Hatry Silverman, and a friend of Don's, Ray Dewar.

After locating the rock by the use of charted maps, the four suited up and waded into the cold Atlantic hoping to find this piece of history. After a long swim to the rock, which lies 215 yards from shore, the divers were confronted with many strong currents. They were finally able to completely encircle the huge rock because of the wave action. At about mid-way only two boards of this old style wooden ship were found. Another dive to the same location could result in the discovery of a large portion of the ship. They will try again soon.

The dive wasn't a complete loss. Many beautiful plants, fish, and a diving format which we discovered and a new spearfishing area was located.

Sunday, May 12, 1973, all newly certified divers had their chance to dive with the instructors and to dive with the instructors will do so. All those interested should meet in the interfaith room in the institution, Saturday morning. Tackle, regulators, weight belts, and fins are supplied.

All divers who have already had their chest out dive and would like to travel to Comet Pond, Mass., should assemble in the 1201 building on this Saturday. Dave Peters is Dive-master to this reserve which features excellent visibility and rocks of formations and surrounding areas may be damaged but still survive.

The researchers also pointed out that in the adult human heart, dead cardiac muscle cells are replaced by new tissue, not by cardiac muscle cell apparently does not have the ability to divide.

He wrote: "Medicine's recent history of almost unbelievable progress... and the focusing of resources on cancer and heart disease make me confident there will be many more dramatic developments like I have seen so far in my 52 years as a physician and surgeon." Ochsner, now Emeritus Professor of Surgery at Tulane University's Medical School in New Orleans, predicts that advances in immunology will soon enable the body to ward off cancer.

"Controls of all forms of cancer may come within 10 years," he said. "That is an optimistic view, even considering the vast amounts of money, research and effort that has been mobilized. But an early victory will not surprise me. Certainly, 30 years seems too long to wait when so much is known about cancer already.

Ochsner said he believes the artificial heart will be perfected "probably within the next 10 years, possibly a little longer. Within 50 years, I think, we will be at least as common as pacemakers are today."

But the artificial heart will remain a "last resort," Ochsner said, and it will not be a cure for arteriosclerosis, the blood vessel disease and forerunner of heart attacks and strokes.

In recent weeks, soccer enthusiasts have been engaging in opening round robin matches to determine the Intramural Soccer Champion of Bryant College. As Wednesday’s play, KT emerged as the winner of the Fraternity Division. On the independent’s side, Dorm 13 was the eventual winner. The final round of matches will involve a total of five teams.

In the opening round, teams were eliminated after two losses. Dorm 1, Delta Sig and G.D.I. finished the first round with one loss apiece. Thus, Dorm 1 and the G.D.I. will battle for the right to play Delta Sig in the loser’s bracket. The winner of the loser’s bracket will face the winner of the KT-Dorm 13 clash in the winner’s bracket for the championship. Final round matches started Thursday night with Dorm 1 vs. G.D.I. and KT vs. Dorm 13.

### Bryant College Intramural Soccer Playoff

The one-day tourney will be a 36-hole medal affair with the top team and the top two individuals qualifying for the National NAIA Championships.

The one-day tourney will be a 36-hole medal affair with the top team and the top two individuals qualifying for the National NAIA Championships.

Several of the leading collegiate golfers in New England will converge on the Rehoboth Country Club this Friday, May 11, as Bryant College plays host to the NAIA Region 32 South golf championships.

Bryant Golfer's Still Undefeated

Several of the leading collegiate golfers in New England will converge on the Rehoboth Country Club this Friday, May 11, as Bryant College plays host to the NAIA Region 32 South golf championships.

The one-day tourney will be a 36-hole medal affair with the top team and the top two individuals qualifying for the National NAIA Championships.

Bryant currently leads 14-0 against New England collegiate competition, which will be led by its outstanding freshmen combination of Al Martino and Steve Pincine.

Martino made a strong showing in the recent New England Championships finishing four strokes behind individual champion John Howobalski of Central Conn. Pincine the former Rhode Island Junior champion.

Martino and Salem's Scott Pryor looked like the top candidates for the individual title after their performances in the New England. Pryor fired a nine-hole total of 38 to finish one-stroke ahead of Martino in third place.

Other leading individual include Babson's Bob McAleer, Salem's Bob Dyer and Roger Williams Pete Sock. In addition to Bryant, Babson and Salem the other teams rounding out the nine-hole field are Quinnipiac, Roger Williams, West. Conn., S.M.U., R.I.C., Boston State, Worcester, Bentley, North Adams, Gordon, East. Conn., and Bridgewater, and West. New England.

BRYANT NINE UPSETS EASTERN CONNECTICUT

by Richard Karl

The Bryant Indians continued to show their home dominance by defeating a tough Eastern Connecticut team 9-5. Bryant, with a record of 6-10 coming into this game, showed both good fielding and hitting against an Eastern Connecticut team who had a record of 19-5.

Eastern Connecticut scored first in the top of the third when Glen Richmond doubled and scored when Lenny Reed doubled. They failed to score again that inning, but added two more runs in the fourth. Richard Brutich walked and was moved on to third when Joe Lavechica singled. Bob Habern struck out and with one out Bob Keemon hit a bounce to shortstop Tom McDonald who flipped it to Steve Angel at second for a force out. Once Steve tried for the double play he overthrew first base allowing Brutich to score. Eastern Connecticut added their third and final run when Mark Rogers doubled scoring Keemon. Richmond grounded to third baseman Brian Ahern ending the inning.

With the score 3-0, Bryant finally started to hit. McDonald led-off with a single. Ahern struck out, he was advanced to second on an infield out. With two outs, Jeff Deopelt singled home McDonald with Bryant's first run of the game.

The Indians scored again in the fifth when Jackie Balme singled and moved to second on an error. Another single by Mark Smith. With two outs McDonald singled home Balme and then Ahern drew a walk to load the bases, ending the inning.

Driving in Balme and then Ahern drew a walk to left field to end a good hitting inning. Bryant scored the winning runs in the bottom of the seventh inning. Smith singled and scored on a two out triple by Tom McDonald. McDonald scored the winning run when Ahern's hard ground ball to shortstop was bobbled for an error.

Pitching for Eastern Connecticut was Mark Rogers who struck out six, gave up nine hits, and allowed no walks. This was Rogers' first loss of the season. He was previously 0-0. Bryant's Larry Lomadie got the win; he struck out four, walked five, and gave up six hits. Reliever Lomadie was Craig Cole. Cole pitched the eighth and ninth innings, walked two and gave up one hit. The hitting stars for Bryant were Tom McDonald who went three for four including a triple, Craig Cole went two for four and catcher Mark Smith went two for three. Bryant played NIC at home tomorrow at 1:00 pm, let's see you there.

The final game was played yesterday with BSO beating SIB 7-2.

BSO and SIB in Playoffs

by Madelin DiNano

The storied softball playoffs began Tuesday matching Beta Sigma Omicron against Sigma Kappa Beta. The two teams made the playoffs by playing 5 games each.

BSO and SIB played earlier in the season. At that time BSO beat SIB by a score of 6 to 5.

On Tuesday, however, the tide changed and BSO couldn't put anything together. SIB took the game 16 to 9 in an exciting 7 inning game. Now the playoffs are tied with the final game to be played later in the week.

The game featured the best of the girls' teams in a very nerve-shattering game. Nancy Piocechi turned in a great performance as pitcher for BSO. All through the game she maintained her poise and control. On first base, Sue Longo made a number of spectacular plays—one of which came in the 6th inning when she executed a double play by herself. For BSO, though, it was a sad day. Nancy Piocechi hit a home run in the second inning scoring 3 runs and narrowing the lead, but it just wasn't enough.

SIB, on the other hand, played a peak performance. Julie Boudard went the whole way for SIB giving up only nine runs in 7 innings. With an endless number of base hits, the SIB batters were able to come from 4-0 to finally winning the game. In the fifth inning SIB really came alive with a two-run home by Geenica Smith, the outstanding first baseman. On the whole the SIB batters were able to meet the challenge adequately.

This weekend, Bryant College's track team ends its most successful track season in recent years. The team will compete against Worcester State and Nichols Saturday at Nichols.

To date, eight school records have been broken or tied this year; and seven Bryant College field records were shattered. Some of the highlights of the season were David Stone's record of 4:27.8 in the mile breaking the old record of 4:39.9 held formerly by teammate Steve Olsen. Glenn broke Roy Lapidus' '72 mile record of 15:31 with a time of 15:12.8.

Co-Capt. Mark Robbins set and tied two school records, the first being in the 440 by a score of 6 to 5. The old record was 5:33.7. This team of Dross, Robbins, Stone and Mascone broke this record each time they competed.

Big point getters all season without breaking records were Blaise Ravioli in the Shot Put and Discus, Bruce Stewart in the High Jump and Relay, Bruce Hall in the Broad Jump and Triple Jump.

The biggest individual win of the season was Bruce Hall's performance at the Brandeis Invitational meet. With 28 schools competing, Bruce won the Broad Jump on a cold, rainy day with a jump of 21 feet.

The team's record to date is 4-2 in dual meets. We placed ninth in the Brandeis Invitational, third in the Tri-State meet, and fifth in the NAIA's.
