Dorm Ass'n To Announce Basketball Attendance Winners

On Monday, February 19, the Bryant College Dormitory Coun­cil's College Spirit Program reaches the high point of the basketball season. Since December, the fraternities, sororities, men's and women's dormitories have been involved in this program. The fraternity, sorority, men's and women's dormitory with the greatest participation at home games, over this period, will be the winners.

The game against SMTI was the last game involved in this program. Now, on Monday the nineteenth, the winners will be announced. At the half-time of this game, against Sacred Heart University, the presentation will take place. These trophies represent more than one night's effort, rather a whole season. The win­ners will deserve a lot of credit from the student body, and the college itself.

Even though Hope High is not an adequate nor collegiate atmosphere for college games, it is the home court of our team. The Dormitory Council expects to have a good representa­tion from the Greeks and dormit­ories. Remember, this is the last home game of the 1967-1968 basketball season.

Best of luck to the Indians from the Dorm Council!

Bryant Interfaith Council

NATIONAL BROTHERHOOD WEEK TO BE OBSERVED AT BRYANT

For the first time since 1952, National Brotherhood Week will be observed at Bryant College. In the past sixteen years, only one-night brotherhood program has been held. This year's ob­servance will be the biggest event held here in Bryant's one-hund­red-and-five year history.

National Brotherhood Week is sponsored by the National Coun­cil of Christians and Jews. Our Brother­hood program will be sponsored by the Interfaith Council, the co-ordinating body of the three religious organiza­tions on campus—B.C.A., Hillel, and Newman Apostolate.

The Interfaith Council, comprised of two representatives from each religious organiza­tion, a chairman, and a secre­tary-treasurer, has worked on this project for more than four months. A full week of events on topics of interest to all stu­dents is planned.

Everyone is urged to partici­pate in this full week of events that are free for all students and their guests.

The Interfaith Council of Bryant College in cooperation with the snack bar will sponsor a Brotherhood Hour in the snack bar on Tuesday evening, February 20, following the forum on "Birth Control—The Moral Issues" to be held in the student activities auditorium at 7:30. The Brotherhood Hour in the snack bar is another part of the Interfaith Council's Week of Brother­hood oriented pro­grams.

For the one hour following the Council sponsored forum, students and guests are welcome to go to the snack bar. Whatever you order, your friend will receive the same thing free. Your order can be for anything—a cup of coffee, a pizza, cake, soda, ice cream, or anything the

Dr. Jacobs To Deliver Keynote Address

Sunday, February 18, 1968, will mark the opening of Brother­hood Week: 1968 here at Bryant. Dr. E. Gardner Jacobs, Bryant president, will be the guest speaker at this event which will be open only to those who have made reser­vations in advance.

Father James Trainor, Cath­olic chaplain, will deliver the invitation. Guests will be wel­comed by Reverend Steven Wardwell, advisor to the Inter­faith Council. Reverend Steven Landers, who served as chairman for the week's events and is Interfaith chairman, will introduce the guests and Dr. Jacobs.

The dinner will be held in the Narragansett Room in Jacob's Hall.

Religion In The Public Schools

A well-known member of our faculty, Mr. James Estey, and the advisor to the Interfaith Council, Reverend Steven Ward­well will debate on "Religion in the Public Schools," Monday, February 19, at 6:30 P.M. in the student activities auditorium.

The topic of religion in the public schools was chosen by the Council because of the re­cent controversy over it. Opin­ions expressed on this problem, which some feel exist in teach­ing as well as practicing reli­gion in the schools, should prove very interesting.

Mr. James Estey has been a member of the Bryant faculty for three years and is a mem­ber of the social studies depart­ment. Mr. Estey is well-known to students as he has partici­pated in several debates and forums on controversial topics.

Reverend Steven Wardwell, has served as Interfaith Coun­cil advisor this year. Minister of Education at Central Congregational Church in Provi­dence, Reverend Wardwell is well versed in this field.

Be sure not to miss this ex­citing debate.

Birth Control: The Moral Issue

With the population explosion we are experiencing, and the rise in the number of unwed mothers, it is very interesting to ALL Bryant stu­dents. They will hear Father Raymond Collins and Mr. John LaFountain speak on this topic at 7:30 P.M. in the student activities auditorium.

Father Collins, chaplain to Catholic students at the Uni­versity of Rhode Island, has lectured quite frequently in Rhode Island, as well as in Massachusetts and Connecticut. Having taught at Our Lady of Providence Seminary, Provi­dence College, Catholic Teach­ers College, and Pope John XXIII Seminary in Brighton, Massachusetts, Father Collins comes to the lecture well-zoom-

THE DRAFT CARD DILEMMA

By WALTER GRANT

WASHINGTON (CPS) -- June 15. The legal maneuverings of draft card bearer Karl Stark have turned his draft card into a legal success story. Stark has won his court case in which he argues that his draft card is a symbolic representation of his right to refuse to go to war.

Stark's case has been hailed as a victory for the anti-war movement, as it is seen as a precedent for other draft card bearers to challenge the draft.

Karpinski said previous Supreme Court decisions have supported the idea that free speech is a fundamental right. However, he said that Stark's case is different because it involves the right to refuse to fight.

The Supreme Court has not yet ruled on the case, but it is expected to do so in the coming weeks.
**GREEK PLEDGING ACTIVITY BEGINS**

By Super J.

The brothers would like to extend congratulations and best wishes to the future in Nick Cercone, Dave Marques, Ken Silvia, Ken St. Jacques, and Bruce Vittner on their graduation.

Fun and games will commence today. The brothers are looking forward to pledging.

Our illustrious brother Sam has left his trademark at another establishment and after he was done, he wiped his mouth with a cobblestone tablecloth.

Lame, they say your legs got shot from under you again at the Eastern lodge by Snoopy. We would like to welcome back our No. 1 soul brother, Bob Williams. Al Spiegel has taken on insurance policies on Frank Bela to cover a $100 risk (bed). Tom, the phone has been disconnected for 6 months, try somewhere else. One brother who made it big after graduation is Kenny Silvia. He is receiving his master’s degree in Maintenance, with a major in cigarette-burn removal. Jean-Claude Duvivier tried to ski last week and discovered a new way of getting down the slopes, on his back. Super Jew became the king of the slopes that same day. Eugene Morris is also back in action. Charlie, Bob, and Ken, where did you go after the Teddy Bear Club — the Operations at Alvy Cafe? A fine trophy has been received by Chi Gam from the Valley. Rumors have it that Abe Duviv has the same IQ as Cheyenne.

**Tau Epsilon Phi**

By Al Felder

Well, today starts pledging on the Bryant campus and the Tau Epsilon Phi pledges are in for a lot of excitement. Now we have obtained our national charter last November, our pledge program will consist of a four-week intensive pledging headed up by our pledge master, that boy out from North Providence, Tony Collets. The Brothers of TEP would like to congratulate the gentlemen who received their bids and wish them the best of luck during these next few weeks.

The basketball team is really shaping up and Coach Gene Ellen has victory written all over himself and the team. Good luck in the upcoming season!

**Siga Lambda Theta**

By Robert Goodrescence

Phi Sig’s annual excursion to the mountain country of Vermont was successful and enjoyable once again. The trip to which the band of explorers traveled was Stowe, Vermont. Although fun was had by all, several of the savants incurred injuries. Out of the twenty-seasoned skiers that ventured onto the slopes, fourteen were casualties.

Congratulations to the brothers who were named to the team’s list last semester. They are as follows: Ken Crystal, Jack Henness, George Rogerius, and Robert Contessa.

The Phi Sig bowling team is now in first place in the fraternity league and second in the overall standings. The outstanding bowlers who have contributed to this first place record are Ken Crystal, 115; George Goodman, 114; Wiliam Vennelius, 113; and Joe Curro, 112.

Plans are now being made for the upcoming annual Miss Bryant Pageant in March. President, Ken Crystal, and Vice President, Jim McNamara, are presently organizing the events which will comprise the Pageant. Phi Sig hopes that all will support the Pageant. More information concerning the Pageant will be published and announced within the next month.

**Alpha Theta Chi**

By Larry

PLEDGING has arrived and all the brothers with the pledges the best of luck. They will need plenty of it with Jimmy Hall as pledgemaster and Peter Lynch as his able assistant. The pledges are seen to remember the next two weeks of fun and games for a long time to come.

**Phi Sigma Nu**

By Aidn Whiipp

Phi Sigma Nu has been welcomed into the ranks of Phi Sig. Chi Gam and Phi Sig hopes that all will support the Pageant. More information concerning the Pageant will be published and announced within the next month.

**Tau Kappa Epsilon**

By Greg

This is the week! The one in which independents receive their bids and receive a few other things when pledging begins. Rumor has it that Mike will be easy as a pledgemaster, but don’t let his carefully ground hairstyle and easygoing manner fool you. The word is out — look out for his first night.

There have been many events leading up to this; it seems as though the fraternity is having their meetings at Gandels. It was rookie day with Chota leading the way. Too bad he can’t win at cards.

Joe and Pizot seem to have found a new interest in birds. A little bird tells me that Murray may finally ask Sue, his girlfriend, to marry him. It seems that Smithy is expecting another baby while entertaining at his place. Some of the boys are wondering if Big Arnold can ever entertain a girl for more than three dates.

Our basketball team looks great and with a strong nucleus of Steve, Alifie, Greg, Gene, Troopy, and Randy along with some new blood, Phi Sig should be fighting for the lead come play-off time.

**Beta Sigma Omicron**

By "THINK"

The sisters of Beta Sigma Omicron would like to wish the best of luck to sisters Pat Colvin and Jill Michalowski on their recent engagements. That’s two more Beta girls to hit the dust.

Last Friday, the sisters of Phi Sig had a successful Bridal Shower for Ellen Vasconcellos. Ellen made out like a bandit in the gift department and I have to admit that the food and drinks were a hit too.

Interviews were held last week, and the bids will be given out Friday, February 16 until 3:00.

The bowling team is back to work on the oles again and it looks like another good show. The girls are a little rusty after the vacation, but they won’t take long for On high steps in order to win. Ellen must have practiced all vacation because her score was great.

The sisters want to welcome Jan Smith back after a successful semester of student teaching. Welcome back, touch!

Congratulations, Beth!
Greeks (Continued from preceding page)

Beta Sigma Chi

By T. Pasqual

The Brothers of Beta welcome everyone back from semester break and since pledging is just a few weeks away we hope that all survived. Our social pledges are getting in shape for pledging. Next can do one push-up now all by himself. At the close of last semester we had a few changes in offices. Jimmy O'Connor was named President of Beta, Tom Pasqual was elected Publicity Director, and Al "Tug" Ausin was elected Asst. Treasurer. Congratulations. Beta placed two names on the January graduate's list. Good luck to Bobby Weiser and Kevin Wentworth. Here is one more surprise, Kab is active!

Belated congratulations to Dom Cumminare and Marcia Amass on their planning — also to Jim O'Connell and Joyce Monaco, and to Tripp Knox and Barbara Markowitz on their engagements. Best Wishes to Bini Dias and his bride Joan Kosinski. A final congratulations is extended to Brian Allen who has recently joined the Boy Scouts of America.

Tau Epsilon

By Jack Galar

The Brothers of Tau Epsilon would like to congratulate John and Elaine Doherty on their recent marriage and Tom Pierce on his engagement to Carol.

Last week was pledge interviews and all the pledges are now getting ready for pledging which will start tonight. Pledges "beware," because the brothers are turning into animals already and it is not even "Hell Night" yet!

We would like to wish all "Pledges" the best of luck for the next few weeks.

Mr. Bryant, which is Tau Epsilon's annual weekend, is well on its way of planning. It is going to be one of the largest weekends that we have ever presented and it should be a lot of fun for all that attend.

Basketball season is rolling around the corner and this year is looking extremely good for us again.

Paula, thank you for letting us have a party at your place last Friday night. We had a fabulous time.

Alpha Omicron

By Danny

Well, the new semester has begun and all the brothers are back. The brothers would like to wish Tom Brassil the best of luck in his future endeavors.

Again this past semester the Acumms varied considerably. Paul, I don't know how you manage to get a 3.0.

We would like to announce that Bill Doherty and his delegation will be representing Bryant College at the Model Assembly at the United Nations in New York City. Good luck to all of you.

It gives Alpha Omicron the greatest pleasure to announce that Todd Metcalf has pinned Beverly Marrullo of Beta Sigma Omicron Sorority. We would like to express all the luck and happiness for their future (another AO man bites the dust).

Pledging starts today and to our pledges the best of luck.

Till next time — Paul, when will you realize what you are doing?? Smarten up!! Get with the program!!! Barbara — keep working on Bob. He needs to graduate.

Phi Upsilon

By Pamela

Pledging begins today! Best of Luck to all those girls attempting to show their courage and stability. The following two weeks will prove to be most rewarding, I'm sure.

Our Pledge Committee has a fine line of eventful entertainment in store for all their pledges. Good luck, girls — you'll need it!

Welcome back, Student Teachers — I'm sure you couldn't wait to get back. We're also glad all our other sisters made it back too!

"Marjorie Morningstar" scored a tremendous 292 last week in bowling — only one point below the all-time school record. Keep up the good work team; we're on our way to a victory.

Happy Belated Birthday to MARY and ALYCE; did you have a good time last Friday? P Hilis, I hope we'll soon be together. F. P. — no mention of you this week — sorry!

I won't go into business when I graduate because:

- a. I'd lose my individuality.
- b. It's graduate school for me.
- c. My mother wants me to be a doctor.

Can't argue with c), but before you check a) or b) — pencil up! There have been some changes. Drastic changes in the business scene. But changes in the vox populi attitude regarding business . . . especially on campus . . . just haven't kept pace.

Take the belabored point that business turns you into a jellyfish. The man who ran most of the nation's successful firms didn't arrive by nepotism, by trusting an Ouija board, or by agreeing with their bosses. Along the way, a well-modulated "No" was said. And backed up with the savvy and guts today's business demands.

In short, individuality is highly prized in much of the business world—the successful much. Even when the business is big. Like Western Electric, the manufacturing and supply unit of the Bell System.

We provide communications equipment for our Bell System teammates, the Bell telephone companies. This takes a lot of thought, decisions, strong stands for our convictions, and sometimes some mistakes ... we're human, every 160,000 of us.

Individuality pays off. Not only in raises, but in personal reward as well. Like an engineer who knew deep down that there was a better way to make a certain wire connector — and did. Or a WE gal who streamlined time-consuming office procedures, and saved us some $65,000 a year.

Rewards and accolades. For saying "No." For thinking creatively and individually. For doing.

Not every hour is Fun Hour, but if you've got imagination and individuality— you've got it made. With a business like Western Electric. We'll even help you answer b) with our Tuition Refund program. Come on in and go for President!
NATIONAL BROTHERHOOD WEEK OBSERVANCE (Continued)

Inter-Religious Marriages

Inter-religious marriages seem to be one of the favorite topics of Baptist students and that is why on Thursday, February 22, at 7:30 P.M., in the Student Activities Auditorium the Interfaith Council of Baptist University, as part of its brotherhood program, will sponsor a forum on inter-religious marriages. Featured speakers will be Reverend Howard Blunt, Rabbi Vincent Maynard, and Rabbi Nathan Rosen representing the Protestant, Catholic, and Jewish faiths respectively.

Religious Institutions Open House

The church is located about 4 blocks from the school at 206 Angell Street. Services will begin at 9:30 A.M. and coffee and donuts, as well as a question-and-answer period, will follow services.

All Baptist students are urged to attend as many services as possible so they can get a better understanding of other religions. Student do not need tickets to get in to those places of worship, nor do they need to fill out a slip. Any friends or parents are also welcome to attend.

The highlight of the full week for Baptist programs will be open house at selected religious institutions in the area. This unique program for Baptist students and their guests is expected to arouse much interest.

On Friday evening February 23, 1968, at 6:00 P.M., Baptist Students are welcome to attend Friday Sabbath Evening Services at Temple Emanuel, located at the corner of Morris and Yawman Street in Providence. One of the largest synagogues in New England, it is located about 1 mile from the school. Arrangements have been made so the guests can obtain following services to ask any questions they have about the services or the practice of Judaism. They will also have an opportunity to tour the building of the synagogue. If you are interested in attending services and will need a ride, you are asked to fill out the form on this page and return it to the boxes placed in the Student Union or the cafeteria.

Sunday morning, February 25, 1968, at 9:30 A.M., Catholic Mass will be held at St. Joseph’s Parish on Hope Street in Providence. This church is located about a block down Hope Street from the Student Activities Building. All guests will be invited to the school of the church adjacent to the church, for coffee and donuts. Father Hayman will be there to answer any questions.

Also on Sunday morning February 25, 1968, students will be guests at the Congregational Church of Warwick.
