Kluger Wins Senate Election

With a total of 513 votes, Alan Kluger became the new President of the Student Senate of Bryant College. One thousand and forty-six votes were cast. Fifty-six of these had to be thrown out because of lack of signatures. Elected to the Vice Presidency with 497 votes was Cliff Wallach. Rich Biblien became treasurer with 547 votes and Lois Tierney became secretary with 540 votes. The entire executive was as follows: For President — Al Kluger, 513 votes; Gar序幕 Gianmarco, 294 votes; and Alber Antonec, 503 votes. For Vice President — Cliff Wallach, 497 votes; Mark Vinrent, 263 votes; and Max Schwinnshust, 227. For Treasurer — Rich Biblien, 547 votes; and Jack Huray, 392 votes. For Brown — Lois Tierney, 540 votes; and Bertha Burgess, 327 votes.

The next step to complete the building of the new senate is the election of the twenty-four senators — six from each class. Nominees for seats are available now in the Student Activities Office. The election for senators will be held in the near future.

Second Semester Brings New Faculty Members

Six new faculty members have come to Bryant beginning with the opening of the second semester.

In the Social Science Dept.:
Samuel Matthews, B.A. from Lehigh U., B.D. from Yale in 1963, presently a Ph.D. Candidate at Brown.

Marlhillnitchelle, B.S., U. of Wisconsin, 1964, has completed general exam requirements at M.I.T.

In the Psychology Dept.:
Dr. Kenneth Schafer, B.A. from Deunison U., B.S. from Florida State, Research Officer, of the National Institute of Mental Health.

In the Humanities:

In the Math Department:
Guy Davis, A.B. from Rhode Island College, M.S. from U.S. previously taught at U.R.I. and in Hawaii.

U.S. Invasion Spawns Nationwise Demonstrations

(CPS) — A wave of student strikes and demonstrations began across the country Wednesday in reaction to revelations Sunday that U.S. and South Vietnamese forces have invaded Laos.

A dramatic communique from Madame Nguyen Bish of Vietnam's Provisional Revolutionary Government confirming the Feb. 4 invasion by "tens of thousands of Saigon, Thai and American troops" broke a week-long news blackout from South Vietnam and jerked the nation's anti-war movement into a new month-long post-Kent drum.

The initial call for the demonstrations came from Madame Bish, in telegram Saturday evening, to selected U.S. radical leaders, and in a telephoned statement the next day to the 2,000 delegates of the Student and Youth Conference on a People's Peace in Ann Arbor, Mich.

The PRO statement issued an appeal "to the student and youth conference in Ann Arbor, Michigan and to peace-loving people throughout the world to initiate form, broad and immediate action, including massive street demonstrations, to condemn U.S. aggression in Laos and to check new plans to invade Cambodia, Laos and North Vietnam." The PRO said the Feb. 4 invasion of Laos involved "more than 20,000 Saigon paramilitaries, marines and rangers ... two regiments of the Third Infantry Division of the puppet Thai army ... (and) U.S. ground troops, and not just American advisors."

Washington spokesman have broken the news blackout to specify the "limited" nature of the Laos invasion, and repeatedly emphasized that only Saigon troops are involved — with air and artillery support from U.S. troops massed along the Laotian border.

The Laotian action — involving intensified air bombardment of huge sections of the country, ground combat along the southern section of the Ho Chi Minh trail, and huge massings of U.S. troops along the Laotian border and the militarized Zone — is being billed by U.S. officials as a "protective measure" designed to "speed the withdrawal of U.S. troops. The Laotian government has lodged a complaint with the United Nations. Henry Kissinger sees the action as a direct invasion threat.

People gathered at the Ann Arbor conference, called to develop organizing plans for a spring anti-war offensive, responded to Madame Bish's announcement with complete unanimity and little delay, calling for massive student strike, street demonstrations and civil disobedience to begin Wednesday, Feb. 10. Earlier in the conference, before the disclosure of U.S. troop involvement in the invasion by the Binh commune, the delegates had endorsed a call from Kent student states to demonstrate Feb. 14, but the new urgency of the situation resulted in the acceleration of the timetable.

In a press conference in Washington, D.C. Monday morning, spokesman for several national anti-war groups urged demonstrations. Page 5

Members of the elections committee validate and count the ballots cast in Wednesday's Student Senate election of officers.

 Greeks Increased by 176

Pledging has again begun at Bryant College. The records show that 176 students are pledging with the hopes of becoming brothers and sisters of the nine fraternities and sororities. The number of pledges for each fraternity and sorority who have met both the cum and bid requirements is as follows:

Tau Epsilon, 20; Tau Kappa, 17; Tall Epsilon Pill, 13; Tau Kappa Epsilon, 13; Sigma Lambda Theta, 10; Sigma Phi, 10; Theta Chi, 9; Alpha Phi Kappa, 13; Sigma Eta Beta, 11; Sigma Eta Xi, 10; Kappa Delta Kappa, 4; Sigma Lambda Theta, 4; and Beta Sigma Omicron, 13. Last year's total for new brothers and sisters was 177 showing a reduction of only one pledge.

Faculty Evaluation Results To Appear In Archway

The 1970 Faculty Evaluation, conducted during the last few days of last semester, has been tabulated and distributed. This year's evaluation has been distributed in a different manner than past evaluations. Copies of the document have been considered the most accurate and comprehensive evaluation to date.

The entire evaluation will be printed in the ARCHWAY over the per of the next few weeks.

Concerned Bryant Students Attend Peace Rally

Providence — Several student factions of college hill gathered at Kennedy Plaza on February 10 to protest United States involvement in Laos. The rally was held despite near-zero temperatures. Jerry Elmy, who was arrested last June for destroying draft records in Providence, was the keynote speaker. He emphasized a stronger alliance within the peace movement and urged all those present to attend his trial in March "to witness how justice is carried out." Other speakers were Dr. Bruce Murray, Stephen Mazzar, and former State Senator Norman Jacques, who was indicted for draft evasion last year. Such organizations as the Student Mobilization Committee, United Farm Workers, New University Conference, and the R.I. Peace Action Coalition were represented.

—Robert Rahlau ’74
Prefabricated Fabrication

The distinction between that which is real and that which is not real is often difficult to make. If we start living in that which is unreal, the same situation could become real, and the original reality then becomes unreal.

The idea of the new Bryant College Campus being a creation of beauty and an achievement of mankind is supposed to be real; however, a closer look at the current situation and all of the ramifications that are likely to arise from such a situation will show that the new campus is quite unreal, and the original reality will only become more real.

An explanation of the situation will help clarify the previous statements. Since the acquisition of the Upper Campus (just by passing, Drew Mr. Tupper did not give in to the successor of the Bryant College for the purpose of a tax savings), we have been talking about the possibility of future surroundings and the new nature of this campus. This statement is totally false. Next time you decide to ride out to the beautiful, rural and scenic, lock and key, and see if you can notice all of the trap that is in this beautiful country. If this is not enough, please note that the students is designed to be an effective catalyst for people of the right side of the road, the National Guard Pavilions can be noticed — how convenient.

To make through the country a bit more pleasant, the state has been kind enough to provide us with two round super highways. Perhaps the citizens will use them if they are enough configured and they decide to leave the area. The citizens might have the right idea. It appears that some people have honked horns on the country already have “For Sale” signs in front yards. It is hard to believe that anyone would want to leave this beautiful area.

For those of you who are sceptical, we might materialize the thought of who is going to buy all of this land that is suddenly for sale. Since we have made a contract with some people who bought seven million dollars worth of Bryant College Bonds at ten percent interest in two years of college days, we are going to buy all of this valuable land. Then for all of this is real, or it could be real. The unreal part comes when we encounter the difference in the new campus. The difference is a fine replica of a country road. Unfortunately the two orange fire hydrants ruin the illusion that was attempted. Don’t think that there is anything wrong with the hydrants, and we are very sceptical of the architect who designed this. This was very thoughtful of the architect to provide a place for the dogs of the future in the country.

We commence our arrival to the new campus when we enter the “new” campus. For the first time, we start to enjoy the thing of beauty as we have been told but instead, a model of 1984.

To scream out in fear would be to no avail, for how can it be said that it is not yet here. The same amount of time it takes for this campus is measured by how long it is before we take the leap to this new campus. This campus is the most demoralizing, depressing, impersonal, uninteresting, institutional madness that could be imagined. If I were to introduce a new building on a simulated campus road. As a matter of fact, I was very thoughtful of the architect to provide a place for the dogs of the future in the country.

New Accounting Major
To Begin Next Fall

Acting on a proposal from the Curriculum Committee, Vice President for Academic Affairs, Dr. Thomas Manion, has announced a new revised accounting major.

The new major will consist of the following:

**GENERAL STUDIES**

- English - E1 & E2-Eng. Comp. I & 2
- English E6-Public Speaking
- English E8-Intrmn. to Lit.
- Math M3 & M4-College Math 1 & 2
- Math M5-Statistics
- Economics - Ec1 & Ec2
- Social Studies - SS2-Modern World
- Social Studies SS1-Western Civ.
- Social Studies SS10-Political Science
- Psychology - PS
- Science Electives (2)
- General Studies Electives (5)

**BUSINESS AND PROFESSIONAL**

- Accounting Principles - AI & A2
- Law - LI & L2
- Marketing - MK1
- Management - MG1-Principles
- Management MG3-Personnel Administration
- Management MG12-Intro. to Data Proc.
- Taxes - T1
- Written Communications - E2
- Economics - EC 4-Money and Banking
- Economics EC 4-Corporate Finance

**ACCOUNTING**

- Intermediate 1 & 2
- Cost I & 2
- Advanced
- Internal Auditing
- Professional Elective (2)

**GRADUATE**

- Accounting
- Required Business Subjects
- Electives

**Total Hours 120**

An important feature of this new accounting major is that all accounting courses will consist of 3 hours, and that Taxes will, last, be a 3-credit course instead of the present 2-credits for 3 hours of class per week.

These proposed changes will not affect present accounting majors, but will be in effect for all incoming freshmen.

In addition to providing a more study-comprehensive curriculum, this new major will free 36 classroom hours for use in another area or major. When asked about possible uses for these 36 hours, Dr. Manion stated that the school "is surveying the possibility of using them for a day graduate program, but no decision has yet been made.”

It is noted trying to remove

amount of dividend a veteran

These dividends are compensation and pension, GI Bill and other educational assistance, subsistence payments to vocational rehabilitation trainers, and grants for homes or autos to severely disabled veterans.

V.A. College News

The Veterans Administration announced today that 21,955 Rhode Island veterans holding World War I and World War II insurance policies will receive $1,205,600 individuals this year. Ellis H. Hall, Acting Director of the Providence VA Regional Office, said these dividends are part of a record $252 million in annual dividends Administrator of Veterans Donal E. Johnson approved for distribution in 1971.

The higher dividends, Hall noted, were made possible because of increased interest earnings of the World War I United States Government Life Insurance (USGLI) and the World War II National Service Life Insurance (NSLI) trust funds. Hall noted that nationally dividends total $252 million, averaging about $61 apiece, will go to about 4,000,000 veterans with NSLI policies.

The 163,400 veterans with USGLI policies will receive $20 million in dividends, averaging about $122 apiece. All dividends will be paid in 1971 on the anniversary dates of the policies, Hall said.

The VA official stressed that since payment of dividends will be automatic, veterans need not write to the VA to receive payment. Veteran who have

In 1970, more than 4,191,000 veterans with NSLI and USGLI policies received $261 million in dividends. Those with USGLI policies averaged more than $122 apiece, while those with NSLI policies averaged nearly $61.

Hall explained that the amount of dividend a veteran receives depends on such factors as the plan of insurance, age of the insured, age of the policy and its face value.

Veteran benefits are generally exempt from taxation and need not be reported as income on income tax returns, the Veterans Administration announced.

The VA said the only reportable item is interest earned on GI insurance dividends left on homes or autos to severely disabled veterans.

New Catalogue Provides New Course Titles

Designing the Bryant catalogue for the 1971-72 calendar year has proved to be a very difficult task. With the moving of the campus, and the many changes in curriculum, re-run material from past catalogues will be almost impossible.

One section of material for the new catalogue is completed, that being the new course titles. As you can see below, there are quite a few changes:

All Are Welcome
First Winter Session Surprise of the Year

The first Winter Session has turned out to be the surprise of the academic year. Originally designed to accommodate the freshmen or seniors who were in academic trouble and needed to make up a course, the Winter Session proved to accommodate few of these students. Of the 442 students enrolled in the program, the majority were classifications of 5 or 6. The largest section turned out to be Investments, Biology, and Ee. Analysis.

Originally, there were twenty-eight sections offered, but this number was later reduced to eighteen due to the small demand for the freshman courses.

The average student was not one trying to pass a course he had previously flunked, but instead was one trying to take a course required during his next semester.

TRIVIAL TRIVIALITIES

Here it is. The nearest you've all been waiting for. We missed it last week, but here it is. "TRIVIAL TRIVIALITIES" is a test of your knowledge of trivial facts. The first student to bring in, writing, the correct answers to the ten questions into the Activities Office is the winner. This week's questions are "Who played ...?" The answers and winner will be announced in next week's ARCHWAY. Here are this week's questions.

1. Who played Tonto?
2. Who played Zorro?
3. Who played Beaver on Leave It to Beaver?
4. Who played Ramar of the Jungle?
5. Who played Our Miss Brooks?
6. Who played Nancy Derringer?
7. Who played Mr. Peppers?
8. Who played Superman?
9. Who played Sergeant Preston of the Yukon?
10. Who played Captain Midnight?

I'm Here To Answer Questions

Ronald J. Candelet

DO YOU WANT . . . MONEY FOR FUTURE OPPORTUNITIES?

Will you be financially able to take advantage of that big opportunity when it comes? Men with capital are always in a unique position to make the most of a business break and life insurance can provide that capital. I hope I'll have a chance to discuss this valuable property with you soon.

Ronald J. Candelet, Representative

102 Waterman St. Providence, R. I. 274-3620

Near The Bryant Campus
Bryant Defeats S.M.U.

The Bryant College Indians playing their finest half of the year scored 55 points and then held off a late S.M.U. rally to win their second straight conference game. Bruce Stewart had 26 points, Stewart had 25 points, Bruce Stewart had 23, and Sonny Garrick 21. Both Depeleau and Garrick reached their career high points in points as they hit on key baskets late in the game after S.M.U. had closed within 4 points 86-82.

Bryant raced off to a 5-35 half-time lead as they ended up shooting 61%. In the second half Bryant cooled off and unable to handle to press S.M.U. gradually closed the gap. With 8:23 left in the game, Bryant led 72-62. Then Bryant surged again and increased their lead to 16 points. The S.M.U. press forced us to turn the ball over eighteen times in the second half. S.M.U. had the ball and was down by four points with 50 seconds remaining. However, they missed their shot and we scored the next four points to clinch the victory.

Bryant shot 50% for the game but lost the ball on turnovers 32 times. Sonnie Garrick and Jim Gary each had 12 rebounds as Bryant won their 9th game of the year against 11 losses. This was an SNCC conference game and Bryant is now 4-2.

In the freshman game Roland Denny scored a career high of 26 points and Glenn Cantin bombed them in from outside scoring 21 as the Bryant freshmen scored an 60-60 victory over the S.M.U. JV. Cantin and Denny each had 11 rebounds and Tracy Richardson had 12. Richardson also contributed 13 points as Bryant shot 56% in the second-half.

Cheerleaders Are Back

Bryant College playing for the first time in five games before their beautiful cheerleaders went on the defeated Nasson, 90-74 in a conference game played last Saturday in Maine. Bryant put it all together as all five starters were in double figures. The cheerleaders overcame their pledging weaknesses and gave the players the inspiration they desperately needed.

Ray Depeleau, Tom Burns and Jim Gary led the Indians attack with 23, 21 and 20 points respectively. But it was Sonnie Garrick who broke open the game midway in the second half with a blocked shot that sent Bryant on a 14-0 tear after Nasson had tied it 63 all. Sonnie has been doing it all year, but tonight he had two blocked shots that were incredible. Each time he came across the key, the In went up and got the ball about 1 foot over the rim. In addition to his defense he had 15 rebounds. But he wasn't the only contributor to that cause. Jim Gary had 18 rebounds and Bruce Stewart nine.

Bryant Suffers Loss To Suffolk

by Jeff Doppelt

The Bryant College Indians lost their third straight game when they fell to Suffolk University, 86-73 on Thursday, February 11. Poor shooting and turnovers hurt the Indians as they fell behind early and never managed to really get back in it.

Although Bryant had 60 rebounds for the game, 25 turnovers and 31% shooting made it impossible for Bryant to win. They did manage to shadow Suffolk's best player as Bruce Stewart held Al DaSilva to scores in the first half. With the Indians down by 16 at half 44-28, the game looked wide open in the second half as Dalton scored 17 points preventing any Bryant comeback.

The game was played in the YMCA in Cambridge. The gym is one of the most difficult for visiting teams to play in due to its wooden backboards and flimsy rims. Last years team which was 14-2 lost their also. Bryant is now 7-11 and Suffolk is now 5-11. It doesn't look like Bryant can possibly get a tournament bid anymore but they are still in contention for the Naismith Conference which gives them an automatic tournament bid. Bryant's next Naismith game home game is tomorrow against St. Francis.

In the game with Suffolk, Ray Depeleau was high scorer with 18 and Sonnie Garrick had 15. Five players, Ray Depeleau, Sonnie Garrick, Bruce Stewart, Jim Gary and Bobby Cappano had over 8 rebounds each.
