Placement Interviews Begin February 1

Next Monday, February 1, seniors will begin taking placement interviews. These interviews will be conducted in the Placement Office and will last anywhere from 20 to 30 minutes. Unfortunately, most seniors, to date, have not qualified to take these interviews. In order to take interviews, a senior must have, as a minimum, turned in 20 copies of his resume. If a senior needs help with his resume, the Placement Office is prepared to offer him assistance in regard to content and form. After he has submitted his resume, a senior is then eligible to take interviews which will run from approximately 9:00 a.m. to 4:30 p.m. There is no limit to the number of interviews an individual may take. Persons signing up are discouraged from cutting classes in order to speak to a recruiter.

Seniors should not pass up this opportunity to speak with representatives of the various companies.

Those taking interviews should check with the Placement Office daily regarding cancellations and schedule changes.

Recruiting Schedule

**Monday, FEBRUARY 1**
- American Optical Corporation
- R. J. Reynolds Tobacco Company

**Tuesday, FEBRUARY 2**
- The Upjohn Company
- Burroughs Corporation

**Wednesday, FEBRUARY 3**
- U. S. General Accounting Office

**Thursday, FEBRUARY 4**
- General Electric Company
- Owens-Corning Corporation

**Friday, FEBRUARY 5**
- S. M. & L. Incorporating Company
- Kraft Foods

**Monday, FEBRUARY 8**
- General Electric Company
- World's Largest Food Corporation

**Tuesday, FEBRUARY 9**
- Hartford Insurance Group
- General Electric Company

**Wednesday, FEBRUARY 10**
- General Electric Company
- National Bank

**Thursday, FEBRUARY 11**
- General Electric Company
- Blue Cross

**Friday, FEBRUARY 12**
- General Electric Company
- U. S. Airways

**Monday, FEBRUARY 15**
- Peat, Marwick, Mitchell & Co.
- U. S. Plywood Champion Papers, Inc.

**Tuesday, FEBRUARY 16**
- Peat, Marwick, Mitchell & Co.

**Wednesday, FEBRUARY 17**
- Haskin & Sells
- Owens-Illinois

**Thursday, FEBRUARY 18**
- Owens-Illinois
- Continental Oil Company

**Friday, FEBRUARY 19**
- Aeromatic Distributing Company
- Macey's

**Monday, FEBRUARY 22**
- Owens-Corning Corporation
- Raytheon Company

**Tuesday, FEBRUARY 23**
- New York State Dept of Audit & Control
- Continental Can Company

Snow Queen To Feature Dating Game

The beginning of the second semester is here and it can mean only one thing: Tau Epsilon Phi's 32nd annual Snow Queen Week is just around the corner. With the help of their new sister sorority, Sigma Iota Z, extensive preparations are being completed for another successful weekend.

Again this year competitive displays will kick off the festivities. Each fraternity will build a display depicting a winter scene from a foreign country. Their candidate for Snow Queen will be incorporated in their display. These displays are always the colorful event of the year. The judging will take place on Wednesday afternoon, February 3rd, at 3:00 p.m.

This year a new event has been added to Snow Queen Week. On Wednesday evening at 7 o'clock a takeoff on the Dating Game will be presented in the gym. Each Fraternity will be represented in the game by a glamorous model. Rumor has it that three eligible bachelor professors will be on the other end of questions posed by a warbling beauty.

On Thursday evening, February 4th, the judging of the candidates for Snow Queen will take place at 7:00 p.m. in the gym. Again this year, the Snow Queen pageant is a preliminary Snow Queen Pageant.

Spring Registration — A-J Go That Way

A approximately 165 new students joined the nearly 1900 returning upperclassmen at registration held this past week.

Half Price Books Available

Used books are again available for half price in the lounge over the bookstore. To purchase a used book at half the price of a new book, simply walk into the lounge, pick up the book, and pay the price indicated. To sell any of your books through this facility, bring your books and leave your name with one of the people working at the sale. At the end of the sale any unsold books may be taken back.
Letters:

Senate — Spokesman for Students

When you left last semester the leadership of your student government had resigned. This semester you will elect new leaders who will initiate a new Senate and supervise the student body. Our question asked may be

"What is the purpose of student government?" Well, the purpose of the student senate is listed in the new constitution, but one may sum it up that it is a spokesman for the student body, though the administration seldom listens to its advice.

A problem is how does one represent two thousand students? Well the Senate is the most representative body has elected members. One may argue because what the representatives say is what the majority agrees with, this is a big assumption and since the student body should keep united there should not be a need for division.

At present there are six senators from each class. The senators are the people that represent you and work for you. The people are the people to hear your ideas and feelings on the issues concerning the college. The senators should present the change and have the senate officers carry them out.

A second question is what has the student government done for me? Maybe we should ask the question what have we done for the student government, but that does not answer our question. I don't know if the student government has done anything. The answer is in one's own opinion. When one graduates, the change seems a little more evident whether student government is responsible for this or not is one's own opinion.

Some people believe they can operate more effectively outside the system. Government. I feel this contains some danger that the administration may respond to groups that do not represent the majority of students on this issue.

The purpose of the student government is to be a spokesman for the student government, but that does not answer our question. I don't know if the student government has done anything. The answer is in one's own opinion. When one graduates, the change seems a little more evident whether student government is responsible for this or not is one's own opinion.

For example, the student government operates too slow. This fact may be, but one should at least attempt to try. Even with a very slow policy is slow to act and has already missed the past, when it had to (i.e. Tonkin Gulf Resolution).

I will not deny the past student government made some mistakes. Unfortunately, the students are not aware of this or the students do not realize this. This idea that a professional student running the student government instead of students coming to have merit. Also the student government has to communicate to 2,000 students and our only means is the school paper so it is needed. I do not mean to insinuate that this letter is necessary for my own well being. Nevertheless, I respect them then. You are invited to discuss career opportunities with the

ENSIGHTS
By Alan Kluger

The Love of a Scribe

...and so he hung in crucifixion, he asked his brothers to operate the truth to the four corners of the globe." John went down, Peter went East, Paul went West, and Lake headed South (referred to as NEWS). And it came to pass that one John Peter, who was charged with reporting the NEWS was charged with "Freedom of the Press."

And as Hears' papers became "yellowed" and Greely went west, there developed a phenomena called the Communications Gap.

There came a young man — a champion of fairness. He was Harold, Son of "Doc," the brother of Gardiner, and he was fair and just. He answered the call of truth and set out to seek equitable brothers to work with in search of his goal. But there were two reporters, apart from the others, whose talents were uncommanded. As Harold did rule, he frequently sought the views of these two dedicated aids. In the ensuing months, William, brother of William F., son of Richard and Stewart, friend of practi- cal Wally of Almanus and Jane, joined Harold and together they strode to become independent. Wreaths were on their heads and the North, East, West, and South were joined with a new independence cause. "Comment" and "Insight" to the Greekesk lack of Harold. The Hippies and the Yuppies rejoiced while Harold smote out at the holocaust in the Far East...

...And it came to pass that the brothers of Malcolm of the tribe of Kim decided to dwell in the village of Curtis to build and protect their brethren. Now, it happened to be that the office of dwellings was committed to the decision of his spokesman — he was a brother of Malcolm — for he was friend of the learner and Keeper of the Faith. And when it came to power, the power of truth and self-determination were heard and the brothers of Malcolm were given a village to dwell in. The natives of the nearby villages rose a voice of concern with these events; and in time with peace and sociology...

...Alas, from among the neighboring villages rose a voice from the past. He sought out Harold, William, and Stewart, for he could tell them a central theme, "King of Kings," or Laurence of violet-page fame. With twisted facts and fierce innumerable, he disseminated — and these former servants of fairness were kin to distortions and vengeance. Still inflicted with the twisted psyche of Fraud and Zues, Harold ordered a call for the banishment and repudiation of the dwelling-dwelling spokesman who dared to speak as an individual with conscience. As possessed by the Greek gods themselves, Harold and his kin smasted the facts, and con- jured fabrications so as to smite a blow of vengeance. And they printed, the foul smell of yellow once again covered the press.

The exciting Episodes of NEWS will be continued in the next issue. Watch for magazine sequel entitled, "I was a spy for the Security Corps" or "Hey Guys, help me get these blinders off!!!"

Snow Queen

(Continued from Page 1)

to the Miss Rhode Island Universe Contest. Each candidate will be judged on poise, personality and answers to questions. They will also be judged in evening gowns and bathing suits.

On Friday evening, February 5, Snow Queen week will conclude with an end with a Coronation Ball at the Old Grist Mill in Seekonk, Mass. "For the displays and the crowning of the 1971 Snow Queen will take place at 10:30 p.m. Music for the evening will be provided by Noah's Ark, and the entertainment will be provided by the Cardinal Swing Band. Admission to the Ball will be $6.50 per couple and dress is semi-formal. This is the beginning of a new semester, and there's not much happenings to keep you tied down, so go out and enjoy yourselves.

Cold Wait In Dining Hall Line Ended

The resident student dining hall will be closed every day from the hour of 3 p.m. to 4 p.m. Mr. San Souci, Director of Dining Services explained that policy was adopted to allow the dining hall employees an opportunity to thoroughly clean the cafeteria before the evening meal.

To further accommodate resident students and to help eliminate the complaints about having to wait in line in the cold weather, the dining service is extending the line around the inside of the dining room so that long lines will not proceed through the outer doors.

Comics Join Revolution

NEW YORK — Comic books are taking a new direction and becoming more contemporary and relevant to the problems facing our current generation. Examples in recent issues show Superman as neurosis-ridden, Batman becoming pollution conscious and Green Arrow coping with bigotry and discrimination.

By Harry Krishnan

Achmud and Clymenestraaestrea or Pantheon Place

It was in ancient Greece, that this story finds its origin. It seems that in this land lived Achmud, son of Nuf, a rich, chivalrous youth, who by more coincidence popped up one day at the local slave market. On this day a new shipment of slaves had arrived from the deepest pits of Africa. Achmud had never seen any of these "tanned" people before and was going to the market to see if they really did have hens. It was on this day that Achmud's eyes first glanced upon Clymenestraaestrea. She was a ravishing beauty whose sight had stirred Achmud considerably. The bidding took place and though he tried vainly, it was another who made purchase a fler. Heartbroken, Achmud returned home, but vowed to see Clymenestraaestrea again. Four days later Achmud ventured over to see Clymenestraaestrea (everyone new her as Nancy) while she was at work. The two met and it was truly a beautiful thing. They fell in love and they knew that this love was to be eternal. They decided to marry and settled down in a small cottage in the country. Achmud and Nancy lived happily ever after. But there was something missing in their life. They wanted to have a child. They tried and tried, but nothing happened. They decided to consult a wise woman who lived in a nearby village. She examined Nancy and said that she was pregnant. Achmud was overjoyed and filled with happiness. He turned to his wife and said, "Dear Nancy, we are going to have a child!"

Legal Loopholes Mark Draft Year

by Dr. Curtis W. Tarr

Nearly two weeks ago, the Selective Service System completed its first year of experience with the random-selection, the youngest-first method of selecting men for induction into the armed forces of the United States. In any period of transition, we have encountered a variety of problems. Many have been resolved; others still remain. Among these, one is the introduction to military life. The accomplishments of this new system are significant.

(1) On December 31, 1970, at least 731,719 young men completed their period of primary exposure to the draft and were automatically placed in a second priority selection group. These young men were in Classes 1-A, 1-AO or 1-O during 1970 and because they had received high lottery numbers in our first drawing, they were not called during the year. They will not be called in the future unless there is a major mobilization. For these young men, for their families, and for those associated with them, the long period of uncertainty about the draft has been reduced from seven years to approximately one year.

(2) During 1970, the Department of Defense asked Selective Service to provide 163,500 men for duty in the armed forces. During the early months of the year, as we shifted to the random selection system, we experienced some difficulties in meeting these calls. By the end of April, 1970, we had accumulated a total shortfall of 14,555 men. In the succeeding months, the system became increasingly efficient, and by year's end, we had delivered at least 163,000—only 441 men short. The final audited figure probably will show a further reduction in that figure. This new system was over 99% effective during its initial year in meeting the manpower requirements of the nation's defense.

(3) In the early months of 1970, skeptics asserted that men with random sequence numbers ranging in the high 300's would never be selected. By year's end, no one in the country with a number higher than 155 had been called for induction. In many states, board numbers did not reach as high as 195. All the statistics, all the reports from our state directors, and almost all the comments we have received at national headquarters, indicate that this lottery is a welcome improvement in the draft. During my recent trip to Southeast Asia I talked to hundreds of enlisted men about the draft. Respite rather widespread disagreement on other policies, everyone agreed that so long as the draft is needed, the lottery system is the fairest way to call for induction.

For these two major actions would improve still further the system of random selection. President Nixon, on April 23 of last year, asked Congress to grant him the authority to have a uniform national draft. We have made significant improvement in the equity of our performance with random selection and phasing out deferments for occupation and paternal deferments. But more needs to be done. We intend to seek the help of Congress to complete these changes.

their exploits on other planets is behalf of blue men, orange men and purple men, challenge-
ed, "I want to know why you never bothered to help black men!" Stunned and awakened, the
green-clad duo take off in a dump truck on an Easy Rider
tour of the country to deal with some of the moral issues
facing this nation.

And the list grows. Wonder Woman and Lois Lane have be-
come involved with "women's fies" in their own lives, and
Superman's pal, Jimmy Olsen, a cub reported for 30 years, has
battled sandrams in ghetto areas. Indicating that these new
approaches are not random, single
-episode deviations from the
norm, but new directions, Car-
mine Infantino, editorial direc-
tor of DC Comics, acknowledges
the change and credits it to the
-growing sophistication of the
comic's audience.

Says Infantino: "The readers
of comics have changed. Today's
youth has because too aware
and too educated to be satisfied
with a constant flow of escap-
ian. Even as the largest publ-
isher of comics, we realize we must
continue to progress in our
books if we are to remain suc-
cessful.

"Our audience demands more
relevant material in comic books
and we are giving it to them as
Superman, Batman, Green Lan-
tern, Wonder Woman and the
others become involved in the
very real problems of today's
world. If sales are the best testi-
monial to our doing our job, let
the record show that DC sold
over 40 percent of the 300 mil-
lion comic books sold last year.

Ball Team Ends Vacation
With 3-0 Naismith Record

While most of the students enjoyed a six-week vacation, the Bryant College basketball team traveled hundreds of miles to meet some tough opponents.

The Christmas Tournament was hosted by the Indians this year but they weren't too successful. They dropped the first one to Merrimac by the score of 95-76. They played a thriller with Colby ending up on the short side of a 96-93 game. Jim Gary had 22 and Ray Depelteau put in 18.

The trip to the Washington area started with a crushing defeat to Loyola of Baltimore, 112-72. Coach Tom Follard felt the turning point of the game was when their guards pressured ours and took the ball away from us to a couple of times in a row. The Indians then traveled into Virginia to meet Washington and Lee. The game was close throughout, but Bryant fell short 79-72. Their final game on that road trip was against highly-rated Catholic University. Captain Jim Gary played an excellent ballgame with 25 points in a 106-71 losing effort.

This past Wednesday Bryant found the road to victory after one of their longest losing streaks in their history. Pete Porter and Jim Gary led the Indians to a 77-59 victory. Jim Gary also pulled down 16 rebounds, while Ray Depelteau and Sonny Garrick each had 12. Bryant's overall record is now 5-7 for the year. Their conference record is 5-0. The Naismith Conference winner gets an automatic bid into the NAIA playoffs.

Bryant's overall record is now 5-7 for the year. Their conference record is 5-0. The Naismith Conference winner gets an automatic bid into the NAIA playoffs. Bryant, now undefeated in conference, is tied with Nassau and St. Francis. This Saturday night the Indians return home to host Nassau College for the first place spot in the conference. On Feb. 6 they will travel to St. Francis College in another big game. Feb. 9 Bryant will host Nichols College. See you at Marvin Gymnasium this Saturday night.

Comics Books

(Continued from Page 5)

"The success of our modernization and relevancy program can also be judged by the great and continuing upsurge in interest in our publications by college students, who are forming clubs and creating panels to discuss the growth and development of the form into a mirror of our times and an instrument for social progress."

“And finally, the fact that various schools across the country are using our comics to help teach reading as well as other subjects, best illustrates that comics are growing up."

Nomination papers for Senate officers may be picked up in the Director of Student Activities Office. Please give a sum. It's your Student Government.

Bryant College will host Nassau College at Marvin Gym Saturday, January 30 at 8:30 P.M. The freshmen play Mackin H.S. of D.C. in the preliminary.

Bryant basketball will play Barrington College on Wednesday, February 5, 8:00 P.M. in Marvin Gym.

Bryant Frosh

To Battle with Macking High

This Saturday night you can see one of the best high school basketball teams in the country play against the Bryant College freshman basketball team. The game will be the preliminary game to the all-important Naismith Conference game against Nassau College. Macking High will be playing the Providence College freshmen Friday night. Macking is headed by 6'6" Hall Newton. Bryant coaches are very much interested in seeing this boy play. Take this opportunity to see our freshmen meet this highly-rated high school.

The game will start at 6:00 at Marvel Gymnasium.

Intramural Basketball

Referee Test will be given February 4, 3:15 p.m., in the Athletic Office. All rosters for teams must also be in on February 4. League will start February 8.

ATTENTION: ALL STUDENTS

Students interested in Washington Interstuds (Senators Chalbone Pell and Congressman Robert Taylor) please see Alan Atroc as soon as possible. Excellent opportunity or on-the-ground experience in government.

THE NEW YORK TIMES

has a circulation of 680,000 daily

THE ARCHWAY of Bryant College has only about 2000 primary readers, and a secondary readership of those who clean up after you. We aren't even second best, although we try hard... and we want YOU, which is more than you can say for The New York Times.
