BY SHARON COHEN ASSOCIATED PRESS WRITER

BEARDSTOWN, Ill. (AP) - Doug Birdseye has never had it so good. He has a new Dodge truck, a spotty 1986 yellow Corvette and so many new friends he's holding a bagged house for his business.

With out-of-state customers knocking on his door for the first time, the heating and cooling contractor is even managing to put a stock into the back woods of central Illinois.

"Anything that says they're not better off today is a lie," he declares. "I wouldn't be able to do any of this if it wasn't for the economy."

A tax cut? It's a long way from the mind of the slouch-haired, 41-year-old father of two who was known to high school chums as "Mad Dog" back in his days playing defense for the Beardstown Tigers.

If you're going to fix taxes, why not give people PAYING taxes?" Birdseye asks, noting he has expanded his work force from two to seven _ including hiring two people who were on welfare. "We pay taxes. I don't want any loopholes. I pay my share and I sleep at night," he says.

Birdseye has never met President Clinton, but he might be considered a Friend of Bill in this middle-American town where Friday night means football and Sunday means church. It's the kind of place where Bob Dole still has his 15 percent income tax cut if he hopes to win this Midwest swing state.

But around the town square and over at Hardee's, where folks discuss everything from hog prices to presidential politics over turns and egg rolls, even some GOP voters concede the economy is in high gear and Dole's tax cut plan _ the engine of his campaign _ hasn't generated much heat.

With all his experience, he would know he's not going to be able to do it "says Birdseye's wife, Jody, a Clinton supporter, who works with her husband. "The numbers just don't add up."

A national NBC News-Wall Street Journal poll conducted last month endorsed those reservations. It showed 55 percent of registered voters believe Dole's tax cut plan _ as the Democrats claim _ will increase the deficit and force big cuts in Medicare and education.

The same survey found 52 percent of registered voters believed they were better off than in 1992. Other voters wonder why Dole has even made the campaign promise.

Why shouldn't we cut taxes when we're trying to balance the budget?" asks Glen Hardwick, a 43-year-old suburban Chicago native who is one of the undecided voters. "It certainly doesn't make sense to me."

I support his point to is increase (consumer) spending, but so far we've had a good year, haven't we?" the middle-aged couple has gone well beyond a tax cut.

Illinois, in fact, has rebounded since the doldrums of 1992, when Clinton handed in a mixed bag _ as the Democrats claim _ will increase the deficit and force big cuts in Medicare and education.

Reducing myself to this

The Presidential debates have come and gone, and to be frank, I did not catch an inf of either one. Therefore, I must rely on my good friend the DJ in order to form some sort of opinion, as any student should be able to do. Nevertheless, with an ideal of each candidate’s background, I am actually quite biased in some direction on the political compass rose. See if you can figure out which direction I am headed in:

The eighties: a time of glorious inflation and some cool tunes. Of course, being a young grade school tike as I was at the time, everything seemed great. Alex P. Keaton of ‘Family Ties’ was my hero, and I was Ronald Reagan for Halloween that year. I prided myself on dressing up in shirt and tie all the time and bought a briefcase (canvas version) for myself with my paper route holiday bonus money that year. Only later did I realize what a profound effect those eight years would have on the succeeding decade.

When the time for a new President of the US came (Reagan had served his fair share), I readily supported the Republicans in their efforts. Dukakis was local, but what could he promise us that the old actor hadn’t already given us.

And so came Bush’s reign of promise...hee hee. How could he help but let the economy turn sour? You cannot have unbound inflation without some sort of negative impact. And so the stock market crashed, and the people were suddenly realizing that there was no longer any use for all of the pet rocks and ChiaPets that they bought when the money supply was high.

Bush did not look so good—on paper or in the flesh (his open heart surgery was aired across the national network television). Clinton had youth and promise. And guess who won the 1992 Presidential election.

And here we are today, deciding whether Dole has any of the promise which Ronald Reagan so falsely embodied. Or do Clinton’s past four years amount to a legitimate reason for continued support? Was Reagan ready to step off the stage? Would we be better off if the eighties had never happened?

As students, who is out there addressing us? Dole’s theme throughout Sunday evening seemed to be something along the lines of ‘Are you better off now than you were four years ago?’ Heck, how should I know? I was but 16 years old then, raging hormones and all. Though the election was somewhere on my mind, I could not vote and, therefore, shamefully do not recall taking a direct inventory of my life at the time. Besides, how can I possibly compare a time of my life when I was in high school to a time when I was in college? How can anybody with children in their household compare their life at different points in time? Children only get more expensive with age (more food, more dirt). Apparently Dole was addressing those people who have basically maintained the same number of people in their household and have remained basically stagnant as far as location, education, etc. are concerned. Basically, he was addressing the slightly older folks. There’s nothing wrong with this, but candidates cannot forget about the other people that make up the voting population. As students, we need to see the opportunities awaiting us and our families.

Looking to the past isn’t enough; where are we going in the future?

News

PUBLIC SAFETY

Compiled by Keith Williams
Department of Public Safety

Alcohol Violation

October 3, 1996- An RA notified DPS of seeing a keg carried into someone's residence. DPS confiscated and destroyed the keg. The students were cooperative. Charges were filed.

Alcohol Violation

October 4, 1996- A fight involving several students and alumni occurred near the dorm village. Some injuries were reported and arrest warrants were issued.

Alcohol Violation

October 4, 1996- Around 10:30 p.m., two students were observed placing alcohol in backpacks. Both were not of legal age. The alcohol was confiscated and destroyed. Charges were filed.

Fire/Disorderly Conduct

October 4, 1996- A fight involving several students and alumni occurred near the dorm village. Some injuries were reported and arrest warrants were issued.

Alcohol Violation

October 4, 1996- Around 10:30 p.m., two students were observed placing alcohol in backpacks. Both were not of legal age. The alcohol was confiscated and destroyed. Charges were filed.

Alcohol Violation

October 4, 1996- While conducting a search in a residence, DPS found one keg in the bathroom. The keg was confiscated and destroyed. Charges were filed.

Fire Alarm- False

October 5, 1996- A fire alarm occurred in the Bryant Center. Occupants abandoned the building. This appeared to be a malfunction of the system. People were soon able to enter back into the Bryant Center.

Alcohol Violation

October 5, 1996- A student reported to DPS that a window pane was broken. An on-campus investigation is under way.

Vandalism

October 5, 1996- A student reported to DPS that a window pane was broken. An on-campus investigation is under way.

Theft

October 6, 1996- A student discovered that his wallet was missing from his room, which was unlocked. There were no witnesses or suspects. DPS advised the student to keep the hall room secured at all times.

Alcohol Violation

October 6, 1996- DPS noticed a keg being placed into a vehicle by the dorm village. The keg was confiscated and destroyed. Charges were filed. Students are to keep in mind that for EACH keg that is found on campus, there is a $200.00 fine.

Alcohol Violation

October 6, 1996- While investigating a disturbance in one of the residence halls, DPS noticed a keg in plain view located in the bathroom. The keg was confiscated and destroyed. Charges were not only filed for the disturbance, but also for the keg.

Alcohol Violation

October 6, 1996- When three guests were stopped at the ECS to be checked, DPS found a case of alcohol in the vehicle. Two of the occupants stated that they were not yet 21 years of age; one claimed he/she was of legal age. Even so, this suspect was unable to show any I.D. at that time and, therefore, the alcohol was confiscated and destroyed. While they were disappoyted to see the alcohol taken from them, they were cooperative.

Alcohol Violation

October 6, 1996- While conducting a search in a residence, DPS found a keg in the bathroom. The keg was confiscated and destroyed. Charges were filed.

Fire Alarm- False

October 6, 1996- A fire alarm occurred in the Bryant Center. Occupants abandoned the building. This appeared to be a malfunction of the system. People were soon able to enter back into the Bryant Center.

Vandalism

October 6, 1996- A student reported to DPS that a window pane was broken. An on-campus investigation is under way.

Vandalism

October 6, 1996- DPS had a report of another vandalism to a car that was parked in the hall 16 lot sometime during the night of 10/05/96. The driver's side window was smashed. In DPS is investigating this incident.

Vandalism

October 6, 1996- DPS went to two residence halls to fill out a report of vandalism that had recently occurred. Obscene pictures were drawn on the walls of these two residence halls. The suspects have been identified and charges were filed.

SUMMARY OF EVENTS

Fire Alarm- False- 4

EMT Calls- 5

Vandalism- 5

Disorderly Conduct- 2

Theft- 2

The Public Safety beat is sponsored by DPS and Students For A Safer Campus, in order to comply with the Federal Reserve Rights to Know and Campus Security Act. DPS encourages the use of their escort service which is available twenty four hours a day to anyone upon request. Call 232-5001.

The director of Public Safety, Mr. George Coronado, is available every Wednesday from 12:00 to 1:00 p.m. in the Bryant Center Conference room #1 to discuss any issues with students. Mr. Coronado is also available at other times by appointment. Call 232-5001.

Bryant College Policy on Smoking

1. Smoking Policy, History and Rationale: Bryant College is committed to supporting the healthiest living, learning, and working environment possible for our students, colleagues, and guests.

Consistent with this commitment, in 1996, after thorough consideration and assessment of research findings on the effects of smoking on smokers and non-smokers, a College policy prohibiting smoking in classrooms, common work areas, conference rooms, laboratories, hallways, and virtually all dining areas was adopted and implemented.

2. Within the past year, additional state smoking laws were passed and Bryant must again move to implement policies to comply fully with those laws. The General Laws of Rhode Island, Chapter 23.20A, section 2, entitled 'Smoking in Public Places' has been amended to read: "Smoking tobacco in any form is a public nuisance and dangerous to public health and shall not be permitted in any of the following places used by or open to the public, either indoors or outdoors: public schools, primary, secondary or post secondary school buildings colleges and universities (including dormitories).

The Bryant College Task Force on Smoking, comprised of faculty, students, and staff, assessed the implications of the new legislation for Bryant as well as the implications of the most recent findings on the effects of smoke on non-smokers. The Surgeon General of the United States declared that "it is the responsibility of the smoker to avoid exposing non-smokers to his or her cigarette smoke, and the responsibility of all who control the work environment to ensure the safety of that environment.'

Recommendations were made to the President's Cabinet, and after carefully weighing all options, a new College smoking policy was developed, taking fully into consideration the Surgeon General's administration and the changes in Rhode Island law.

II. Revised Policy on Smoking:

Bryant's new policy went into effect on August 15, 1995, a smoke-free environment within all campus buildings with the single exception of permitting student roommates to decide whether their residence hall bedroom will be smoke-free.

Successful implementation of this policy can be achieved through thoughtful consideration and cooperation of smokers and non-smokers.

To help everyone who desires to quit smoking, The Archway will include a registration form that will be used to determine whether there is sufficient interest to hold a clinic on campus. If not, those who complete and return the form to human resources will be assisted in enrolling in successful off-campus programs.

BRYANT COLLEGE POLICY ON SMOKING (6/395)

Bryant College has committed to supporting the healthiest living, learning and working environment possible for our students, colleagues, and guests.

Part of Bryant's commitment includes full compliance with the letter and spirit of the law, and the U.S. Surgeon General's advisories.

Therefore, on August 15, 1995, all of Bryant's buildings became smoke-free. (See exception ** below.)

1. Smoking is restricted outside of all campus buildings.

2. ** Smoking is also permitted in those cases in which student roommates choose to have a smoke-free bedroom. Only student bedrooms may be designated "smoking permitted." Common areas, e.g., hallways, restrooms, lounges, etc. must be smoke-free.

3. Smoking is not permitted in any building on campus or in public common areas in residences.

4. Each member of the College community shares the responsibility of advising colleagues, visitors and guests of the smoking policies and urging compliance with them.

5. All college orientation programs must include information about the College smoking policies.

6. The assistant vice president for human resources shall oversee and shall be accountable for the effective implementation of this policy. Employee conflicts should be brought to the attention of the appropriate supervisor or the assistant vice president for human resources.

Student conflicts should be brought to the attention of the faculty supervisor or the appropriate vice president or department head. In all cases, the right of a non-smoker to protect his or her health and comfort will be of prime concern.

Smoking cessation offers the greatest potential benefit for our colleagues and students. Self-help manuals, available through the Rhode Island Chapter of the American Lung Association, help smokers begin their quit journeys. The Rhode Island Lung Association also sponsors clinics throughout the State. HELP CURRENT EMPLOYEES AND STUDENTS QUIT SMOKING, A "SMOKING CESSATION" VIDEO IS AVAILABLE THROUGH HEALTH SERVICES.

Yes, I am interested in participating in a clinic to stop smoking.

On October 7, 1996, the question was asked of the professors, which I must have been, "Why community?" They were responding to a letter written by one of the campus' leaders on how bad it was and standing strong against it. Otherwise, we might as well just continue to be microwaved and our kids, and families. As time has proved, quick fixes rarely work, and that's what Dole is offering. Clinton is offering a healing process that could lead to a complete recovery with little or no side effects.

Hybridon, Inc

No questions in the "in" box (so what's new?), so I will write about what I did on vacation...

Last week I had the pleasure of meeting a very nice lady from a small biotechnology company, thanks to Meghan Frisleigh, who met one of our students at an Aglow meeting in the Worcester, MA area. She is an economist by training and has been doing some research on the biotech industry and the biotech parks of the world. She told me that the biotech industry is growing at an unprecedented rate and that the biopharmaceutical industry is the largest in the world. She also told me that the US is leading the world in biotech research and development.

I was very interested in her research and we discussed many of the issues that are important to the biotech industry. She also told me that she was going to be doing some research on the biotech industry in Europe and that she would be happy to share her findings with me. I was very happy to hear this and I think that it is important for us to have a better understanding of the biotech industry.

I am very grateful to Meghan for her time and for her insights into the biotech industry. I hope that she will be able to do more research on the biotech industry and that she will be successful in her research.

I look forward to hearing more from Meghan and to learning more about the biotech industry.

Aglow International raches out to Providence

Submitted by Debra Austin, Public Relations for Aglow

Santa's not only coming early this year, he's coming to town in six states with six thousand women and men who are on the organizing's national conference. They will be coming from all 50 states.

Providence Mayor Buddy Cianci is one of the 600 plus event organizers, and will be hosting Rob Gill, president of the Rob Gill Foundation, as well as a group of 13 other guests in Providence.

"Aglow wants to be a blessing to Providence," said Aglow US National President Bobye Byerly. "It's a way to demonstrate God's love for His people."

Aglow International is an interdenominational organization of Christian women who ministers to more than a half-million people in 131 across the globe.

Headquarters are in Edmond, Wash. Aglow fellowship groups work through many studies, support groups, retreats and annual conferences. Prayer, evangelism and spiritual development are the two focuses of the organization and are supported with tangible efforts such as Gifts of clothing, food, housecleaning, baby-sitting as well as mentoring. Aglow women reach out to their communities in many directions. To women in prison, senior homes, inner city neighborhoods, and mental institutions, as well as to the average woman next door who may just need a friend.

Aglow began in 1967 with four women who expressed a desire to meet together as Christians without denominational boundaries. By 1972, more than 60 local fellowships held monthly meetings around the US. By 1973, fellowships began in Canada and New Zealand. The Netherlands followed in 1974. In 1996, Aglow continues to reach out to women of all ages, creed, color, and culture through them to families worldwide.

10 Questions: An interview with Rob Graybill

Kenneth Wakefield

Archway Staff Writer

Rob Graybill is a student senator, involved with junior achievement, and Special Olympics. He is also a member of the Raquette Club, Cycling, and Rugby clubs.

Ken Wakefield: When did you first notice your leadership skills?

Rob Graybill: I've been involved in leadership activities for a long time now. It started back in 6th and 7th grade as Class President, and my 4 years on Student Council. At Bryant, my involvement and leadership has grown, culminating in my opinion as a senior senator.

K.W.: What's the most important event you have led?

R.G.: Personally, it was leading myself to spend a year in New Zealand as an exchange student at the age of 16. At Bryant, I would have to say helping to organize the upcoming candidates night (barely) two weeks ago.

K.W.: What's the most important event that you are involved in right now where you feel that your leadership skills are needed to be used effectively, but cannot be measured by the amount of time it takes?

R.G.: Once again I would have to say the candidates' night. Because of the way our Government works, students must vote to have a say. If you don't vote, then you are passed over and will not have a say in the Government.

K.W.: What are some of the ways you improve on your leadership qualities?

R.G.: Practice. Only by getting involved and taking on responsibility can you improve. In my case, joining S.A.S.E. is what it took.

K.W.: How do you feel bringing a student leader has affected your life?

R.G.: Limited my free time. Just kidding. It helped me grow personally by being forced to manage my time and communicate skills with my involvement at Bryant.

K.W.: Do you feel that any has had any affect on your becoming a student leader?

R.G.: Definitely. If I had gone to a larger school, I don't believe I would have been as interested in the issues and would have been so involved. I have never before been involved in a school as large as this one, and I believe the size of the school and the amount of involvement have helped me to become a leader.

K.W.: What is your most important achievement in your leadership roles?

R.G.: Getting our first-ever student steers back from the West Coast.

K.W.: What would you say to someone who is interested in becoming a student leader?

R.G.: I would say that anyone can become a leader by putting in the time and effort. Leadership is not about being the leader, but about working for the benefit of others, and that is what it means to be a leader.

K.W.: What would you say to someone who is interested in becoming a student leader?

R.G.: I would say that anyone can become a leader by putting in the time and effort. Leadership is not about being the leader, but about working for the benefit of others, and that is what it means to be a leader.

K.W.: What is your most important achievement in your leadership roles?

The Internet and business research

The Internet has been developing since the late 1960s; however, within the past 5-10 years it has become widely used. It was once called "The Information Age". It was taken for granted that if an essay in a reference work was shown to a student, the information it contained was written by an author who had the credentials to be an authority on the subject. Most students believed that the publisher had picked the author because he was an authority and that the librarian had picked books from publishers who had a reputation for producing quality scholarly works. A particular scholar's credentials were usually printed at the end of an essay or in the introduction to a book. With the advent of the Internet and the potential for anyone who has a facility for html to create an impressive looking homepage and the absence of controls once provided by publishers and librarians, degenerating the credibility of the information found on the Internet is left to the discernment of the reader. How does one determine whether or not an Internet site contains credible information or not? A couple of recent articles do a good job of addressing the particular area of concern. The first, "Guidelines for Internet Resource Selection," written by Gregory F. Pratt, et al and published in the March 1996 issue (vol. 57, no. 3, JFLA) of the Association of College and Research Libraries College & Research Libraries News provides a listing of criteria a librarian and/or researcher can use to help determine quality and content of an Internet site. These criteria include determining the site and its purpose, who created it, and the original source. The second, "Beyond Cool: Analog Models for Evaluating Information and Their Coverage" by Michael Carney, writing in the Congressional Quarterly Weekly Report (House Panel Strategies to Apply Copyright Law to Cyberspace, vol. 54, no. 20, May 18, 1996. 1387-398) describes the struggle to develop coherent legislation that will make both the "content providers"; i.e., authors, publishers, movie-makers, etc. and "access providers"; i.e., commercial on-line services providers such as CompuServe, American On-Line, etc., satisfied with their potential gain in the Internet market. In the middle of the battle is the American Library Association with its mission of trying to protect "fair use doctrine" rights currently included in 1976 copyright legislation. This doctrine permits informal copying of copyrighted material for educational purposes. What can a student do to ensure he is respecting copyright law? First, common sense dictates that the author of any information taken off of the Internet should be credited for his/her ideas. Second, be conscious of the fact that information given to you by another student or via an Internet site could have been stolen itself. Try to find out more about the site and its author if you have any questions about the origins of the information. Third, familiarize yourself with current copyright law and the new legislation now working its way through Congress. Reading the following would be a good place to start: "Intellectual Property and the National Information Infrastructure: The Report of the Working Group on Intellectual Property Rights" (http://www.uspto.gov/web/pmtl/); the NII Copyright Protection Act of 1995 (S. 1284 and H.R. 2441); the essay "Regulating the Internet: Can the Use of Cyberspace be Governed?" found in the CQ Researcher (vol. 5, no. 24, June 30, 1995, 561-584, REF: CQ162 E35); and the article "Electronic Copyright Under Siege" by Stephanie C. Arlin in Online (vol. 20, no. 5, Sept/Oct 1996, 83-88).

The Internet is well on its way to becoming an important part of the business world in the near future, and is sure to impact every industry. It is imperative that business students understand the basics of searching for information on the Internet and how to use it effectively. The library can help with this by providing a variety of resources and services to assist in this endeavor. The library offers a variety of resources and services to assist in this endeavor.

The library offers a variety of resources and services to assist in this endeavor. The library offers a variety of resources and services to assist in this endeavor.
Alcohol: a hot topic on campus

One of the "hottest" topics on campus today is the idea of opening a campus pub to replace the one formerly run by Brycol. While I will not talk about the pub directly today, I do want to address another controversial issue at Bryant—the use and abuse of alcohol by our students.

No one will deny that the college years are times in which students have the opportunity to determine their identities as adults, decide their life directions, and begin making lifelong commitments to people, ideals and relationships. It is also frequently the time when students will take risks with drugs and alcohol, as ways of developing a sense of belonging with their fellow students and of exploring who they are as individuals.

At Bryant, alcohol is a drug of choice; and the drug most frequently involved in residence hall damage, acts of violence, and student injuries. And it is also the drug which seems to determine which activities students choose to attend or not to attend. I spoke this week to one of the many Bryan students who is uncomfortable with the strong emphasis on alcohol which she sees among her peers. It seemed to her, and to many of us within the faculty and administration, that in some way something some students really care about on the weekend is Bryant alcohol. And this student has come to the same time and time again as her friends who choose not to drink go home on the weekend because they are so appalled by what they see here on Friday and Saturday nights.

I've worked for 16 years in colleges and universities varying in size from 2,400 to 20,000 undergraduates and understand that we won't be able to eliminate completely alcohol abuse among students. Like my faculty and administration colleagues, I understand that I can't prevent all undergraduate people from drinking, or keep the majority age students from drinking excessively. But that doesn't absolve me of the responsibility to try. Recently, I was told about a new piece of furniture appearing in some townhouses and suites at Bryant—the Beirat Table. For those of you unfamiliar with Beirat, it is a drinking game in which two opposing teams throw ping pong balls or "bombs" at the cups of beer of the opposing team. If a ping pong ball lands in someone's beer, he or she is required to "chug" it. While I am offended by this game being named for a city which has seen its share of misery as a result of bombing, I am equally offended that anyone at Bryant would think this is an appropriate way to spend his or her time.

While the game of Beirat has been around for quite some time, perhaps as a variation of "quarters," the tables have the potential to be a problem. A number of living units—

F.J. Talley
Dean of Students

townhouses and suites now have large plywood tables on which to play Beirat, and these tables are occasionally seen on the small patios of the new townhouses.

In discussing Beirat Tables at a Student Affairs staff meeting, we were told that some students constitute ping pong play-wood of any kind to a living unit is unnecessary fire loading. We also noted that such tables constitute extra furniture, and shouldn't be allowed on that basis. Both these reasons are correct and defensible, but the most important reason why we disapprove of these tables is that they just don't belong here. Any piece of furniture that prompts people to play dangerous drinking games doesn't belong at Bryant College. We must take a stand against activities that are unhealthy for our students. And we must do all we can in support of students who either choose not to drink or choose to keep alcohol as one feature of their social lives, rather than as its only feature. This is a significant challenge for us to face—

Wanna Catch a Movie?

Nigel "phone home" Fabara
Archway Staff Writer
(Few talents and no new musical)

I'm back! Fresh from my brush with authority and still eager to graduate and become an honest, hardworking citizen, contributing little in the way of taxes as the government will allow. For the last two weeks I wrote up the pre inauguraial interview with president Machtley. I'm sure you were all riveted. Giving the students as clear and concise a picture of the man and his plans as students. I also had an interview with Nancy Mayer—the republican candidate running against Jack Field. I would have written up that also except it hit me that even though this woman may one day have control of how we pay for the education of our children or younger siblings, we as students didn't care for the story. We prefer that our news on issues that shape our lives to be in the form of sound bytes. In the form of thirty second blurs that say little and mean even less. We are more interested in the head singer of Oasis and the talents and no new musical style), than in the leader of the United States (Fewer political talents and no new idea. Eating a Big Mac in five seconds flat does not count toward style). As for the Nancy Mayer Interview the long and short of it is: (a) Politics is not bad as it seems, it is so much worse. Half the professors are liberal and liberal are the ones who got the last chance to argue about irrelavances. (b) Most students don't care, but what is really right for you or the country in the long run. They are not interested in living a better life, but will sell their skin by the yard to the highest bidder if it ensures they will be re-elected. (c) We are all in so much trouble educationally, globally, economically, and socially that we should all be giving Jack Kervorkian a call, pronto.

Now on to news you will probably read...

You have decided that you need to insert some entertainment activity into your hectic schedule of studying, writing papers, research, and going to class (more like, sleeping). So you have zipped up pizza and instant noodles in a cup, parting, calling your parents for more money and of course, more sleeping. I have here for your reading pleasure, a list of things you may want to try... that's after you've gotten your sleep of course.

Movies

2 days in the Valley

This is a Pulp Fiction wannabe. Unfortunately it lacks the funk and style of John Travolta and Samuel L. Jackson. Instead it has a pile of B list actors and Danny Aiello. If you like copious amounts of violence, it's alright, although it doesn't have the raw violence and overall excitement of any Stallone movie. The plot feels awfully contrived, as if the writers were just trying too hard to be smart. The next complaint is one you are not going to hear often. The sound mixing and editing was horrible. This may have been a problem at the theater but I doubt it. Some scenes were unintelligible while others were fine. Apart from the fact that the movie sucked and was a waste of my time, it was fine. That thing that you do: "**

I may be a little biased here, I think that Tom Hanks is one hell of a human being. His movie would be a waste of my lime. It was fine. Not bad, but a chick flick all the same.

Happy Gilmore

**
The king of slapstick comedy. I like this movie more ever time I watch it. Make it your part of collection.

1. Executive Decision

2. From Dusk Till Dawn

3. 12 Monkeys

Deep and depressing in a good way

4. The Substitute—Beating yourself about the face and head with a hard, blunt object will give you the same entertainment effect.

5. Mulholland Falls

**
A very good movie. Good acting, writing, plot and cinematography.

6. Happy Gilmore

**
The king of slapstick comedy. I like this movie more ever time I watch it. Make it your part of collection.

7. Up close and personal

**
Watch out gays this is a total chick flick. Not bad, but a chick flick all the same.

8. City Hall

**
Boring! Stupid! See through. asinine. See through. asinine.

9. Sgt. Bilko

See under "city flick. Not bad, but a chick flick all the same.

10. Mr. Holland's Opus

**
2 Oscar caliber film making.

The Chairs: In the theaters now.

1. The First Wives Club

2. The Closer Man

3. Tharting You

4. DD: The Mighty Ducks

5. Star Wars: The Empire Strikes Back

6. Days In The Valley

7. Last Man Standing

8. Fly Away Home

9. Independence Day

10. Big Night

**
As an alternative to celluloid you can catch live play - Les Miserables the Victor Hugo Classic is now playing at the Trinity Repertory. This is really good. It has to be, to have stuck around so long and received so many Tony Awards. Tickets are on sales now. Try to catch it.

Question of the week: Name three Tom Hanks movies and three of his co-stars and you have a chance to win $10 in the next Camel's, free video rentals, free movie posters or combination of all three.

The stars of That Thing You Do!

A scene from Les Miserables.

HELP CELEBRATE FIRST NIGHT PROVIDENCE 1997!

Looking for a fun, exciting way to spend this New Year's Eve? Be a part of Rhode Island's most exciting New Year's Eve party! Help produce First Night 1997 by volunteering for three hours on New Year's Eve—and when you are not helping out, you can enjoy all the festivities to offer in music, dance, comedy, magic and more. You'll receive a free admission button and a colorful souvenir paper. Plus, all volunteers are eligible to win a two night getaway for two; the winner will be announced at a special Volunteer Appreciation Party in January.

For more information on how to join the First Night Twelfth Anniversary Volunteer Corps, call the First Night office at 521-1166.

HOURS OF OPERATION FOR THE KOFFLER CENTER COLUMBUS DAY WEEKEND

Tuesday, October 12 8 a.m. to 5 p.m.
Wednesday, October 13 Noon to 6 p.m.
Thursday, October 14 1 p.m. to Midnight

Village Association
Melissa McGrath

Everyone! Do you want to get involved? Do you want to meet people that live in the dorm across the quad? This year is full of new and exciting things such as the Village Association. We are a collaboration of dorms 1 thru 11. Also the townhouses and dorms 14, 15 and 16 have gotten together to get everyone involved. This semester dorms 1 thru 11 have already planned a car wash scheduled for Sat. Oct. 16 from 12-3pm. It is Parent's Weekend so tell your parents to support the Village Association and a portion of the proceeds are going to the Hunger Coalition. Also we are helping to get many people together for the Spooky World planned by SPB. The haunted trip is on Wed. Oct. 30 from 5pm to 1am. The cost is $12.50 (if more if you go on your own) and transportation is included. Sign up at the Info desk before Wed. Oct. 16 to go. Look for Village Association's upcoming events as well as days and times for our weekly meetings. As you can see we are very busy and anyone is welcome to help out. I hope everyone has a great long weekend!

Enjoy some scary Halloween tricks and treats
submitted by the March of Dimes Birth Defects Foundation

On October 11, the doors will open to the 22nd annual Haunted House presented by the Rhode Island March of Dimes. Ghosts, goblins, and witches have rented this house for years frightening, spooking, and exciting adults and children of all ages. This year will be no different as they prepare to provide scary, enjoyable Halloween fun through October 31. The cost of admission is $4.00 for adults, and $2.50 for children 12 years and younger. Money raised from this long-running event will go towards the prevention of birth defects and infant mortality. Come for thrills and laughs to help fund the Campaign for Healthier Babies.

The Haunted House is located at 1485 Hartford Avenue in Johnston, RI. The building, provided by Piccerne Properties, is next door to Cost Plus/Stuart Plaza at the corner of Atwood and Hartford Avenues off of 295. Stop by the house anytime on Sundays through Thursdays from 7 p.m. to 10 p.m., and on Fridays and Saturdays, come between 7 p.m. and 11 p.m. Local sponsors include 92Pro FM, Domino's Pizza, Art Mold Products Corporation, Paul Arpin Storage, and Tori's Bakery. Domino's Pizza, located at 550 Hartford Ave. (331-1123) in Providence, will be selling pizza at the Haunted House every night; 25% of their sales will benefit the March of Dimes. Art Mold Products will be supplying key chains, and Tori's Bakery will supply snacks daily.

The March of Dimes is a national voluntary health agency whose mission is to improve the health of babies by preventing birth defects, low birth weight, and infant mortality. Through its Campaign for Healthier Babies, the March of Dimes funds programs of research, community, service, education, and advocacy.
Rhode Island School of Design Events

Friday, October 18
Lecture series. Underneath it All: Why They Dressed That Way. "Token to the Cleaners: Dress's Dangerous Allure." Discussion about the social and sexual connotations in the context of long-standing debate about the moral overtones of fashion in 19th century France and also Flaubert's classic, Madame Bovary, whose main character is the avid follower and victim of fashion. Free. 12:15 p.m. Museum of Art, 224 Benefit Street, Providence.

Saturday, October 19
Students. "Dress, Art & Society, 1750-1890." Join members of the RISD faculty and staff for a look at culture and society during the 18th and 19th centuries and how the understanding of dress can add to our understanding of the past. Free. 9 a.m. to 5 p.m. RISD Auditorium, corner of College and Main Streets, Providence.

RISD by Design. Thousands of items created by RISD alumni are for sale. Live music and a festive street environment add to the day's fun fare. Free. 10 a.m. to 4 p.m. Benefit Street. For details, call 401-454-6620.

RISD Alumni's book signing. In celebration of RISD's Alumni Weekend, distinguished alumni and faculty writers and illustrators are on-hand to talk about their work and sign books. Free. 1 p.m. to 4 p.m. RISD Store, 30 North Main St.

Sunday, October 20
Exhibition Tour. "Cut From The Same Cloth: Origins of Men's and Women's Fashions." RISD professor and head of Apparel Design Lorraine Howes shares her thoughts on the exhibition Dress, Art & Society and its relation to her particular department. Regular museum admission. 3 p.m. Museum of Art, 224 Benefit St.

Volunteer Opportunities

- First Night, Providence, RI
First Night of Providence is seeking a Bryant Student to serve as a liaison between your student council and the Student Body. Call Lois Ruso at 331-0500 ext 413.

- Volunteers for Educational and Social Services — VESS, Texas Catholic Conference
Volunteers to work in fields such as: Teaching, Human Services, Refugee/Immigration, Residential Youth Services, Nursing/Health Care, Parish, Youth & Campus Ministries. Call 1-800-771-5677.

- ANNUAL COALITION OF LACE
VNA of RI, Providence, RI
Volunteers needed immediately to assist with flu shot clinics. Call Wilma Cota at 444-9849.

- Women's Center of RI
Seeking child-care assistants and crisis-line advocates. Training provided for both positions. Contact Christine Consiglio at 801-2760.

- International Institute of RI
Needs volunteers who can assist immigrants in the process of apply for citizenship. Training provided. 10hrs/week commitment. Call 784-4084.

- Anchor House Foundation
Recruiting committee members for their Mini Grand past-fundraiser to be held next August. contact Lee Baker at 434-5792.

- Meals on Wheels
Needs Drivers to deliver the noon meal time to local homebound residents. The assignment is once every other week, 11-12:30. Call Pat Frazier at 295-2887.

Please call for the Office of Student Activities. Contact 322-6160 to list your volunteer opportunities.

Students can use a volunteer experience to explain why they are interested in a certain field of study or why they volunteered to help a specific cause. This experience can be valuable in their job search or for future employment. It also helps students develop leadership skills and become involved in their community.
Greek News
And yet another exciting week has passed by... Thursday night was a great time with the Women's Rugby Team. Friday was alright with DZ; there's not all of your sisters came. Many Alumni came up for one, which made the night exciting. As for recent alumni visits Mullins came up along with Kazoo and Gaudet, those Maine-iacs. From Boston, Jungle, Nick, and Cockroach were all in good form. It was a good seeing all of the guys again. Saturday morning many people went up to watch the games in Boston. The rest of us were either in the Library or participating in their own games... Saturday night we opened up. If you build it they will come... Crowley on the disc... CRAZY. I know Ryan and I had made ourselves aquatinted at Phi Sig throughout the week. Duff watched Pooh Bear. Ryan fell in the closet. And I had my own personal fun with the T.V. Thanks for the Golden Graham... And now coming from our office out in Cleveland, Ohio..... This weeks TOP 10:

1) There are 10 reasons why the Mens Bathroom downstairs in the Library sounds like constantly flowing water.
2) 10 is attached to Bryant's Nuclear Waste Disposal System.
3) No really there is a secret waterslide park behind the walls that only the Yellowmen, and selected faculty know about.
4) It's just a tape recorder making all of that noise... Leggins the mind doesn't.
5) It's the newly patented Bryant College hypnotic method of helping you go to the bathroom.
6) So that's why the orange juice at ARA is so chunky...
7) $10 is too much for Bryant to spend to fix it.
8) In part of the fountain... and you thought it was water being squashed up high into the air.
9) Not many people know this, but that pipe is essential to maintain the status quo of human life as we know it. And any tampering could throw off the delicate balance of human existence.
10) Have you ever seen what happens when three used Skehs go to the bathroom?

By using his computer, Sandy is able to obtain all of the loose beer from the DPS compressor and forward it through the pipe in the downtown library. via a spray, and into a hidden tap in his room. Well, that's all I have to say. Anyone who has any ideas for future top 10 lists call 322-4309, and tell me them. If you can't find the pipe... you get a free haircut from me. Take the Hair cut... What's behind door number 2, Bob?

** Accounting Association **
** Chad West **

Attention Accounting majors: If you are a junior, now is the time to get serious about looking for an internship for next semester. There will be a host of internships available for accounting majors, as firms look to Bryant for help during the busy tax season. If you are a senior and do not have any accounting experience, it is still not too late to get that on your resume. Some of these firms are starting to look for candidates with an Internal (In-house) line (Kahn, Litwin & Company). Other deadlines come late in October and into November (Pears, Marvin and other small firms). There is a lot of grudge work that you must go through to even apply to these internships, and now is the time to get started. If you do not know where to begin, go to Career Services and make an appointment, and then somebody can help you on the right track. They can give you handouts that help you put your resume together, as well as help you prepare for interviews or checklists on what you need to complete to apply for an internship. Now is the time to take advantage of what Bryant has to offer, the Accounting Association encourages you not to miss out. Keep an eye out for club events, as signs are usually posted in the Mac Center and the Bryant Center.

** Beta Theta Pi **
** David Koezter **

Hello! Hope everyone’s semester is going well. It is already October and there are a lot of events in the near future. Parents’ Weekend is coming up and Beta Theta Pi will be hosting a candle sale in the MAC on that Saturday. Proceeds will be going to the Muscular Dystrophy Association (MDA), in Warwick, RI. Our football team is looking better than ever. Once we score a touchdown, we will be unstoppable! We would like to thank Phi Sig for a great time on Saturday. Were not sure if full crops were with a good idea. A big thank you to Theta for helping us out on Wednesday; we appreciated it. Mercedes stopped by on Wednesday, and I think she should be our new field goal kicker. Treat came down to defend brother of the year honors this weekend. Monte went to Disneyland. Darwin is going to Susier and cashing out Veto’s streak continues, but Smiffers picked the lock of the week on Monday night. Spalding took Oscar’s title of deadbeat. The two - tim champion went down hard when Spalding got canned. Colleen and Al went to watch the game for marshals Bill. Crane and Ots were hosting the table on Monday night. Alp is having a little trouble remembering which Greek organization he belongs to. Flip might have to start covering his ears.

** BOAC **
** Bryan Magnus **

Hello Bryant! Now that 1/3 of the first semester is over, it is the perfect time for you to join BOAC. Now you are probably saying, “Bryan, are you zoobies? how could it be the perfect time to join, we have already missed too much!” Well, that’s where you went wrong. You may have missed out on some good stuff, but by not joining now you would be missing so much more. There are spring break trips to help plan, demos to partake in, and trips...

Commuter Connection
Andrew Young

Hello Commuters, from Andy the Commuter! This past Wednesday, we held our first Commuter Meeting for the year. We had a pretty decent turnout, and all who showed up enjoyed FREE pizza and soda. The Haunted Hayride has been scheduled for Friday, October 25, and the rain date will be the proceeding Saturday, October 26. The cost will be $10 per person. If you are interested please sign up in the Commuter Office on or before Wednesday, October 16. You can write a check or give your money to Heather. Guests are welcome to bring a friend.

There’s nothing much else to write about, so this is Andy the Commuter signing off.

Delta Chi
James Dow

This weekend was quite eventful on the floor. Dutch did some innovations, while Big Poppa dropped by for the weekend and took over where he left off. I would like to apologise to Killer and P.D. for Thursday night’s project. Goose dumpted Speaker and is on to much better things. B-Sharp took off Friday night and left Hollywood in charge of guarding the floor and controlling the actions of certain brothers. Thanks to Sunny D, Val, Softy, and Bubble for stepping down on Thursday Night. Hoy and Scooter, they and I are accepting all challenges.

Roadkill was up this weekend and took part in the festivities with Balco in Pawkistick. When asked his advice on college, he simply replied, “My advice to you is... hardly.” SwanX also grazed the downtown this weekend and told talks of Grandpa about Abner or ABT. “The Owners” were established in the GQ room. To Balco, Muliticity Newman had enough hard work to get a “Herbet Special” to Speaksun. Intual Wally P-Nig got on the job on his days on Sunday night at the Junction. Killer admitted that Green Day was his favorite band. Wally, Deacon, Moree & myself selfed over about Washington, D.C. on Friday and Saturday afternoon in Kh 3b. Who made a new friend Saturday night with some horn?

In Delta Chi sports, things are going well. In football, our B-Team improved to 3-1 after a win over Wu Tang 3rd Floor, and our A-Team posted their first win of the season by defeating Beta. “Look what happens when you have Broadway, Wood, and Goose in the game at the same time,” he that right, Herbert. Born in the woods and loving.

Delta Zeta
Nicole Greenlaw

Happy Beloved Birthday to Penney, Caruso, Pepper, McGee and Murphy. We Love You!

We want to welcome our new guest in the Floor-Molder. Pearls of wisdom Galileo.

Bobby, Conito, Ping Wing, and friends are in the house. G6 and Wings thanks G6 for Monday night. We had a great time. A thank you to D7 from Violet and Reggie. Good time had by all.

Thanks for Friday night. Delta the white-shirted were hit a Saturday night was a good time. TKE our co-ed volleyball record is now 4-1. Skippy, thanks for the long distance gamedance, had you still lost-Jasoe. Thanks, Aaron, for the delicious eggplant parm Gal, G-5+ goold back. Monoe. Poisly-Blussow and My Two Dads are Mad About You also. Great job on TAP. Can’t wait until NYC and Boston, Lg’s Monday.

Galileo, let fair grade you’re it only a warning-Make it happen 10-200.

This weekend’s was also be a chance for the white to join in.

Hi, the white-shirted were hit a Saturday night was a good time. TKE our co-ed volleyball record is now 4-1. Skippy, thanks for the long distance gamedance, had you still lost-Jasoe. Thanks, Aaron, for the delicious eggplant parm Gal, G-5+ goold back. Monoe. Poisly-Blussow and My Two Dads are Mad About You also. Great job on TAP. Can’t wait until NYC and Boston, Lg’s Monday.

Galileo, let fair grade you’re it only a warning-Make it happen 10-200.

This weekend’s was also be a chance for the white to join in.
Phi Kappa Sigma
Scott Byrne

Hello brothers! Welcome back from the weekend. Our OFC team is looking better and better every game. They opened up their season with a win over KT and have two more games this week. Our A team is actually excited about playing this year but are never scheduled to play. Paintball is finally here and is scheduled for Saturday, November 2. That is always a great time. Anybody interested in playing football or signing up for paintball can sign up on the third floor of dorm one or contact Jeff Dudeckman at ext. 4038.

Well, it was yet another eventful week here at Phi Kap. The weekend was highlighted by the National Swain Day. The brothers participated in fun-filled games of Home Run Swain and Twisted Swain. Swain also prefers Sunny D over the purple stuff any day of the week. Daniels made a cameo appearance on the floor. He took his boys into Boston and everybody was anxiously awaiting their return. Emens was speaking Scheneman. McDonnell couldn’t find the dorm. Labonte was giving away free bug spray. The National Guard was brought in to remove Daniels from the limo. What a normal tip for a limo driver, anyway? JR shaved his head P’s for psycho. Duuth found a little treat in his bed in the wee hours of the morning. Scearbo picked the first snowball of the year. Happy Pappas is now Happy Pappy. Sorry about the jeans, Garrett. Didn’t mean to give you cold feet. Dehollendorf, if you needed ten dollars that badly, why didn’t you just ask someone? Lancia thanks McDonnell and Daniels for the interior decorating. And, on a final note, if anybody has seen Morrison, please let our good buddies down at G2 know. They are very concerned. Are there any open wells on campus? If anybody has any concerns, complaints, etc., or if you just need somebody to talk to, Captain Albertson is always there for you at ext. 4032. Till the next time...

Phi Sigma Sigma
Valerie Averd

Hello! I hope everyone had a good week. Welcome back, Chambers, we missed you. Happy Birthday goes out to KK, Alex, and Nikki. We’ll miss you, Kelly; good luck in the Carolinas. Congrats to Phi Tep on their first of many victories. Watch out for Phi Sig’s annual Fall ‘N’ Ball coming up on October 17. Thanks to TEP for Friday night. Hey Screech, the rollerblades were a little too risky. Thanks for the talk at the Junction. The sisters would like to thank Beta for a great time on Saturday night; you guys were a blast. Otis, Tigger says good game. Hey Beta: “Na Na Na Goodbye.” Full cup. Hey Ryan, could you rearrange my shoes while you’re in my closet? A few sisters would like to thank TKE for Wednesday night. Seth, do you have a quarter so I can catch another ride on the spin cycle? I’m going in a girl and coming out a woman! Tigger bounced out of bed this weekend without her pillow. Kristen control yourself, you missed the encore of the DM band Mason. Saizom and Sprout were out on a Big Bird stakeout this weekend; let’s hope we didn’t get caught. Sunny D. glad to see you put in a hard day at work on Sunday. Webster, she’s a what? Poor girl. Bette would like to thank Kathy and Greg for Mike’s little Irish party and for an awesome time at the Dave Matthews concert, although she missed half of the show. Thanks to Flowbee and Ryan for the Session on Wednesday night. Where’s my Cabernet? Hey Foton, Tennessee? Sunny, Hey Duff, you sassy, Pooh Bear Part Drus, next week, your mom or Tricia’s? And the quote of the week. “This is the best Thursday night all week.” Lark. Till next week.

The Bryant Players
Morgan Mirvich

Harvest Time, Harvest Time! The Bryant Players will be holding a Parent’s night tonight. There will be a cover charge of $1 and pitchers will be $4. Please stop by and show your support!

In other news: Phil had a little accident over the weekend: The freshmen had a nice shower. Becca and Erik have the same taste in shoes. Erin’s daughters are having an identity crisis. Have a great weekend everyone, and get plenty of rest! Next weekend will definitely be a busy one!

Overheard: “What happened to your forehead?”

SPB
Jeff Hill

What’s up all? I hope everyone’s final days before our long weekend have gone well. Please be careful if you are driving home this weekend.

We have a few events coming up next week when you return from your long weekend. First of all, “Courage Under Fire” will be shown on Sunday, the 13 at 8 p.m., and Monday the 14 at 6:30 & 9:15 p.m. All movies will be shown in the auditorium. Also, on Wednesday the 16, from 12-4 p.m., SPB will present Tattoo artists in the Bryant Center. Their will be two artists, so come down and have one done.

Full weekend semi-formal tickets are now on sale at the Info. desk. The
the win of the best event! Congratula-
tions to Deanna for scoring a record
time in one game. Also, congratula-
tions to Kim, i.e., "Sidekicks kick,"
for getting the extra point kick. The
final score was 16-10; better luck next time Framingham!

We'd like to thank the rookies for their
"in the fall season." They were
looking forward to many more!

Flashback of Dance Party USA at 9 p.m. -- a
perfect end to the weekend. As always, we had
an amazing time. We plan to have
"犯n a home on Parents' weekend.
We hope that everyone has a safe
Columbus Day weekend!

The Alternative Program (T.A.P.), which consists of
non-credit evening courses designed for fun, fitness and self-
development, begins the week of October 21 at Bryan & Hanger:

- Ballroom Dancing: Oct. 23 - Nov. 6 ($20)
- Mixology: "The Boston Bartenders": Oct. 24 - Nov. 21 ($105)
- Nutrition and Health: Oct. 24 - Nov. 16 ($40)
- Photography: Oct. 22 - Nov. 19 ($35)
- Racquetball: Oct. 23 - Nov. 27 ($20)
- Swing: Nov. 11 - Nov. 25 ($25)
- Water Aerobics: Oct. 21 - Nov. 11 ($20)

Two trips are also scheduled. They are:
- "Les Miserables," Providence Performing Arts Center: Oct. 27 ($40)
  (includes ticket to evening performance and transportation to and from
  Bryant)
- New York City day trip: Dec. 8 ($30)

There is a $5 registration fee for each course.

Walk-in registrations will be accepted through October 21 at the Bryant
Cen.

Tau Epsilon Phi

The brothers would like to welcome
anyone interested in TEP to come meet
us on the third floor of dorm two, at our
townhouses, 6E and 67. Congratulations
for some big wins on the football field. Between our two teams, we
have only one loss for the year. We still have a few spots left on the team for
anyone interested. It was nice to have
brother Kells up for one more weekend
before he goes to North Carolina. It's
go good to have Ed Hyde and Wigger
and doing very well overall.

This was another wild one for
the brothers. We got a good start Fri-
day, with a little help from Rico- wick to see business is going well for you.
The townhouses were the place to be
this weekend with Phi-Tap- Friday and
"Slammin" it up with Theta on Sat-
urday. Mary will be starting in the next
dance of the year. Mrs. White was

"Happy Birthday!"

The floor. Will and Dmitri started a new
form of recycling. The mess of the
week goes to Greenlaw, by default.
Now we will leave you with the quote
of the week: "Let's get one thing straight, I'm not anti-member... I'm number one."

Theta Phi Alpha

Jodie Steel

Hey Theta! All and all the past few weeks have been far from ordinary!

Congratulations to our new member class-
Rana, Dorian, Bethany, Lindsay and
Michelle! Best of luck with all through the end of the rush.

Happy 21st birthday to Magenta
and Kianna. Thank you to DKE, TKE,
and Delta Chi for last weekend! And The
entertainment was provided to Deanna for scoring a record
three tries in one game. Also, congratulations
to Kim, i.e., "Sidekicks kick," for getting the extra point kick. The
final score was 16-10; better luck next time Framingham!

We'd like to thank the rookies for their

Bryant Golfers Put Their Way to the ECAC

Le Tien
Sports Editor

The Bryant Men's Golf Team played their way to the ECAC Men's Golf Championship by finishing second at the Southern New England Regional Qualifying Championship last weekend. Led by senior Jeff Weber (Chelmsford, MA), the Bulldogs put their way to a second place finish with a team score of 317, which was one stroke behind winner University of Hartford.

Walker won the Championship with a final score of 75, but Bryant also placed two other golfers in the top ten. Senior Captain Ray Isner (Arkansas, MA) finished third with a 77 and freshmen transfer Bill Clifford (Honeoye Falls, NY) finished in a three-way tie for tenth. Bryant Golfers can certainly birdie their way to a ECAC crown next weekend.

Sports card is easy ticket for great prizes

Just by attending Bryant Athletic events, cheering our teams on to victory, and having a great time in the process, the athletics department would like to show their appreciation by rewarding you with a chance to win free prizes.

Every Bryant student was mailed a flyer promoting and explaining the fall 1996 Sports Card with the card itself attached. The Sports Card can be stamped at any Bryant home athletic events during half-time by a member of the event staff. Once all 20 events have been stamped, the card can then be turned in to the athletics office in the MAC and the card owner will then be automatically eligible to win cash, gift certificates, apparel, and other great prizes at the annual Black and Gold Night on Friday, November 8.

When you get your Sports Card filled up with stamps and you plan to attend Black and Gold Night for a chance to win prizes, keep your eyes and ears open for an opportunity to win $10,000. Yes, ten thousand dollars! Do not miss your chance to win.

If Sports Cards are needed, extras can be easily attained at any athletics event by a member of the event staff or in the athletics offices at the MAC.

Now is your chance to be a part of the new excitement surrounding Bryant Athletics and at the same time win free prizes. Come help develop a winning tradition here at Bryant and do not forget your Sports Card!!

**DOUBLESTAMP MATCHES**
- **Sunday, October 13**
  - Women's Tennis vs. Lemoyn @ 12 p.m.
  - Men's Soccer vs. Lemoyn @ 1 p.m.

  - Saturday, November 2
  - Men's and Women's X-Country - NE-10 Champs.
  - Fall NE-10 tournament games/matches are double stamps

On the Road Again: Women's Volleyball.

The Women's volleyball team hosted AIC on Tuesday for the first time since the 14th of last month. The team lost to AIC, which dropped their record to an even 7-7 overall and 2-2 in the NE-10. The team will now head out on the road again with a match at Quinsipia.

Earlier last week, the Bulldogs rolled to an impressive victory at Sacred Heart. The Bulldogs swept the match 3-0 behind the strong play of junior

Jasit Roseney (Brunswick, MA) - who had 16 kills. Junior Jen Carvalho's (East Providence, RI) 36 assists and senior co-captain Stacy DeFranzeo* (W. Haven, CT) 14 digs round out the top performers in the game.

Men's soccer needs OT to beat RIC

The Bulldogs split another week, beating Rhode Island College 2-1 and losing to Merrimack College 4-0. After a scoreless first half, Jared Dewey took a long pass from Ken Verzella and scored his eighth goal of the season. With just under three minutes left in regulation, Rhode Island College scored to tie the game and send it into overtime. Playing one man down, the Bulldogs rallied and Dewey struck again to score the game winner with 17 minutes left in overtime. Dan Cain posted the win in goal and the Bulldogs record now stands at 4 wins and 5 losses. Dewey has moved into second in the conference in scoring. Come support the men's team as they host Lesumy this Sunday at 1 p.m., and Saint Rose at 2:00 p.m. on Monday.

Women's cross country looks promising

Jackie Ely and Michelle Mottola

The Women's Cross Country team competed at Babson College last weekend and returned with positive results. The team has come from behind and improved tremendously over the past few weeks. Sophomore Michele Mottola led the field, posting her best time of the season running the 3.1 mile course in 19:41. She finished in 12th place. Running second for Bryant was freshman, Nikki Rogerson (Attleboro, MA), who finished in 21:22. Kristina has consistently improved her time each race. Other Bryant finishers include sophomore Leah Capranica (21:52) and freshman Kelly O'Leary (23:13). The team finished just over all the girls have a weekend off before they head to Stonehill College on Sunday, October 20. Keep up the good work, girls! And yes - we still love you!
